

## Homeowner Minor Amendment Checklist (Legacy Comprehensive Design Zones)

In all Legacy Comprehensive Design Zones, LCD Zones, the building regulations (setbacks, max lot coverages, etc.) are established and different from conventional zones, where regulations are established in the Prince George's County Zoning Ordinance. A Comprehensive Design Plan (CDP) and Specific Design Plan (SDP) is approved by the Planning Board. A Homeowner Minor Amendment to the SDP is required when the improvements increase the original floor area for an addition (sunroom, covered porch or covered deck). Proposed amendments that do not encroach on the setbacks or exceed lot coverages may be reviewed at Planning Director level per [Sec. 27-530\(c\)](#); amendments that do encroach or exceed approved development standards such as setback and lot coverage will most likely require a Planning Board hearing per [Sec. 27-524\(b\)](#), for amendments to both the applicable SDP and the CDP.
