

# DEVELOPMENT REVIEW BULLETIN

**Bulletin No:** 4-2025

**Subject:** Development Review Division Application and Development Tracking Online Portal

**Resource:** Development Review Division

**Date:** 6-10-2025

---

The M-NCPPC Prince George's County Planning Department is providing information to the development community regarding a new online application and development tracking portal. Our DAMS system will soon be replaced by DARTS (Development Application Review and Tracking System).

DARTS will streamline the development process by allowing easy online application submittals where applicants will be able to upload files and plans, receive review comments and view the current status of their projects in one easy location. Implementation is expected to begin toward the end of June 2025.

For questions, please contact Sherri Conner, Acting Development Review Planning Division Chief, at [sherri.conner@ppd.mncppc.org](mailto:sherri.conner@ppd.mncppc.org).
