PGCPB No. 2026- [insert resolution number]

R E S O L U T I O N

WHEREAS, the Prince George's County Zoning Ordinance provides procedures for the comprehensive rezoning of planning areas, combinations of planning areas, portions of planning areas, or portions of areas subject to an Area Master Plan or Sector Plan or amendment thereto in Prince George's County by adoption of a Sectional Map Amendment; and

WHEREAS, on October 24, 2023, the County Council of Prince George's County, Maryland, sitting as the District Council, pursuant to Section 27-3503(b)(1)(A)(i) of the Zoning Ordinance, adopted CR-094-2023, thereby authorizing initiation of a Sectional Map Amendment concurrent with the initiation of the Port Towns Sector Plan; and

WHEREAS, the boundaries of this Sectional Map Amendment are congruent to those of the Port Towns Sector Plan and are depicted on Map 1 of this Resolution; and

WHEREAS, pursuant to Section 27-3503(a)(2) of the Zoning Ordinance, this Sectional Map Amendment was prepared and reviewed concurrently with the Port Towns Sector Plan; and

WHEREAS, this Sectional Map Amendment covers the portion of the Prince George's County Zoning Map identified in Map 1 of this Resolution, which is located within Planning Areas 68 and 69, adopted into the Maryland-Washington Regional District on April 26, 1927; and

WHEREAS, the Zoning Map for this plan area became effective on April 1, 2022, pursuant to Council Resolution CR-136-2021, the Countywide Sectional Map Amendment, approved on November 29, 2021; and

WHEREAS, comprehensive rezoning of portions of the plan area previously occurred on May 4, 1994, pursuant to approval of CR-53-1994, the *Approved Master Plan and Sectional Map Amendment for Bladensburg-New Carrollton and Vicinity (Planning Area 69)*, on May 17, 1994, pursuant to approval of CR-45-1994, the *Approved Master Plan and Sectional Map Amendment for Planning Area 68*, on June 12, 2007, pursuant to approval of CR-39-2007, the *Approved Bladensburg Town Center Sector Plan and Sectional Map Amendment*, and on

October 6, 2009, pursuant to approval of CR-72-2009, the *Approved Port Towns Sector Plan and Sectional Map Amendment*; and

WHEREAS, additional amendments of the Zoning Map are necessary to implement, and bring the zoning of the Port Towns sector into conformance with, the concurrent Port Towns Sector Plan; and

WHEREAS, pursuant to Section 27-3407(b)(1) of the Zoning Ordinance, the Planning Board notified all owners of land within the boundaries of this Sectional Map Amendment for which a change in zoning is proposed of the joint public hearing; and

WHEREAS, pursuant to existing Sections 27-3407(b)(1) and 27-3502(d)(3) of the Zoning Ordinance, the Planning Board notified all municipalities lying, wholly or in part, within, or within 1 mile of, the boundaries of the land subject to this Sectional Map Amendment of the joint public hearing; and

WHEREAS, no property was zoned by zoning map amendment within five years prior to the initiation of this Sectional Map Amendment, therefore, the limitation in Section 27-3503(a)(5)(A) of the Zoning Ordinance does not apply; and

WHEREAS, the Port Towns Sector Plan does not recommend any modifications to the Chesapeake Bay Critical Area, Intense Development Zone (CBCAO/IDO) or the Chesapeake Bay Critical Area, Resource Conservation Overlay Zone (CBCAO/RCO); and

WHEREAS, Section 27-3503(a)(5)(B) of the Zoning Ordinance provides that no property may be zoned to a less intense category if, based on existing physical development at the time of adoption of the sectional map amendment, the zoning would create a nonconforming use, but this zoning may be approved, however, if there is a significant public benefit to be served by the zoning based on facts peculiar to the subject property and the immediate neighborhood, and in recommending the zoning, the Planning Board shall identify these properties and provide written justification supporting the zoning at the time of transmittal; and

WHEREAS, the properties identified by Tax identification numbers 1811694, 1796572, 1811702, 1811710, 1811728, and 1822725, Tax Map and Grid 042C4, are being recommended for a less intense zone resulting in the creation of nonconforming uses and pursuant to Section 27-3503(a)(5)(B) of the Zoning Ordinance the Planning Board has provided written justification supporting the zoning recommendation under Zoning Change 49 below; and

WHEREAS, pursuant to Section 27-3503(b)(4)(F)(i) of the Zoning Ordinance, the acceptance and processing of Zoning Map Amendment applications within the area subject to

this Sectional Map Amendment shall be postponed until final action on this Sectional Map Amendment by the District Council; and

WHEREAS, pursuant to Section 27-3503(b)(4)(F)(ii) of the Zoning Ordinance, the Department of Permitting, Inspections and Enforcement shall postpone the processing and issuance of building permits within the area of this Sectional Map Amendment until after final action on this Sectional Map Amendment if the lot or parcel of land on which construction is proposed is in a Nonresidential zone, is proposed by the Planning Board for a zone in which the proposed use is not permitted, and is undeveloped; and

WHEREAS, pursuant to Section 27-3503(b)(4)(F)(iii) of the Zoning Ordinance, until final action on this Sectional Map Amendment, the processing of Zoning Map Amendment applications within the area subject to this Sectional Map Amendment by the Zoning Hearing Examiner shall be postponed and Zoning Map Amendment applications pending before the District Council in the area covered by the proposed sectional map shall be remanded to and held by the Zoning Hearing Examiner; and

WHEREAS, pursuant to Section 27-3502(d)(2), (4), and (5) of the Zoning Ordinance, this proposed Sectional Map Amendment was released for public review as authorized by the Planning Board on *[insert date]*, concurrent to the Preliminary Draft Port Towns Sector Plan; and

WHEREAS, pursuant to Section 27-3502(d)(3) of the Zoning Ordinance, a copy of this proposed Sectional Map Amendment was transmitted to the County Executive and each municipality whose territorial boundaries are within or are located within one mile of the area of this Sectional Map Amendment for their comments; and

WHEREAS, the District Council and the Prince George's County Planning Board of The Maryland-National Capital Park and Planning Commission held a duly advertised joint public hearing on *[insert date]*; and

WHEREAS, pursuant to Section 27-3502(f)(4) of the Zoning Ordinance, the Planning Board adopted the concurrent Port Towns Sector Plan on *[insert date]*; and

WHEREAS, Section 27-3502(g)(9) of the Zoning Ordinance permits the District Council to approve any portion of this Sectional Map Amendment that is contrary to the recommendation of a municipality concerning land within its boundaries by a two-thirds majority vote; and

WHEREAS, the purpose of the proposed Port Towns Sectional Map Amendment is to protect the health, safety, and general welfare of all citizens in Prince George's County; and

WHEREAS, approval of this Sectional Map Amendment will result in the revision of the official 1 inch = 200 feet scale Zoning Maps for the Port Towns Sector; and

WHEREAS, this Sectional Map Amendment conforms with the applicable requirements of Sections 27-3502 and 27-3503 of the Zoning Ordinance; and

WHEREAS, the Prince George's County Planning Board must make its recommendation in accordance with Section 27-3503(b)(5), Sectional Map Amendment Decision Standards; and

WHEREAS, the Prince George's County Planning Board finds this Sectional Map Amendment to be in accordance with Section 27-3503(b)(5), Sectional Map Amendment Decision Standards; and

NOW, THEREFORE, BE IT RESOLVED, that the Prince George's County Planning Board of The Maryland-National Capital Park and Planning Commission does hereby endorse this Sectional Map Amendment for the Port Towns Sector by this resolution and recommends that it be approved as an amendment to the Zoning Map for that portion of the Maryland-Washington Regional District in Prince George's County;

BE IT FURTHER RESOLVED that, in accordance with Section 27-3502(f)(6)(B) of the Prince George's County Zoning Ordinance, a copy of this endorsed Sectional Map Amendment and its concurrent adopted sector plan will be transmitted to the County Executive and to each municipality within, or within one mile of, the area of the Sectional Map Amendment; and

BE IT FURTHER RESOLVED that the Prince George's County Planning Board finds that the Sectional Map Amendment has been prepared in accordance with the requirements of Sections 27-3502 and 27-3503 of the Zoning Ordinance; and

BE IT FURTHER RESOLVED that, while this Sectional Map Amendment rezones property in the Port Towns Sector, this Sectional Map Amendment does not amend the CBCAO/IDO Zone or the CBCAO/RCO Zone, and therefore carries forward these Overlay Zones as they currently exist; and

BE IT FURTHER RESOLVED that the endorsed Sectional Map Amendment comprises the text, tables, maps, and graphics set forth in this resolution, and the following areas are reclassified as part of this action, consistent with the recommendations of the *Adopted Port Towns Sector Plan*:

Zoning Class	Existing Acreage
Chesapeake Bay Critical Area, Intense Development (IDO)	185.15
Chesapeake Bay Critical Area, Resource Conservation (RCO)	445.27

Note: Zoning Change Maps within this Proposed SMA are for illustrative purposes only and may not reflect the exact dimensions/size of a proposed change in zoning; upon approval of this SMA, zoning reclassifications will be mapped to exclude public rights-of-way.

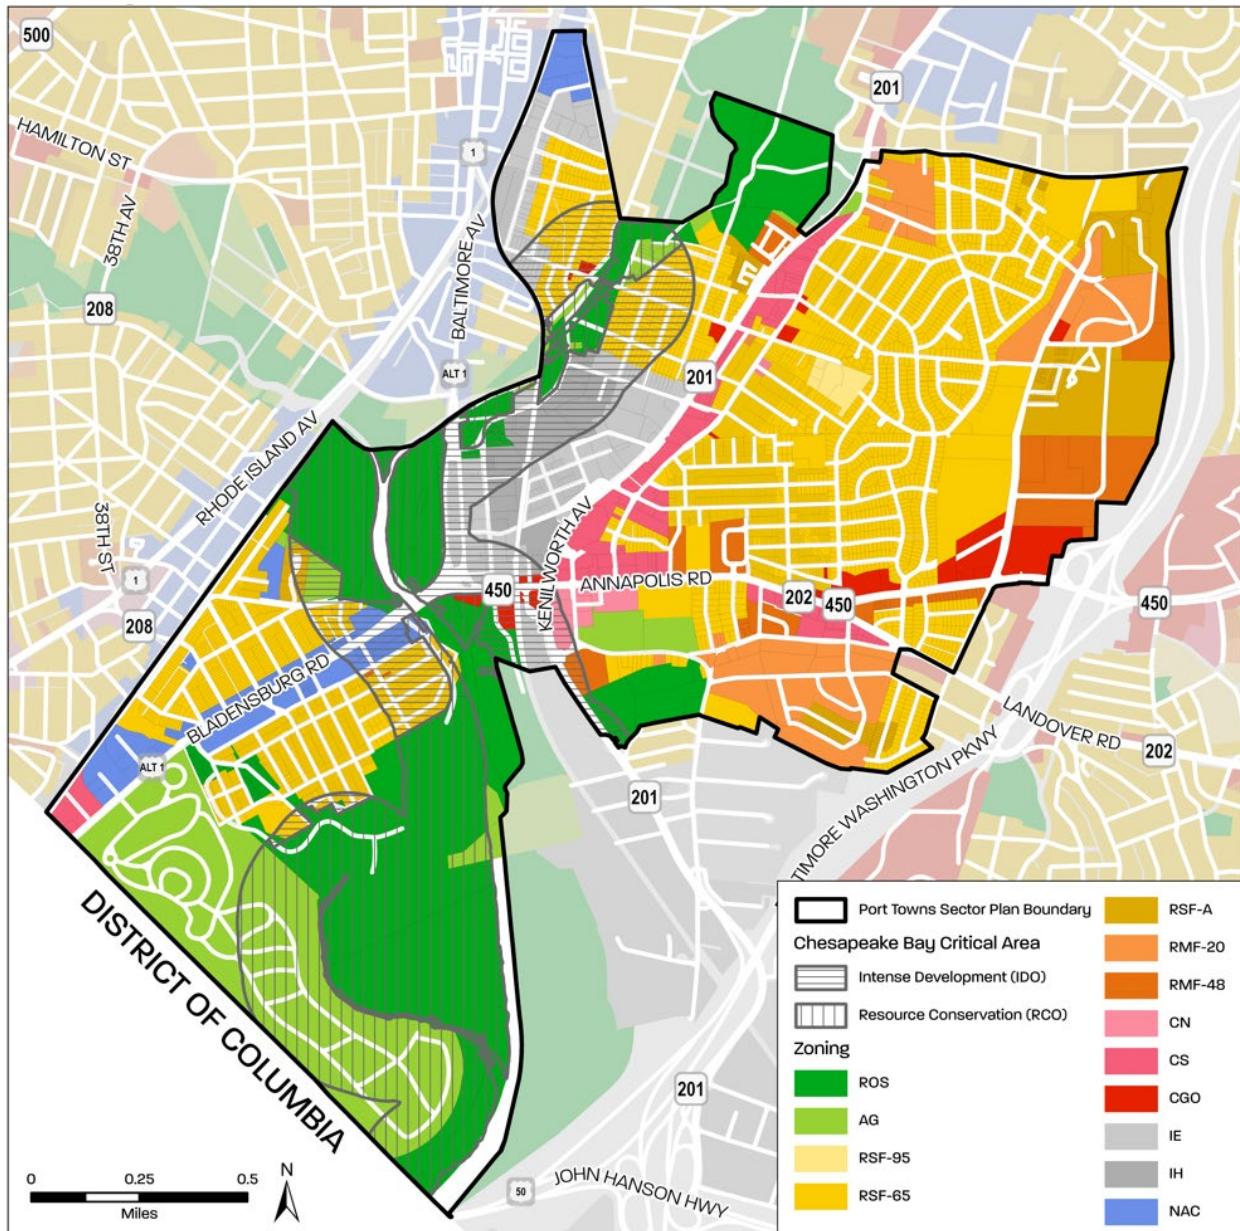

² The acreages shown in the tables in this Sectional Map Amendment are estimates of acreage to be rezoned; the actual acreage will depend on future engineering surveys. In approving the Zoning Maps, the District Council is approving the boundary lines, not a precise acreage amount.

³ The presence of overlay zones is noted in this SMA, in the text and maps, for reference only. This SMA makes no amendments to any overlay zones. The CBCAO Overlay zones are subject to their own procedures for establishment and amendment as set forth in the Zoning Ordinance in Section 27-4400. In the areas where there is an overlay zone, this SMA only changes the underlying base zones.

Zoning Change 1: CS to NAC⁴

Change Number	Zoning Change	Area of Change (Acres)	Approved CMA/SMA/ TDOZMA/ ZMA/ SE Number	Approved CMA/SMA/ TDOZMA/ ZMA/SE Date	200' Scale Index Map
1	CS to NAC	5.48	CMA	April 1, 2022	204NE03
			SMA	October 6, 2009	
			SMA	May 17, 1994	

These properties are located in Cottage City, adjacent to the District of Columbia line on US 1 Alt (Bladensburg Road), within the Port Towns Neighborhood Center, and are part of Opportunity Site E: Eastgate Industrial Center as indicated in the Adopted Port Towns Sector Plan. The Future Land Use Map in the Adopted Port Towns Sector Plan recommends mixed-use uses for these properties (See Map 8. Proposed Future Land Use (LU Map 3) and Strategy LU 1.1 in the Adopted Sector Plan and Map 4. Zoning Change (ZC) 1: CS to NAC below).

The current zoning classification of Commercial, Service (CS), allowing auto-oriented commercial uses and horizontal mixed-use development, limiting the potential for new compact, walkable, and vertical mixed-use opportunities envisioned in the Adopted Port Towns Sector Plan.⁵ Additionally, the CS zone only permits 20 dwelling units per net acre (du/ac of net lot), which will not provide the density needed for redevelopment financial feasibility to meet the vision of the Adopted Sector Plan's Opportunity Site E: Eastgate Industrial Center. This is particularly significant given the area's suitability as a gateway between the District of Columbia and Prince George's County.

The Neighborhood Activity Center (NAC) zone supports mixed-use centers that serve local neighborhood needs, are walkable and bikeable areas, and permits medium-high density mixed-use developments. This reclassification implements Strategy LU 4.2 and aligns these properties with the intent of the Adopted Sector Plan's neighborhood center designation and meets the requirements of the Zoning Ordinance Transit-Oriented/Activity Center Base Zones criteria in Section 27-4204(b)(2)(A). It also supports Policies LU 4, LU 5, LU 7, EP 4, EP 5, EP 8, and their associated Strategies, to ensure neighborhood serving, compact, medium-high density development near transit and multi-modal infrastructure and support the conceptual mixed-use redevelopment in Opportunity Site E: Eastgate Industrial Center per the Adopted Port Towns Sector Plan.

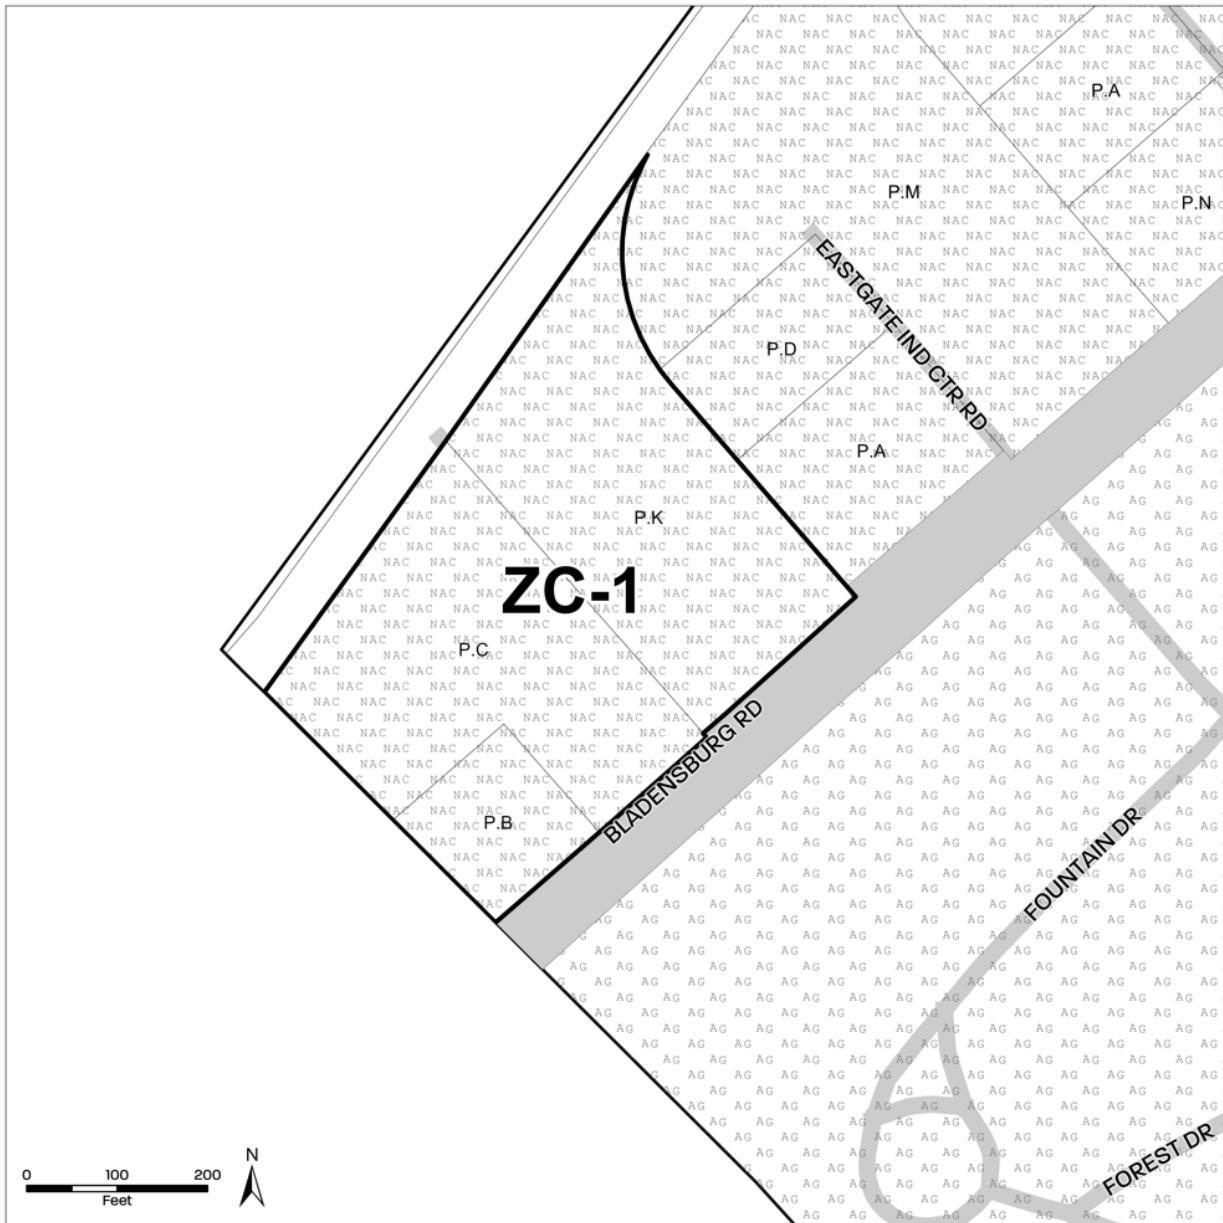

⁴The acreages shown in the tables in this Sectional Map Amendment are estimates of acreage to be rezoned; the actual acreage will depend on future engineering surveys.

Zoning Change 2: IE, IH, CGO, CS, CN, RSF-65, and AG to NAC

Change Number	Zoning Change	Area of Change (Acres)	Approved CMA/SMA/ TDOZMA/ ZMA/SE Number	Approved CMA/SMA/ TDOZMA/ ZMA/SE Date	200' Scale Index Map
2	IE, IH, CGO, CS, CN, RSF-65, and AG to NAC	42.90	CMA	April 1, 2022	205NE04
			SMA	October 6, 2009	
			SMA	June 12, 2007	
			SE-4400	December 26, 2000	
			SMA	May 17, 1994	
			SE-3937	August 1, 1989	
			SE-2983	June 19, 1975	
			SE-2265	February 3, 1970	
			SE-1022	April 1, 1964	

These properties are located in the Town of Bladensburg and within the Port Towns Neighborhood Center as depicted in the Adopted Port Towns Sector Plan. They encompass the north and south side of MD 450 (Annapolis Road), extending between US 1 Alt (Baltimore Avenue) and Bladensburg Elementary School, and are near prominent landmarks within the Port Towns (e.g., Peace Cross, Bladensburg Waterfront Park, Bladensburg Branch Library, and Bostwick House). Some of these parcels are publicly owned and are indicated in *Table 5* below. The Future Land Use Map in the Adopted Sector Plan recommends mixed-use uses on these properties (see Map 8. Proposed Future Land Use (LU Map 3) and Strategy LU 1.1 in the Adopted Sector Plan and Map 5. Zoning Change (ZC) 2: IE, IH, CGO, CS, CN, RSF-65, and AG to NAC below).

The current zoning classifications of these properties are Industrial, Employment (IE) Zone; Industrial, Heavy (IH) Zone; Commercial, General and Office (CGO) Zone; Commercial, Service (CS) Zone; Commercial, Neighborhood (CN) Zone; Residential, Single-Family-65 (RSF-65) Zone; and Agriculture and Preservation (AG) Zone; which generally allow for a variety of industrial, commercial, residential, and open space uses. The current auto-oriented site layouts, with surface parking lots and set-back buildings with parking in front of the buildings are incompatible with the Adopted Sector Plan's vision for this neighborhood center.

The Neighborhood Activity Center (NAC) zone supports mixed-use centers that serve local neighborhood needs, is walkable and bikeable, and permits medium-high density development. This reclassification implements Strategy LU 4.2 and aligns these properties with the intent of the Adopted Sector Plan's center designation, meets the requirements of the Zoning Ordinance Transit-Oriented/Activity Center Base Zones criteria in Section 27-4204(b)(2)(A). It also

implements or supports Policies LU 3, LU 4, LU 5, LU 7, EP 2, EP 4, EP 5, EP 8, HD 2, HD 7, and applicable supporting Strategies to ensure neighborhood serving, compact, medium-high density near transit with multi-modal infrastructure per the Adopted Sector Plan.

This reclassification also supports the conceptual mixed-use redevelopment recommendations for Site D: Peace Cross Industrial Area and Site G: Port of Bladensburg Shopping Center in the Adopted Sector Plan. These recommendations and the reclassification to NAC will facilitate the land surrounding Peace Cross area to be a walkable, sustainable, and vibrant community center that seamlessly integrates housing, commercial establishments, and public amenities, fostering long-term growth and enhancing connectivity within the Port Towns.

Some of these properties are in the Chesapeake Bay Critical Area, Intense Development Overlay Zone and this SMA makes no amendments to the overlay zone; it carries forward the overlay and only changes the underlying base zone. Zoning Change 2 does not remove any properties from the Chesapeake Bay Critical Area, Intense Development Overlay Zone.

3	IE and AG to ROS	1.60	CMA	April 1, 2022	205NE04
			SMA	October 6, 2009	
			SMA	June 12, 2007	

These properties are located in the Town of Bladensburg at the intersection of US 1 Alt (Bladensburg Road), US 1 Alt (Baltimore Avenue), and MD 450 (Annapolis Road). The subject properties are also within the Port Towns Neighborhood Center as depicted in the Adopted Port Towns Sector Plan. As indicated in *Table 6* below, these parcels are publicly owned. Current uses on these properties include Bladensburg Balloon Park Historic Site and Peace Cross Historic Site. The Future Land Use Map in the Adopted Sector Plan recommends parks and open space uses on these subject properties (see Map 8. Proposed Future Land Use (LU Map 3) and Strategy LU 1.1 in the Adopted Sector Plan and Map 6: Zoning Change (ZC) 3: IE and AG to ROS below).

These parcels are currently classified as Industrial, Employment (IE) Zone and Agricultural-Residential (AG) Zone, which allow for light industrial, residential, agricultural, and nonintensive recreational uses, which do not support the current use and the future land use of the property.

The Reserved Open Space (ROS) Zone is intended for protecting scenic and environmentally sensitive areas, ensuring the retention of certain areas for non-intensive, active, or passive recreation uses, and providing for a limited range of public, recreational, and agricultural uses (see Zoning Ordinance Section 27-4201(c)(1)). This reclassification implements the land use and zoning recommendations in the Adopted Sector Plan's Strategy LU 2.1. It also supports the Adopted Sector Plan's recommendations for the Opportunity Site D: Peace Cross Industrial Area's "Sponge City" concept and preserves historic sites and land close to the Anacostia River for long-term parks to ensure access to recreational amenities and war memorials, for future generations as development occurs. It also maintains open space to preserve important ecosystem services that will complement the adjacent community and future neighboring development. Furthermore, it also implements or supports Policies LU 2, LU 3, NE 1, NE 3, NE 4, HD 7, HC 7, PF 3, PF 4, PF 5, PF 6, PF 10, and their associated strategies in the Adopted Sector Plan.

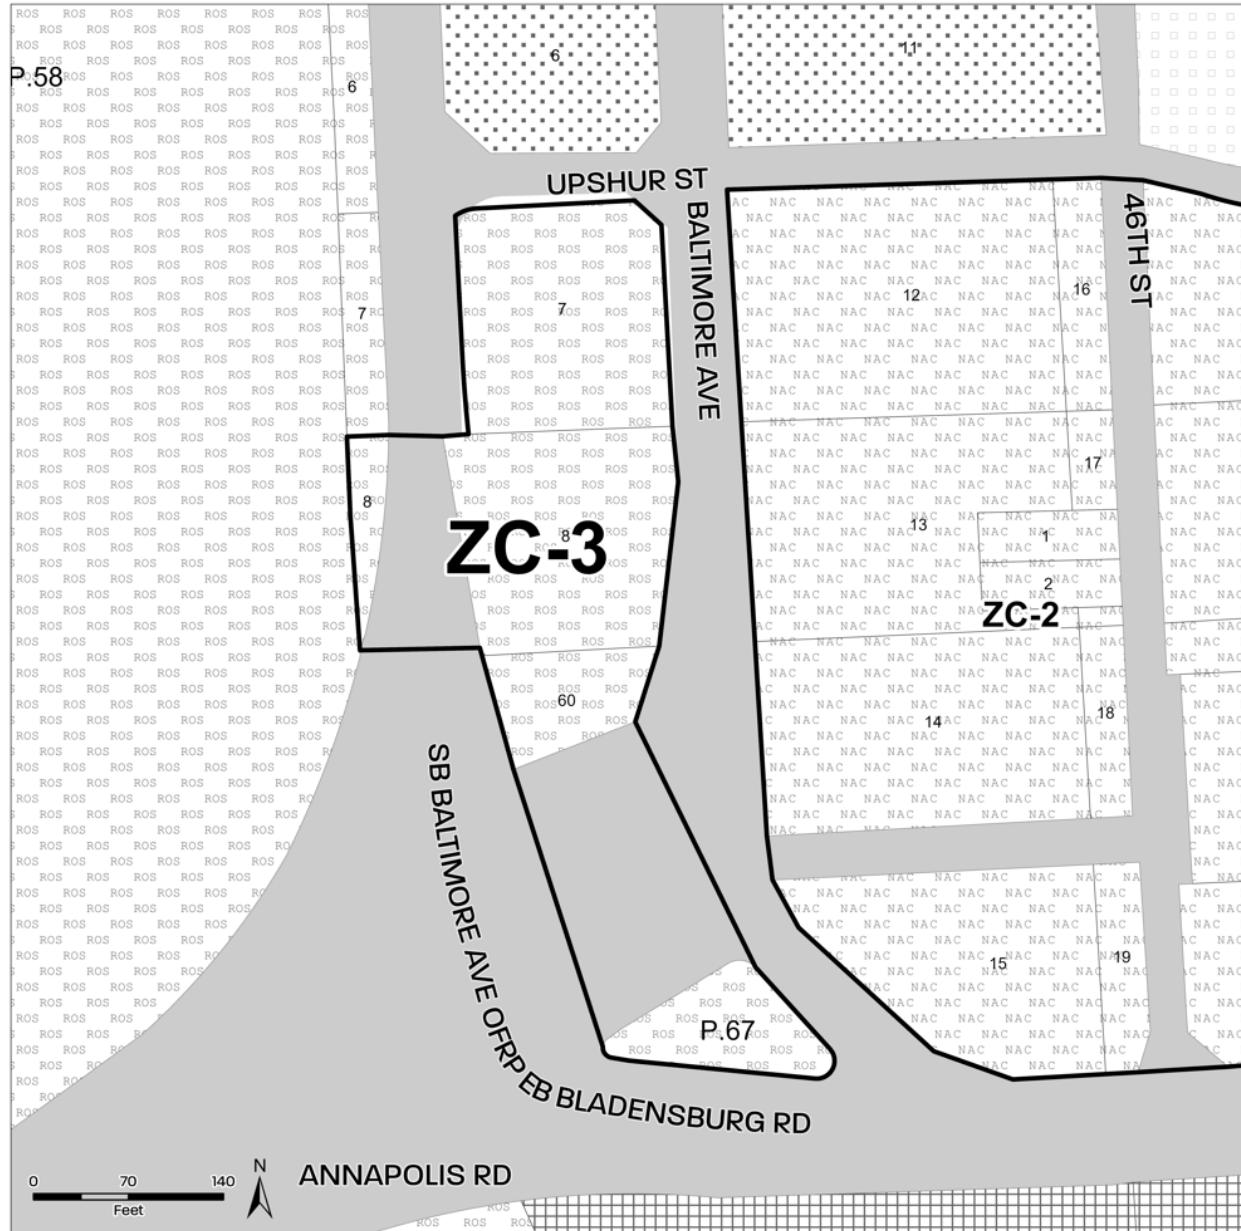

These properties are in the Chesapeake Bay Critical Area, Intense Development Overlay Zone, and this SMA makes no amendments to the overlay zone; it carries forward the overlay and only

changes the underlying base zone. Zoning Change 3 does not remove any properties from the Chesapeake Bay Critical Area, Intense Development Overlay Zone.

4	RSF-65 to ROS	3.32	CMA	April 1, 2022	205NE03
			SMA	October 6, 2009	

The subject property is in Cottage City, is owned by M-NCPPC, and consists of Dueling Branch Park (Park ID: N17) and Dueling Creek, a tributary to the West Branch of the Anacostia River. The property extends from the railroad tracks to US 1 Alt (Bladensburg Road). The Future Land Use Map in the Adopted Sector Plan recommends parks and open space uses on this property (see Map 8. Proposed Future Land Use (LU Map 3) and Strategy LU 1.1 in the Adopted Sector Plan and Map 7. Zoning Change (ZC) 4: RSF-65 to ROS below).

The current zoning classification of this property is Residential, Single-Family-65 (RSF-65), which is intended to provide for and encourage variation in the size, shape, and width of single-family detached residential subdivision lots (see Zoning Ordinance Section 27-4202(e)(1)). This zoning designation is inconsistent with the recorded plat for this parcel. Plat Book NLP 99, p. 36 in the County Land Records dedicates this parcel as Dueling Branch Neighborhood Park and shows the building restriction lines for the adjacent subdivision in Plat Book BDS 1, p. 10. The building restriction lines are intended to maintain this parcel as open space.

The Reserved Open Space (ROS) Zone is intended for protecting scenic and environmentally sensitive areas, ensuring the retention of certain areas for non-intensive, active, or passive recreation uses, and providing for a limited range of public, recreational, and agricultural uses (see Zoning Ordinance Section 27-4201(c)(1)). The property contains numerous environmental features, including existing woodland, steep slopes, Dueling Creek, and regulated areas of the Green Infrastructure Network. This reclassification implements the land use and zoning recommendations in the Adopted Sector Plan's Strategy LU 2.1.

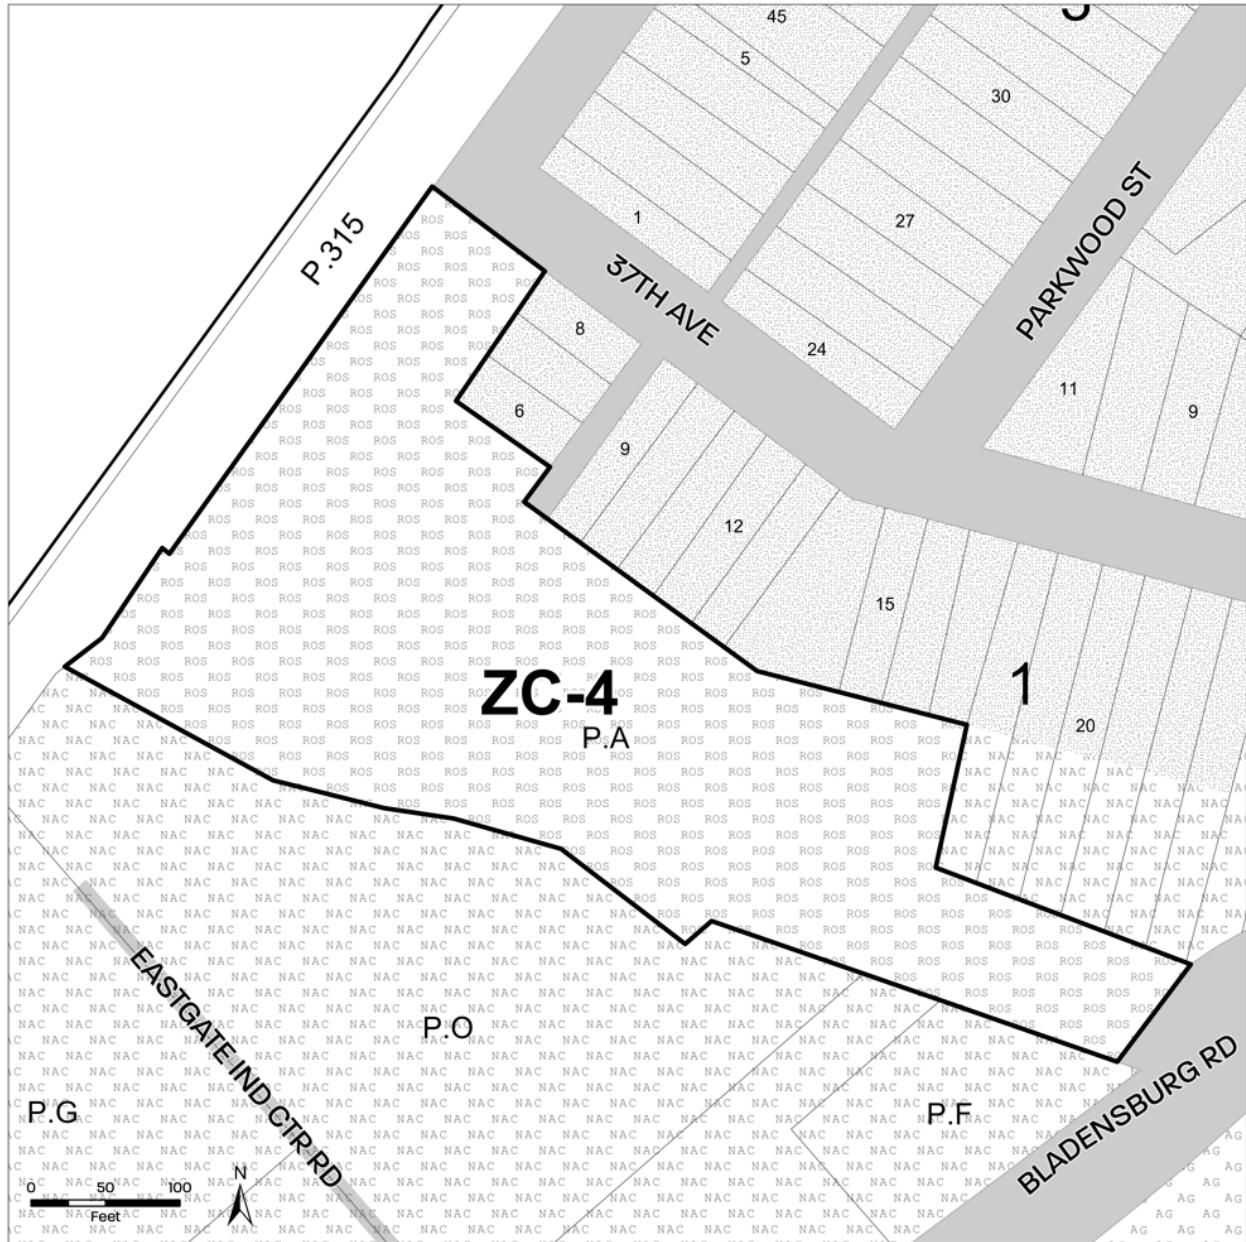

This parcel presents a unique opportunity for environmental restoration and community enhancement by implementing Policies LU 2, LU 3, NE 1, NE 2, NE 3, HD 7, HC 7, PF 6, and their associated strategies of the Adopted Sector Plan. These policies and strategies aim to create a broader interconnected corridor of open spaces to improve access to passive recreation opportunities, provide innovative and natural stormwater management solutions, and enhance ecological value within the sector plan boundary. Finally, this reclassification supports connectivity and holistic urban planning, enhancing access to green spaces for community members while promoting sustainable development.

Zoning Change 5: RSF-65 to ROS

Change Number	Zoning Change	Area of Change (Acres)	Approved CMA/SMA/ TDOZMA/ ZMA/SE Number	Approved CMA/SMA/ TDOZMA/ ZMA/SE Date	200' Scale Index Map
5	RSF-65 to ROS	0.08	CMA	April 1, 2022	204NE03
			SMA	October 6, 2009	

This property is owned by the Town of Colmar Manor and is located at the intersection of 38th Avenue and Lawrence Street. The Future Land Use Map in the Adopted Sector Plan recommends Parks and Open Space (see Map 8. Proposed Future Land Use (LU Map 3) and Strategy LU 1.1 in the Adopted Sector Plan and Map 8. Zoning Change (ZC) 5: RSF-65 to ROS below).

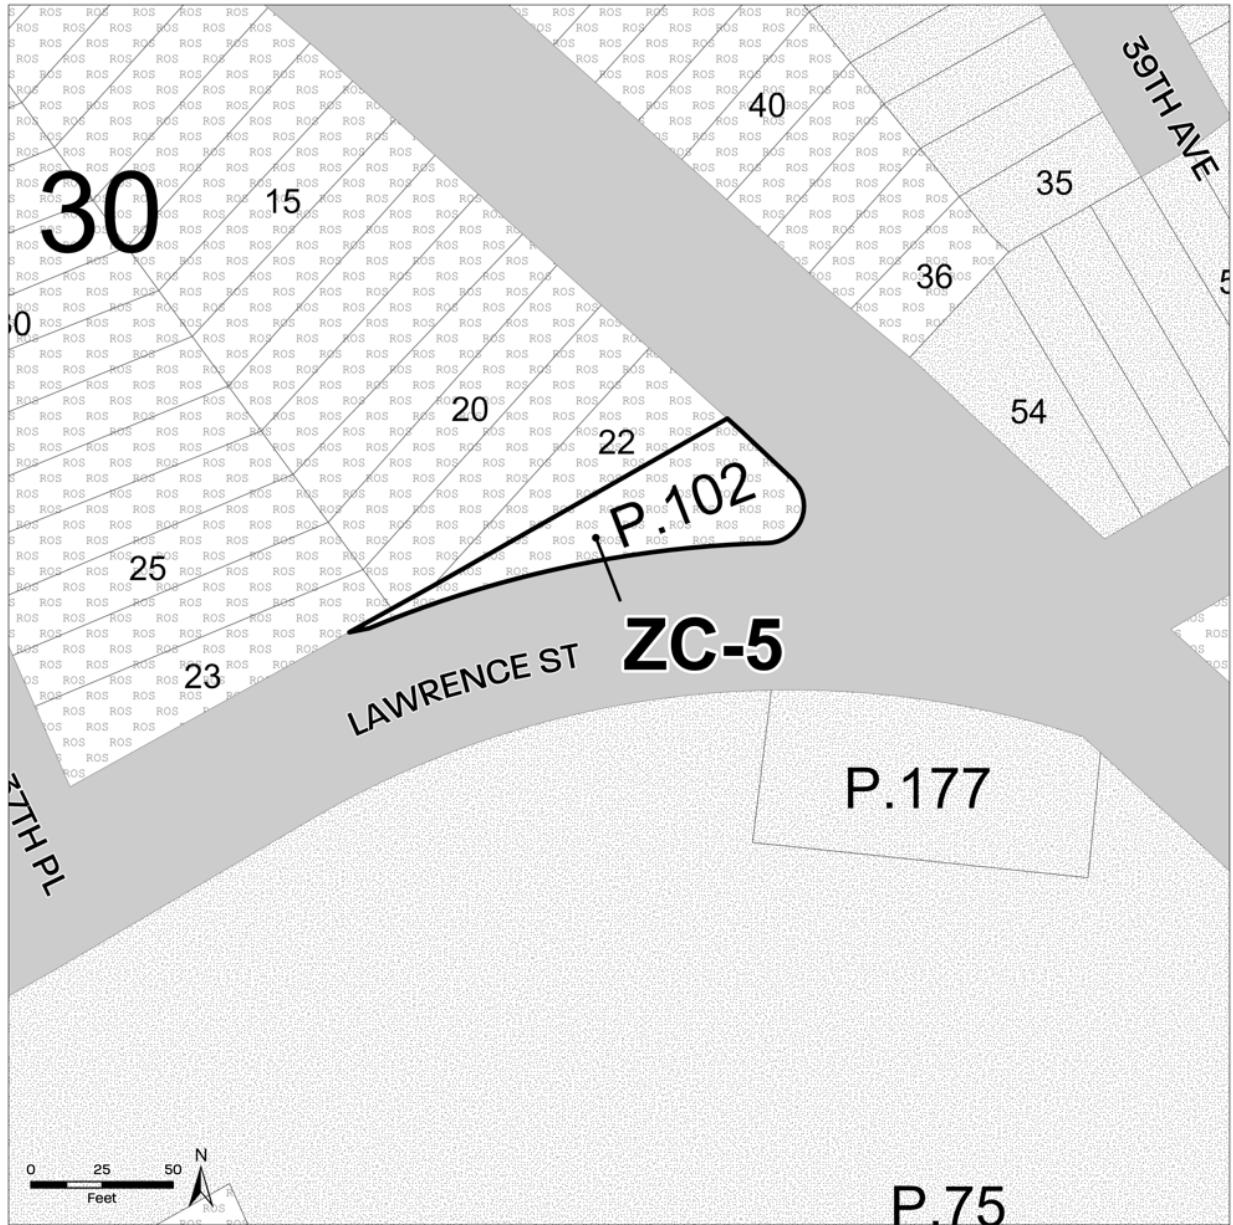

This parcel is currently classified in the Residential, Single-Family-65 (RSF-65) zone, a designation that does not align with the existing condition of the site. The property includes existing woodlands, steep slopes, riparian corridors along the West Branch of the Anacostia River that runs through the eastern end of the property, and regulated areas of the Green Infrastructure Network. The property is less than a tenth of an acre in size, and is separated from other residential areas by the adjacent parcels that are preserved as parks and open space as part of the Anacostia River Stream Valley Park and zoned Reserved Open Space (ROS). This reclassification implements the land use and zoning recommendations in the Adopted Sector Plan's Strategy LU 2.1. It also brings this property into alignment with the neighboring park parcels and is intended for protecting scenic and environmentally sensitive areas, ensuring the retention of certain areas for non-intensive, active or passive recreational uses as recommended in Policy NE 1 and Strategy NE 1.8 of the Adopted Sector Plan.

The reclassification also implements or supports Strategy PF 3.5 of the Adopted Sector Plan.

Table 8: Parcels Subject to ZC 5

ZC	Address	Tax Map and Grid	Tax Account	Description	Lot	Block	Parcel	Ownership
ZC 5	0 Lawrence Street	050B4	0102467	COLMAR MANOR	N/A	N/A	102	Municipal

Zoning Change 6: RSF-65 to ROS

Change Number	Zoning Change	Area of Change (Acres)	Approved CMA/SMA/ TDOZMA/ ZMA/SE Number	Approved CMA/SMA/ TDOZMA/ ZMA/SE Date	200' Scale Index Map
6	RSF-65 to ROS	0.28	CMA	April 1, 2022	205NE03
			SMA	October 6, 2009	

This property is located at 4222 Cottage Terrace and is located in and owned by the Town of Cottage City. The property is currently used as a community garden. The Future Land Use Map in the Adopted Sector Plan recommends Parks and Open Space (see Map 8. Proposed Future Land Use (LU Map 3) and Strategy LU 1.1 in the Adopted Sector Plan and Map 9. Zoning Change (ZC) 6: RSF-65 to ROS, Zoning Change (ZC) 7: AG to ROS, and Zoning Change (ZC) 8: RSF-65 to ROS below).

This parcel is currently classified in the Residential, Single-Family-65 (RSF-65) zone, a designation that allows higher density single-family residential development. While both the ROS and RSF-65 zones permit community gardens, the ROS zone is specifically designed to support open space, conservation, and civic uses making it a more natural and compatible setting for community garden. In contrast, RSF-65 is primarily intended for residential development. ROS offers a more supportive and purpose-driven environment for establishing and sustaining community gardens. This reclassification implements the land use and zoning recommendations in the Adopted Sector Plan's Strategy LU 2.1. The Reserved Open Space (ROS) classification will not restrict the town's ability to use the site and reflects the long-term public use of the property as recommended in Policies HC 4 and HC 5.

The reclassification also implements or supports Policy NE 7 and Strategies HC 6.3 and HC 7.2.

Table 9. Parcels Subject to ZC 6

7	AG to ROS	5.53	CMA	April 1, 2022	205NE03
			SMA	October 6, 2009	

These parcels are owned by M-NCPPC and are located at 4200 Bunker Hill Road in Cottage City. These parcels are contiguous with the Anacostia Stream Valley Park and are currently utilized as a park (Cottage City Park). The Future Land Use Map in the Adopted Sector Plan recommends Parks and Open Space (see Map 8. Proposed Future Land Use (LU Map 3) and Strategy LU 1.1 in the Adopted Sector Plan and Map 9. Zoning Change (ZC) 6: RSF-65 to ROS, Zoning Change (ZC) 7: AG to ROS, and Zoning Change (ZC) 8: RSF-65 to ROS below).

The subject properties are presently zoned Agriculture and Preservation (AG). The proposed reclassification is intended to implement Policy LU 2 of the Adopted Sector Plan by facilitating the integration and long-term preservation of critical natural areas and environmentally sensitive features. It also implements the land use and zoning recommendations in the Adopted Sector Plan's Strategy LU 2.1. Additionally, it supports Policy PF 5 by enhancing the utilization of existing park infrastructure through improved programming and strategic management of open space resources. This reclassification also implements or supports Policy NE 7 and Policy HC 8.

Some of these properties are in the Chesapeake Bay Critical Area, Intense Development Overlay Zone and this SMA makes no amendments to the overlay zone; it carries forward the overlay and only changes the underlying base zone. Zoning Change 7 does not remove any properties from the Chesapeake Bay Critical Area, Intense Development Overlay Zone.

Table 10. Parcels Subject to ZC 7

ZC	Address	Tax Map and Grid	Tax Account	Description	Lot	Block	Parcel	Ownership

Zoning Change 8: RSF-65 to ROS

Change Number	Zoning Change	Area of Change (Acres)	Approved CMA/SMA/ TDOZMA/ ZMA/SE Number	Approved CMA/SMA/ TDOZMA/ ZMA/SE Date	200' Scale Index Map
8	RSF-65 to ROS	0.06	CMA	April 1, 2022	205NE04
			SMA	October 6, 2009	

This parcel owned by Prince George's County is located at the end of Bunker Hill Road, serving as a trailhead for the Anacostia River Trail. The Future Land Use Map in the Adopted Sector Plan recommends Parks and Open Space (see Map 8. Proposed Future Land Use (LU Map 3) and Strategy LU 1.1 in the Adopted Sector Plan and Map 9. Zoning Change (ZC) 6: RSF-65 to ROS, Zoning Change (ZC) 7: AG to ROS, and Zoning Change (ZC) 8: RSF-65 to ROS below).

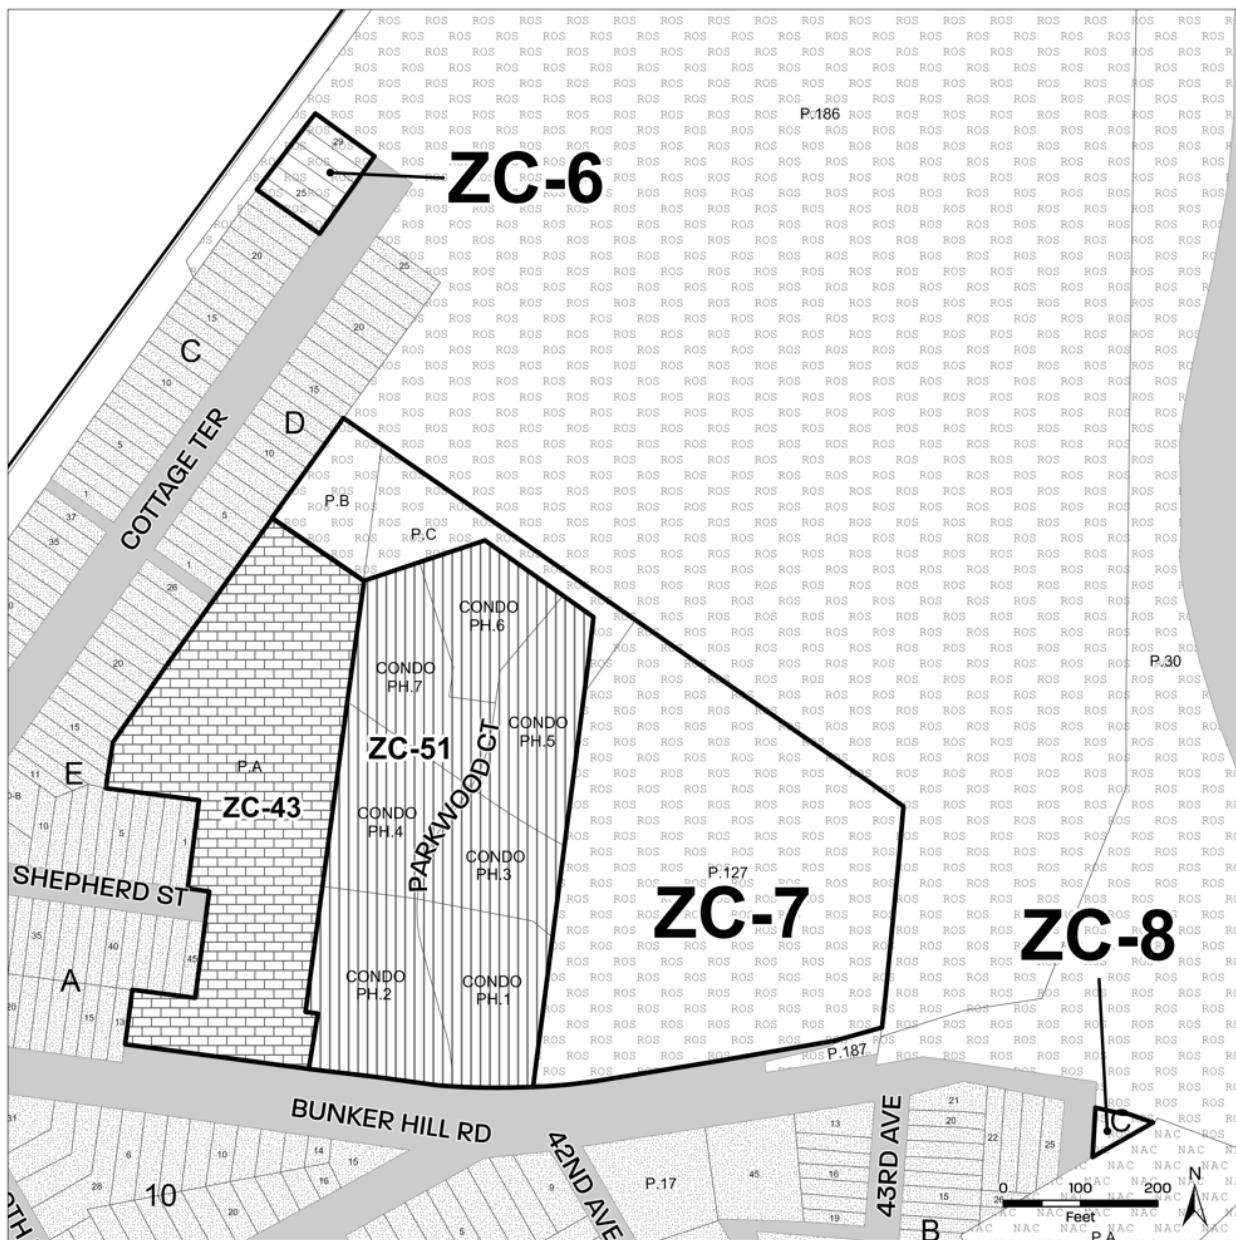

This parcel is currently zoned Residential, Single-Family-65 (RSF-65), a classification that permits higher-density single-family residential development. However, this designation is not conducive to preserving the land as open space, which is essential for protecting the Anacostia River, its surrounding buffer zones, and aligning with the property's intended future land use. Therefore, applying Reserved Open Space (ROS) enhances access to green space and the Anacostia River, while also promoting the health and well-being of residents, as recommended in Policy HC 7 and Strategy HC 7.3. This reclassification also implements the land use and zoning recommendations in the Adopted Sector Plan's Strategy LU 2.1.

The property is in the Chesapeake Bay Critical Area, Intense Development Overlay Zone and this SMA makes no amendments to the overlay zone; it carries forward the overlay and only changes the underlying base zone. Zoning Change 8 does not remove any properties from the Chesapeake Bay Critical Area, Intense Development Overlay Zone.

Zoning Change 9: RSF-65 to ROS

Change Number	Zoning Change	Area of Change (Acres)	Approved CMA/SMA/ TDOZMA/ ZMA/SE Number	Approved CMA/SMA/ TDOZMA/ ZMA/SE Date	200' Scale Index Map
9	RSF-65 to ROS	0.46	CMA	April 1, 2022	204NE04
			SMA	October 6, 2009	

These properties are owned by the Washington Suburban Sanitary Commission (WSSC) and are located at the south end and west side of the 41st in the Town of Colmar Manor. The Future Land Use Map in the Adopted Sector Plan recommends Parks and Open Space (see Map 8. Proposed Future Land Use (LU Map 3) and Strategy LU 1.1 in the Adopted Sector Plan and Map 10. Zoning Change (ZC) 9: RSF-65 to ROS, Zoning Change (ZC) 10: RSF-65 to ROS, Zoning Change (ZC) 11: RSF-65 to ROS, Zoning Change (ZC) 12: RSF-65 and NAC to ROS, Zoning Change (ZC) 13: AG to ROS, and Zoning Change (ZC) 14: CGO and IE to ROS below).

The current zoning classification of these properties is Residential, Single-Family-65 (RSF-65), which is intended to provide for and encourage variation in the size, shape, and width of single-family detached residential subdivision lots (see Zoning Ordinance Section 27-4202(e)(1)). This zoning classification is inconsistent with and does not support the future land use of the property per the Approved Sector Plan.

The Reserved Open Space (ROS) Zone is intended for protecting scenic and environmentally-sensitive areas, ensuring the retention of certain areas for non-intensive, active, or passive recreation uses, and providing for a limited range of public, recreational, and agricultural uses (see Zoning Ordinance Section 27-4201(c)(1)). These properties contain numerous environmental features such as regulated areas of the Green Infrastructure Network, mature woodlands, and steep slopes. These properties are adjacent to an existing residential area and both Colmar Manor Park and the Anacostia River Stream Valley Park. The two adjacent parks are zoned Reserved Open Space (ROS). The reclassification to ROS will help preserve this area as open space and provide passive recreation for the adjacent park, communities, and future neighboring development.

This reclassification to ROS implements the land use and zoning recommendations in the Adopted Sector Plan's Strategy LU 2.1 and also brings this public property into alignment with the neighboring park parcels and the dominant adjacent zoning of comparable parcels. This reclassification also implements or supports Policy NE 1, Strategy NE 1.8, Policy LU 2, and Strategy PF 6.2 of the Adopted Sector Plan.

Some of these properties are in the Chesapeake Bay Critical Area, Intense Development Overlay Zone and this SMA makes no amendments to the overlay zone; it carries forward the overlay and only changes the underlying base zone. Zoning Change 9 does not remove any properties from the Chesapeake Bay Critical Area, Intense Development Overlay Zone.

Table 12. Parcels Subject to ZC 9

ZC	Address	Tax Map and Grid	Tax Account	Description	Lot	Block	Parcel	Ownership

Zoning Change 10: RSF-65 to ROS

Change Number	Zoning Change	Area of Change (Acres)	Approved CMA/SMA/ TDOZMA/ ZMA/SE Number	Approved CMA/SMA/ TDOZMA/ ZMA/SE Date	200' Scale Index Map
10	RSF-65 to ROS	0.41	CMA	April 1, 2022	204NE04
			SMA	October 6, 2009	
			SE-4091	August 27, 1992	
			SE-2886	May 1975	

This property is a portion of a larger parcel located near the southeast intersection of 41st Avenue and Lawrence Street in the Town of Colmar Manor and is owned by M-NCPPC. The site is part of the Anacostia River Stream Valley Park and the Future Land Use Map in the Adopted Sector Plan recommends parks and open space uses (see Map 8. Proposed Future Land Use (LU Map 3) and Strategy LU 1.1 in the Adopted Sector Plan and Map 10. Zoning Change (ZC) 9: RSF-65 to ROS, Zoning Change (ZC) 10: RSF-65 to ROS, Zoning Change (ZC) 11: RSF-65 to ROS, Zoning Change (ZC) 12: RSF-65 and NAC to ROS, Zoning Change (ZC) 13: AG to ROS, and Zoning Change (ZC) 14: CGO and IE to ROS below).

The larger parcel this property is part of is predominantly zoned Reserved Open Space (ROS) and is split-zoned with the subject portion of the property that is currently classified in the Residential, Single-Family-65 (RSF-65) zone. The RSF-65 zone is intended to provide for and encourage variation in the size, shape, and width of single-family detached residential subdivision lots (see Zoning Ordinance Section 27-4202(e)(1), which does not align with the existing conditions of the site. The site is designated parkland and includes existing woodland, tree canopy, a stream, and is located entirely within the regulated areas of the Green Infrastructure Network, which highlights its ecological sensitivity and importance.

This reclassification to ROS is appropriate as it is part of a larger parcel that is publicly owned and has been set aside for public open space. This reclassification also eliminates a split-zoning on this parcel, and brings this property into alignment with the neighboring park parcels and the dominant adjacent zone, and is intended for protecting scenic and environmentally sensitive areas, ensuring the retention of certain areas for non-intensive, active or passive recreational uses as recommended in Policy NE 1, Strategy NE 1.8, and Policy LU 2 of the Adopted Sector Plan. This reclassification to ROS also implements the land use and zoning recommendations in the Adopted Sector Plan's Strategy LU 2.1.

The reclassification also implements Strategy PF 6.2 and supports Policy PF 2 of the Adopted Sector Plan to preserve access to park facilities, provide spaces for community gathering, and offer active and passive recreation for the surrounding neighborhood.

			SMA	October 6, 2009	

These properties are located at the intersection of Monroe Street and 43rd Avenue in the Town of Colmar Manor and are owned by the Town. Currently, the land hosts Monroe Park, an established community space with playground equipment and a small pavilion. The Future Land Use Map in the Adopted Sector Plan recommends parks and open space uses (See Map 8 Proposed Future Land Use (LU Map 3) and Strategy LU 1.1 in the Adopted Sector Plan and Map 10. Zoning Change (ZC) 9: RSF-65 to ROS, Zoning Change (ZC) 10: RSF-65 to ROS, Zoning Change (ZC) 11: RSF-65 to ROS, Zoning Change (ZC) 12: RSF-65 and NAC to ROS, Zoning Change (ZC) 13: AG to ROS, and Zoning Change (ZC) 14: CGO and IE to ROS below).

These parcels are currently classified in the Residential, Single-Family-65 (RSF-65) zone, a classification that does not align with the existing and intended future use of the site. RSF-65 is intended to provide for and encourage variation in the size, shape, and width of single-family detached residential subdivision lots (see Zoning Ordinance Section 27-4202(e)(1)).

The Reserved Open Space (ROS) Zone is intended for protecting scenic and environmentally sensitive areas, ensuring the retention of certain areas for non-intensive, active, or passive recreation uses, and providing for a limited range of public, recreational, and agricultural uses (see Zoning Ordinance Section 27-4201(c)(1)). This reclassification to ROS also implements the zoning recommendations in Strategy LU 2.1 and supports Policy PF 6 of the Adopted Sector Plan to preserve access to park facilities, provide spaces for community gathering, and offer active and passive recreation for the surrounding neighborhood.

The properties are in the Chesapeake Bay Critical Area, Intense Development Overlay Zone and this SMA makes no amendments to the overlay zone; it carries forward the overlay and only changes the underlying base zone. Zoning Change 11 does not remove any properties from the Chesapeake Bay Critical Area, Intense Development Overlay Zone.

Table 14. Parcels Subject to ZC 11

Change Number	Zoning Change	Area of Change (Acres)	Approved CMA/SMA/ TDOZMA/ ZMA/SE Number	Approved CMA/SMA/ TDOZMA/ ZMA/SE Date	200' Scale Index Map
12	RSF-65 and NAC to ROS	5.12	CMA	April 1, 2022	205NE04
			SMA	October 6, 2009	

These properties are owned by M-NCPPC and are located on the banks of the Anacostia River in the Town of Colmar Manor. The Future Land Use Map in the Adopted Sector Plan recommends parks and open space uses (See Map 8 Proposed Future Land Use (LU Map 3) and Strategy LU 1.1 in the Adopted Sector Plan and Map 10. Zoning Change (ZC) 9: RSF-65 to ROS, Zoning Change (ZC) 10: RSF-65 to ROS, Zoning Change (ZC) 11: RSF-65 to ROS, Zoning Change (ZC) 12: RSF-65 and NAC to ROS, Zoning Change (ZC) 13: AG to ROS, and Zoning Change (ZC) 14: CGO and IE to ROS below).

These parcels are currently classified in the Residential, Single-Family-65 (RSF-65) and Neighborhood Activity Center (NAC) zones, which do not align with the current use and conditions of the site. The current use of these properties includes the existing Newark Road Park (Tax ID: 0145466, lots 146 through 149), the Anacostia River Stream Valley Park, and the Anacostia River Trail infrastructure. The particular characteristics of these parcels, their existing use, and intended future use for these parcels do not align with the intent of the existing zones.

The property contains numerous environmental features such as steep slopes, regulated areas of the Green Infrastructure Network, a portion of the Anacostia River, and the banks of the Anacostia River. Retaining this land as open space and a riparian buffer is essential to safeguarding the Anacostia River and its surrounding ecosystems, while providing recreational and environmental benefits to the community.

The Reserved Open Space (ROS) zoning reclassification is intended for protecting scenic and environmentally sensitive areas, ensuring the retention of certain areas for non-intensive, active or passive recreational uses as recommended in Policy NE 1, Strategy NE 1.8, and Policy LU 2. This reclassification to ROS implements the land use and zoning recommendations in the Adopted Sector Plan's Strategy LU 2.1. The reclassification to ROS also supports Policies PF 3, PF 5, and HC 7, and Strategies PF 6.2, HC 7.1, HC 7.2, and HC 7.3 of the Adopted Sector Plan.

These properties are also in the Chesapeake Bay Critical Area, Resource Conservation Overlay Zone and the Chesapeake Bay Critical Area, Intense Development Overlay Zone, and this SMA makes no amendments to the overlay zones; it carries forward the overlays and only changes the underlying base zone. Zoning Change 12 does not remove any properties from the Chesapeake Bay Critical Area, Resource Conservation Overlay Zone or from the Chesapeake Bay Critical Area, Intense Development Overlay Zone.

Zoning Change 13: AG to ROS

Change Number	Zoning Change	Area of Change (Acres)	Approved CMA/SMA/ TDOZMA/ ZMA/SE Number	Approved CMA/SMA/ TDOZMA/ ZMA/SE Date	200' Scale Index Map
13	AG to ROS	6.07	CMA	April 1, 2022	204NE04
			SMA	October 6, 2009	

These properties are located within the Town of Colmar Manor and in an unincorporated area of the County. These properties encompass part of the Anacostia River, the riverbed, banks of the Anacostia River, and wetlands. They are also located within M-NCPPC's Anacostia River Stream Valley Park and the Anacostia Trails Heritage Area. Their ownership is M-NCPPC and unknown. The Future Land Use Map in the Adopted Sector Plan recommends Parks and Open Space on these subject properties (see Map 8. Proposed Future Land Use (LU Map 3) and Strategy LU 1.1 in the Adopted Sector Plan and Map 10. Zoning Change (ZC) 9: RSF-65 to ROS, Zoning Change (ZC) 10: RSF-65 to ROS, Zoning Change (ZC) 11: RSF-65 to ROS, Zoning Change (ZC) 12: RSF-65 and NAC to ROS, Zoning Change (ZC) 13: AG to ROS, and Zoning Change (ZC) 14: CGO and IE to ROS below).

The current zoning classification of this property is Agriculture and Preservation (AG) Zone, which is intended to promote the economic use and conservation of agriculture, natural resources, residential estates, non-intensive recreational uses, and similar uses (see Zoning Ordinance Section 27-4201(c)(1)). The AG zone does not align with the future land use of the property, per the Adopted Sector Plan. Additionally, these parcels are surrounded by similar properties of the same character that are zoned Reserved Open Space (ROS). A reclassification to ROS for this public property will follow the adjacent dominant zone and support and protect the existing, continuous, and intended use as a river and public open space, making the ROS classification most appropriate.

The ROS Zone is intended for protecting scenic and environmentally sensitive areas, ensuring the retention of certain areas for non-intensive, active, or passive recreation uses, and providing for a limited range of public, recreational, and agricultural uses. This reclassification implements the land use and zoning recommendations in the Adopted Sector Plan's Strategy LU 2.1, preserves a portion of the Anacostia River for long-term preservation of important ecosystems, and ensures the connectivity of green spaces that will complement adjacent communities and future neighboring development. Furthermore, it also implements or supports Policies LU 2, NE 1, NE 3, NE 4, HC 7, PF 3, PF 5, PF 6, and their associated strategies in the Adopted Sector Plan, which aim to create a broader interconnected corridor of open spaces to improve access to passive recreation opportunities, provide innovative and natural stormwater management solutions, and enhance ecological value within the sector plan boundary.

A portion of these properties are in the Chesapeake Bay Critical Area, Resource Conservation Overlay Zone, and this SMA makes no amendments to the overlay zone; it carries forward the

overlay and only changes the underlying base zone. Zoning Change 13 does not remove any properties from the Chesapeake Bay Critical Area, Resource Conservation Overlay Zone.

14	CGO and IE to ROS	3.81	CMA	April 1, 2022	205NE04
			SMA	October 6, 2009	

This property is located in the Town of Bladensburg between the railroad and Kenilworth Avenue. This property is owned by the state of Maryland and is undeveloped, in a natural state, and contains a significant amount of wetlands and tree canopy. The Future Land Use Map in the Adopted Sector Plan recommends Parks and Open Space on these subject properties (see Map 8. Proposed Future Land Use (LU Map 3) and Strategy LU 1.1 in the Adopted Sector Plan and Map 10. Zoning Change (ZC) 9: RSF-65 to ROS, Zoning Change (ZC) 10: RSF-65 to ROS, Zoning Change (ZC) 11: RSF-65 to ROS, Zoning Change (ZC) 12: RSF-65 and NAC to ROS, Zoning Change (ZC) 13: AG to ROS, and Zoning Change (ZC) 14: CGO and IE to ROS below).

The current zoning classifications of this property are Commercial, General and Office (CGO) Zone, which is intended for a diverse range of business, civic, and mixed-use development (see Zoning Ordinance Section 27-4203(d)(1)); and Industrial, Employment (IE) Zone, which is intended to provide for a mix of employment, research and development, and light industrial development (see Zoning Ordinance Section 27-4203(e)(1)). These zoning classifications do not support the current use and the future land use of the property.

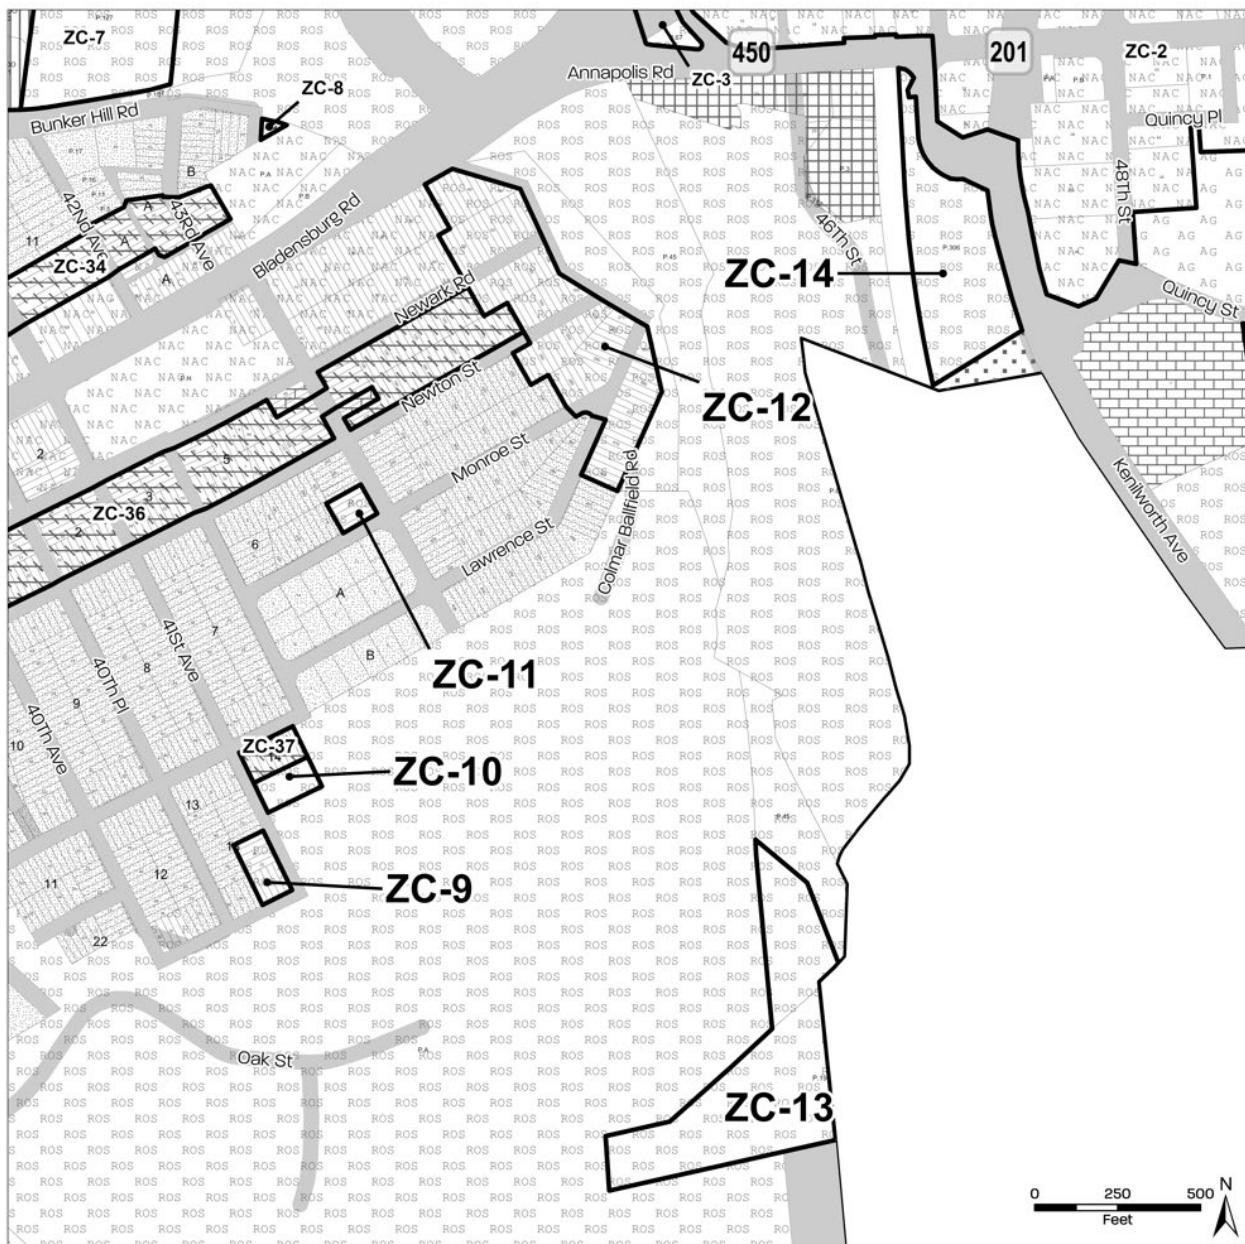

The Reserved Open Space (ROS) Zone is intended for protecting scenic and environmentally sensitive areas, ensuring the retention of certain areas for non-intensive, active, or passive recreation uses, and providing for a limited range of public, recreational, and agricultural uses. This reclassification preserves land close to the Anacostia River for long-term preservation of important ecosystems, supports sustainable land use strategies, and ensures the connectivity of green spaces that will complement adjacent communities and future neighboring development. Retaining this land as open space implements the land use and zoning recommendations in the Adopted Sector Plan's Strategy LU 2.1. Furthermore, it also implements or supports Policies LU 2, NE 1, NE 3, NE 4, HC 7, and their associated strategies.

This property is in the Chesapeake Bay Critical Area, Intense Development Overlay Zone, and this SMA makes no amendments to the overlay zone; it carries forward the overlay and only changes the underlying base zone. Zoning Change 14 does not remove any properties from the Chesapeake Bay Critical Area, Intense Development Overlay Zone.

			SMA	October 6, 2009	

This property is owned by WSSC and is a vacant parcel within the Town of Edmonston adjacent to the Anacostia River. The Future Land Use Map in the Adopted Sector Plan recommends Parks and Open Space on the subject property (see Map 8. Proposed Future Land Use (LU Map 3) and Strategy LU 1.1 in the Adopted Sector Plan and Map 11. Zoning Change (ZC) 15: AG and IE to ROS, Zoning Change (ZC) 16: RSF-65 to ROS, Zoning Change (ZC) 17: AG to ROS, Zoning Change (ZC) 18: AG to ROS, Zoning Change (ZC) 19: IH to ROS, Zoning Change (ZC) 20: AG to ROS, Zoning Change (ZC) 21: RSF-65 to ROS, Zoning Change (ZC) 22: AG to ROS, Zoning Change (ZC) 23: AG to ROS, Zoning Change (ZC) 24: AG and RMF-48 to ROS, and Zoning Change (ZC) 25: AG to ROS below).

The current zoning classification of this property is Agriculture and Preservation (AG) Zone, which is intended to promote the economic use and conservation of agriculture, natural resources, residential estates, non-intensive recreational uses, and similar uses (see Zoning Ordinance Section 27-4201(c)(1)); and Industrial, Employment (IE) Zone, which is intended to provide for a mix of employment, research and development, and light industrial development (see Zoning Ordinance Section 27-4203(e)(1)). The AG zone does not align with the future land use of the property, per the Adopted Sector Plan. Additionally, these parcels are surrounded by similar properties of the same character that are zoned Reserved Open Space (ROS). A reclassification to ROS for this public property will follow the adjacent dominant zone and support and protect the existing, continuous, and intended use as a river and public open space, making the ROS classification most appropriate.

The Reserved Open Space (ROS) Zone is intended for protecting scenic and environmentally sensitive areas, ensuring the retention of certain areas for non-intensive, active, or passive recreation uses, and providing for a limited range of public, recreational, and agricultural uses. The property contains numerous environmental features such as steep slopes and regulated areas of the Green Infrastructure Network. Retaining this land as open space and a riparian buffer is essential to safeguarding the Anacostia River and its surrounding ecosystems, while providing recreational and environmental benefits to the community.

This reclassification implements the land use and zoning recommendations in the Adopted Sector Plan's Strategy LU 2.1, preserves a portion of the Anacostia River for long-term preservation of important ecosystems, and ensures the connectivity of green spaces that will complement adjacent communities and future neighboring development. Furthermore, it also

implements or supports Policies LU 2, NE 1, NE 3, NE 4, HC 7, PF 3, PF 5, PF 6, and their associated strategies in the Adopted Sector Plan, which aim to create a broader interconnected corridor of open spaces to improve access to passive recreation opportunities, provide innovative and natural stormwater management solutions, and enhance ecological value within the sector plan boundary.

These properties are in the Chesapeake Bay Critical Area, Resource Conservation Overlay Zone and this SMA makes no amendments to the overlay zone; it carries forward the overlay and only changes the underlying base zone. Zoning Change 15 does not remove any properties from the Chesapeake Bay Critical Area, Resource Conservation Overlay Zone.

16	RSF-65 to ROS	0.76	CMA	April 1, 2022	206NE04
			SMA	October 6, 2009	

These properties, owned by M-NCPPC, are located in the Town of Edmonston and lie between the CSX railroad tracks to the west and the Northeast Branch of the Anacostia River to the east. These parcels contain Edmonston Park (Park ID: N03) and a community garden. The Future Land Use Map in the Adopted Sector Plan recommends Parks and Open Space on these subject properties (see Map 6. Proposed Future Land Use Map and Strategy LU 1.1 in the Adopted Sector Plan and Map 11. Zoning Change (ZC) 15: AG and IE to ROS, Zoning Change (ZC) 16: RSF-65 to ROS, Zoning Change (ZC) 17: AG to ROS, Zoning Change (ZC) 18: AG to ROS, Zoning Change (ZC) 19: IH to ROS, Zoning Change (ZC) 20: AG to ROS, Zoning Change (ZC) 21: RSF-65 to ROS, Zoning Change (ZC) 22: AG to ROS, Zoning Change (ZC) 23: AG to ROS, Zoning Change (ZC) 24: AG and RMF-48 to ROS, and Zoning Change (ZC) 25: AG to ROS below).

The current zoning classification of these properties is Residential, Single-Family-65 (RSF-65), which is intended to provide for and encourage variation in the size, shape, and width of single-family detached residential subdivision lots (see Zoning Ordinance Section 27-4202(e)(1)). This zoning classification does not support the current use or the future land use of the property.

The Reserved Open Space (ROS) Zone is intended for protecting scenic and environmentally sensitive areas, ensuring the retention of certain areas for non-intensive, active, or passive recreation uses, and providing for a limited range of public, recreational, and agricultural uses (see Zoning Ordinance Section 27-4201(c)(1)). The ROS zone will help preserve this area as a park and recreational amenity for adjacent communities and future neighboring development.

This reclassification implements the land use and zoning recommendations in the Adopted Sector Plan's Strategy LU 2.1. Furthermore, it also implements or supports Policies HC 4, HC 5, HC 6, HC 7, HC 8, PF 2, PF 3, PF 4, PF 5, PF 6 and their associated strategies, which aim to create equitable access to recreational opportunities and support urban agriculture.

			SMA	October 6, 2009	

These properties are owned by WSSC and located within the Town of Edmonston. The properties include steep slopes, the lower Northeast Branch of the Anacostia River and its stream buffers, and regulated areas of the Green Infrastructure Network. The Future Land Use Map in the Adopted Sector Plan recommends Parks and Open Space on these subject properties (see Map 6. Proposed Future Land Use Map and Strategy LU 1.1 in the Adopted Sector Plan and Map 11. Zoning Change (ZC) 15: AG and IE to ROS, Zoning Change (ZC) 16: RSF-65 to ROS, Zoning Change (ZC) 17: AG to ROS, Zoning Change (ZC) 18: AG to ROS, Zoning Change (ZC) 19: IH to ROS, Zoning Change (ZC) 20: AG to ROS, Zoning Change (ZC) 21: RSF-65 to ROS, Zoning Change (ZC) 22: AG to ROS, Zoning Change (ZC) 23: AG to ROS, Zoning Change (ZC) 24: AG and RMF-48 to ROS, and Zoning Change (ZC) 25: AG to ROS below).

The current zoning classification of these properties is the Agriculture and Preservation (AG) Zone, which is intended to promote the economic use and conservation of agriculture, natural resources, residential estates, non-intensive recreational uses, and similar uses (see Zoning Ordinance Section 27-4201(c)(1)). This zoning classification does not align with the current use or the future land use of the property.

The Reserved Open Space (ROS) Zone is intended for protecting scenic and environmentally sensitive areas, ensuring the retention of certain areas for non-intensive, active, or passive recreation uses, and providing for a limited range of public, recreational, and agricultural uses (see Zoning Ordinance Section 27-4201(c)(1)). This reclassification implements the land use and zoning recommendations in the Adopted Sector Plan's Strategy LU 2.1, preserves the Anacostia River's important ecosystems, providing recreational benefits, and ensures the connectivity of green spaces that will complement adjacent communities and future neighboring development. Furthermore, it also implements or supports Policies LU 2, NE 1, NE 3, NE 4, HC 7, PF 3, PF 5, PF 6, and their associated strategies, which aim to create a broader interconnected corridor of open spaces to improve access to passive recreation opportunities, provide innovative and natural stormwater management solutions, and enhance ecological value within the sector plan boundary.

These properties are in the Chesapeake Bay Critical Area, Resource Conservation Overlay Zone and this SMA makes no amendments to the overlay zone; it carries forward the overlay and only changes the underlying base zone. Zoning Change 18 does not remove any properties from the Chesapeake Bay Critical Area, Resource Conservation Overlay Zone.

19	IH to ROS	0.02	CMA	April 1, 2022	206NE04
			SMA	October 6, 2009	

These properties are owned by WSSC and are located on the banks of the Northeast Branch of the Anacostia River within the Town of Edmonston and are vacant. The property contains numerous environmental features, including mature woodland, steep slopes, and regulated areas of the Green Infrastructure Network. They also abut the Crittenden Street Park and are adjacent to the Anacostia River Stream Valley Park. The Future Land Use Map in the Adopted Sector Plan recommends Parks and Open Space on these subject properties (see Map 6. Proposed Future Land Use Map and Strategy LU 1.1 in the Adopted Sector Plan and Map 11. Zoning Change (ZC) 15: AG and IE to ROS, Zoning Change (ZC) 16: RSF-65 to ROS, Zoning Change (ZC) 17: AG to ROS, Zoning Change (ZC) 18: AG to ROS, Zoning Change (ZC) 19: IH to ROS, Zoning Change (ZC) 20: AG to ROS, Zoning Change (ZC) 21: RSF-65 to ROS, Zoning Change (ZC) 22: AG to ROS, Zoning Change (ZC) 23: AG to ROS, Zoning Change (ZC) 24: AG and RMF-48 to ROS, and Zoning Change (ZC) 25: AG to ROS below).

The current zoning classification of these parcels, which total less than a tenth of an acre, is Industrial, Heavy (IH) Zone, which is intended for intense industrial development on sites that generally require larger sites (see Zoning Ordinance Section 27-4203(f)(1)). This zoning classification does not align with these parcels' existing characteristics or current use, nor their intended future land use.

The Reserved Open Space (ROS) Zone is intended for protecting scenic and environmentally sensitive areas, ensuring the retention of certain areas for non-intensive, active, or passive recreation uses, and providing for a limited range of public, recreational, and agricultural uses (see Zoning Ordinance Section 27-4201(c)(1)). This reclassification implements the land use and zoning recommendations in the Adopted Sector Plan's Strategy LU 2.1, preserves the Anacostia River's important ecosystems, and ensures the connectivity of green spaces that will complement adjacent communities and future neighboring development. Furthermore, it also implements or supports Policies LU 2, NE 1, NE 3, NE 4, HC 7, PF 3, PF 5, PF 6, and their associated strategies, which aim to create a broader interconnected corridor of open spaces to improve access to passive recreation opportunities, provide innovative and natural stormwater management solutions, and enhance ecological value within the sector plan boundary.

These properties are in the Chesapeake Bay Critical Area, Intense Development Overlay Zone and this SMA makes no amendments to the overlay zone; it carries forward the overlay and only changes the underlying base zone. Zoning Change 19 does not remove any properties from the Chesapeake Bay Critical Area, Intense Development Overlay Zone.

			SMA	October 6, 2009	

The property has unknown ownership, is located within the Town of Edmonston, and is vacant. The property contains numerous environmental features, including stream and stream buffer and regulated areas of the Green Infrastructure Network, and forms part of the M-NCPPC Crittenden Street Park. The Future Land Use Map in the Adopted Sector Plan recommends Parks and Open Space on these subject properties (see Map 6. Proposed Future Land Use Map and Strategy LU 1.1 in the Adopted Sector Plan and Map 11. Zoning Change (ZC) 15: AG and IE to ROS, Zoning Change (ZC) 16: RSF-65 to ROS, Zoning Change (ZC) 17: AG to ROS, Zoning Change (ZC) 18: AG to ROS, Zoning Change (ZC) 19: IH to ROS, Zoning Change (ZC) 20: AG to ROS, Zoning Change (ZC) 21: RSF-65 to ROS, Zoning Change (ZC) 22: AG to ROS, Zoning Change (ZC) 23: AG to ROS, Zoning Change (ZC) 24: AG and RMF-48 to ROS, and Zoning Change (ZC) 25: AG to ROS below).

The current zoning classification of this property is Agriculture and Preservation (AG) Zone, which is intended to promote the economic use and conservation of agriculture, natural resources, residential estates, non-intensive recreational uses, and similar uses (see Zoning Ordinance Section 27-4201(c)(1)). This zoning classification does not align with the current use or the future land use of the property.

The Reserved Open Space (ROS) Zone is intended for protecting scenic and environmentally sensitive areas, ensuring the retention of certain areas for non-intensive, active, or passive recreation uses, and providing for a limited range of public, recreational, and agricultural uses (see Zoning Ordinance Section 27-4201(c)(1)). The adjacent parcels that form the rest of the Crittenden Street Park are all classified in the ROS zone, and this reclassification to ROS aligns this property's zoning to be consistent with similar adjacent parcels within the same park. This reclassification also implements the land use and zoning recommendations in the Adopted Sector Plan's Strategy LU 2.1, preserves the Anacostia River's important ecosystems, and ensures the connectivity of green spaces that will complement adjacent communities and future neighboring development. Furthermore, it also implements or supports Policies LU 2, NE 1, NE 3, NE 4, HC 7, PF 3, PF 5, PF 6, and their associated strategies, which aim to create a broader interconnected corridor of open spaces to improve access to passive recreation opportunities, provide innovative and natural stormwater management solutions, and enhance ecological value within the sector plan boundary.

This property is in the Chesapeake Bay Critical Area, Resource Conservation Overlay Zone and the Chesapeake Bay Critical Area, Intense Development Overlay Zone, and this SMA makes no amendments to the overlay zones; it carries forward the overlays and only changes the underlying base zone. Zoning Change 20 does not remove any properties from the Chesapeake Bay Critical Area, Resource Conservation Overlay Zone or from the Chesapeake Bay Critical Area, Intense Development Overlay Zone.

			SMA	October 6, 2009	

This property, owned by WSSC, is located in the Town of Edmonston on the banks of the Northeast Branch of the Anacostia River, and contains numerous environmental features, including existing woodland, steep slopes, stream, and regulated areas of the Green Infrastructure Network. The Future Land Use Map in the Adopted Sector Plan recommends Parks and Open Space on the subject property (see Map 6. Proposed Future Land Use Map and Strategy LU 1.1 in the Adopted Sector Plan and Map 11. Zoning Change (ZC) 15: AG and IE to ROS, Zoning Change (ZC) 16: RSF-65 to ROS, Zoning Change (ZC) 17: AG to ROS, Zoning Change (ZC) 18: AG to ROS, Zoning Change (ZC) 19: IH to ROS, Zoning Change (ZC) 20: AG to ROS, Zoning Change (ZC) 21: RSF-65 to ROS, Zoning Change (ZC) 22: AG to ROS, Zoning Change (ZC) 23: AG to ROS, Zoning Change (ZC) 24: AG and RMF-48 to ROS, and Zoning Change (ZC) 25: AG to ROS below).

The current zoning classification of this property is Residential, Single-Family-65 (RSF-65), which is intended to provide for and encourage variation in the size, shape, and width of single-family detached residential subdivision lots (see Zoning Ordinance Section 27-4202(e)(1)). This zoning classification does not align with the current use or the future land use of the property.

The Reserved Open Space (ROS) Zone is intended for protecting scenic and environmentally sensitive areas, ensuring the retention of certain areas for non-intensive, active, or passive recreation uses, and providing for a limited range of public, recreational, and agricultural uses (see Zoning Ordinance Section 27-4201(c)(1)). This reclassification implements the land use and zoning recommendations in the Adopted Sector Plan's Strategy LU 2.1, preserves the Anacostia River's important ecosystems, and ensures the connectivity of green spaces that will complement adjacent communities and future neighboring development. Furthermore, it also implements or supports Policies LU 2, NE 1, NE 3, NE 4, HC 7, PF 3, PF 5, PF 6, and their associated strategies in the Adopted Sector Plan, which aim to create a broader interconnected corridor of open spaces to improve access to passive recreation opportunities, provide innovative and natural stormwater management solutions, and enhance ecological value within the sector plan boundary.

These properties are in the Chesapeake Bay Critical Area, Intense Development Overlay Zone and this SMA makes no amendments to the overlay zone; it carries forward the overlay and only changes the underlying base zone. Zoning Change 21 does not remove any properties from the Chesapeake Bay Critical Area, Intense Development Overlay Zone.

These properties are owned by M-NCPPC and WSSC, and are located in the Town of Edmonston, and encompass part of the Anacostia River, the riverbed, banks of the Anacostia River, and regulated areas of the Green Infrastructure Network. They also contain a portion of the Anacostia Stream Valley River Trail, part of a broader trail network in the County. The Future Land Use Map in the Adopted Sector Plan recommends Parks and Open Space on these subject properties (see Map 6. Proposed Future Land Use Map and Strategy LU 1.1 in the Adopted Sector Plan and Map 11. Zoning Change (ZC) 15: AG and IE to ROS, Zoning Change (ZC) 16: RSF-65 to ROS, Zoning Change (ZC) 17: AG to ROS, Zoning Change (ZC) 18: AG to ROS, Zoning Change (ZC) 19: IH to ROS, Zoning Change (ZC) 20: AG to ROS, Zoning Change (ZC) 21: RSF-65 to ROS, Zoning Change (ZC) 22: AG to ROS, Zoning Change (ZC) 23: AG to ROS, Zoning Change (ZC) 24: AG and RMF-48 to ROS, and Zoning Change (ZC) 25: AG to ROS below).

The current zoning classification of this property is Agriculture and Preservation (AG) Zone, which is intended to promote the economic use and conservation of agriculture, natural resources, residential estates, non-intensive recreational uses, and similar uses (see Zoning Ordinance Section 27-4201(c)(1)). This zoning classification does not align with the current use or the future land use of the property.

The Reserved Open Space (ROS) Zone is intended for protecting scenic and environmentally sensitive areas, ensuring the retention of certain areas for non-intensive, active, or passive recreation uses, and providing for a limited range of public, recreational, and agricultural uses (see Zoning Ordinance Section 27-4201(c)(1)). This reclassification to ROS implements the land use and zoning recommendations in the Adopted Sector Plan's Strategy LU 2.1, preserves a portion of the Anacostia River for long-term preservation of important ecosystems, and ensures the connectivity of green spaces that will complement adjacent communities and future neighboring development. Furthermore, it also implements or supports Policies LU 2, NE 1, NE 3, NE 4, HC 7, PF 3, PF 5, PF 6, and their associated strategies, which aim to create a broader interconnected corridor of open spaces to improve access to passive recreation opportunities, provide innovative and natural stormwater management solutions, and enhance ecological value within the sector plan boundary.

These properties are in the Chesapeake Bay Critical Area, Resource Conservation Overlay Zone and the Chesapeake Bay Critical Area, Intense Development Overlay Zone and this SMA makes no amendments to the overlay zones; it carries forward the overlays and only changes the

underlying base zone. Zoning Change 22 does not remove any properties from the Chesapeake Bay Critical Area, Resource Conservation Overlay Zone or the Chesapeake Bay Critical Area, Intense Development Overlay Zone.

Zoning Change 23: AG to ROS

Change Number	Zoning Change	Area of Change (Acres)	Approved CMA/SMA/ TDOZMA/ ZMA/SE Number	Approved CMA/SMA/ TDOZMA/ ZMA/SE Date	200' Scale Index Map
23	AG to ROS	1.01	CMA	April 1, 2022	206NE04
			SMA	October 6, 2009	

This property owned by WSSC is located in the Town of Edmonston and includes the banks of the Anacostia River, steep slopes, regulated areas of the Green Infrastructure Network, and a portion of the Anacostia River Stream Valley Trail. The Future Land Use Map in the Adopted Sector Plan recommends Parks and Open Space on these subject properties (see Map 6. Proposed Future Land Use Map and Strategy LU 1.1 in the Adopted Sector Plan and Map 11. Zoning Change (ZC) 15: AG and IE to ROS, Zoning Change (ZC) 16: RSF-65 to ROS, Zoning Change (ZC) 17: AG to ROS, Zoning Change (ZC) 18: AG to ROS, Zoning Change (ZC) 19: IH to ROS, Zoning Change (ZC) 20: AG to ROS, Zoning Change (ZC) 21: RSF-65 to ROS, Zoning Change (ZC) 22: AG to ROS, Zoning Change (ZC) 23: AG to ROS, Zoning Change (ZC) 24: AG and RMF-48 to ROS, and Zoning Change (ZC) 25: AG to ROS below).

The current zoning classification of this property is Agriculture and Preservation (AG) Zone, which is intended to promote the economic use and conservation of agriculture, natural resources, residential estates, non-intensive recreational uses, and similar uses (see Zoning Ordinance Section 27-4201(c)(1)). This zoning classification does not align with the current use or the future land use of the property.

The Reserved Open Space (ROS) Zone is intended for protecting scenic and environmentally sensitive areas, ensuring the retention of certain areas for non-intensive, active, or passive recreation uses, and providing for a limited range of public, recreational, and agricultural uses (see Zoning Ordinance Section 27-4201(c)(1)). This reclassification implements the land use and zoning recommendations in the Adopted Sector Plan's Strategy LU 2.1, preserves a portion of the Anacostia River for long-term preservation of important ecosystems, and ensures the connectivity of green spaces that will complement adjacent communities and future neighboring development. Furthermore, it also implements or supports policies LU 2, NE 1, NE 3, NE 4, HC 7, PF 3, PF 5, PF 6, and their associated strategies, which aim to create a broader interconnected corridor of open spaces to improve access to passive recreation opportunities, provide innovative and natural stormwater management solutions, and enhance ecological value within the sector plan boundary.

Note: The ROS reclassification only applies to Tax Account 1830041, owned by WSSC. Tax account 1816552 is not part of this proposed reclassification and will retain its RSF-65 zoning classification.

Zoning Change 24: AG and RMF-48 to ROS⁶

Change Number	Zoning Change	Area of Change (Acres)	Approved CMA/SMA/ TDOZMA/ ZMA/SE Number	Approved CMA/SMA/ TDOZMA/ ZMA/SE Date	200' Scale Index Map
24	AG and RMF-48 to ROS	1.17	CMA	April 1, 2022	206NE04
			SMA	October 6, 2009	

This property is owned by WSSC and located in the Town of Edmonston, and is a critical component of the Upper Anacostia River Watershed and the Green Infrastructure Network. The property is adjacent to Fletcher's Field Park. The Future Land Use Map in the Adopted Sector Plan recommends Parks and Open Spaces (see Map 8. Proposed Future Land Use (LU Map 3) and Strategy LU 1.1 in the Adopted Sector Plan and Map 11. Zoning Change (ZC) 15: AG and IE to ROS, Zoning Change (ZC) 16: RSF-65 to ROS, Zoning Change (ZC) 17: AG to ROS, Zoning Change (ZC) 18: AG to ROS, Zoning Change (ZC) 19: IH to ROS, Zoning Change (ZC) 20: AG to ROS, Zoning Change (ZC) 21: RSF-65 to ROS, Zoning Change (ZC) 22: AG to ROS, Zoning Change (ZC) 23: AG to ROS, Zoning Change (ZC) 24: AG and RMF-48 to ROS, and Zoning Change (ZC) 25: AG to ROS below).

The subject property is currently zoned Agriculture and Preservation (AG) and Residential, Multifamily-48 (RMF-48), which do not prioritize the preservation of open space and environmentally sensitive land. The property includes steep slopes, riparian corridors, the lower Northeast Branch of the Anacostia River and its stream buffers, and regulated areas of the Green Infrastructure Network. Maintaining this land as a natural buffer is vital for protecting the Anacostia River and its surrounding ecosystems, while also offering valuable recreational and environmental benefits to the community.

The proposed reclassification to the Reserved Open Space (ROS) zone is intended to implement Policy LU 2 of the Adopted Sector Plan by facilitating the integration and long-term preservation of critical natural areas and environmentally sensitive features. It also implements the land use and zoning recommendations in the Adopted Sector Plan's Strategy LU 2.1. This reclassification also implements or supports Policy NE 1.

The ROS classification aligns with sustainable land use strategies and supports the connectivity of green spaces within the community. By maintaining this property as an open space, its contribution to the area's recreational infrastructure and overall quality of life can be protected and enhanced.

⁶ The proposed zoning amendment is limited to the portion of the subject property that lies within the boundaries of the Adopted Sector Plan and this SMA.

Zoning Change 25: AG to ROS

Change Number	Zoning Change	Area of Change (Acres)	Approved CMA/SMA/ TDOZMA/ ZMA/SE Number	Approved CMA/SMA/ TDOZMA/ ZMA/SE Date	200' Scale Index Map
25	AG to ROS	0.99	CMA	April 1, 2022	206NE04
			SMA	October 6, 2009	

This parcel owned by M-NCPPC, situated in the Town of Bladensburg, serves as an open space featuring benches, trash cans, stream tributaries, and wildlife signs. The Future Land Use Map in the Adopted Sector Plan recommends Parks and Open Spaces (see Map 8. Proposed Future Land Use (LU Map 3) and Strategy LU 1.1 in the Adopted Sector Plan and Map 11. Zoning Change (ZC) 15: AG and IE to ROS, Zoning Change (ZC) 16: RSF-65 to ROS, Zoning Change (ZC) 17: AG to ROS, Zoning Change (ZC) 18: AG to ROS, Zoning Change (ZC) 19: IH to ROS, Zoning Change (ZC) 20: AG to ROS, Zoning Change (ZC) 21: RSF-65 to ROS, Zoning Change (ZC) 22: AG to ROS, Zoning Change (ZC) 23: AG to ROS, Zoning Change (ZC) 24: AG and RMF-48 to ROS, and Zoning Change (ZC) 25: AG to ROS below).

The subject properties are presently zoned Agriculture and Preservation (AG). While the AG (Agricultural and Preservation) zone supports conservation, its primary focus is on sustaining agricultural activity rather than providing public access or recreational amenities. In contrast, the ROS (Reserved Open Space) zone is specifically designed to support parks, trails, and passive recreation, making it more suitable for public open space planning. ROS zoning also offers stronger protections for natural features and ensures that land is permanently preserved from development. The proposed reclassification to the Reserved Open Space (ROS) zone is intended to implement Policy LU 2 of the Adopted Sector Plan by facilitating the integration and long-term preservation of critical natural areas and environmentally sensitive features. It also implements the land use and zoning recommendations in the Adopted Sector Plan's Strategy LU 2.1. Additionally, it supports Policy PF 5 by enhancing the utilization of existing park infrastructure through improved programming and strategic management of open space resources. This reclassification also implements or supports Policy NE 1 and Policy HC 8.

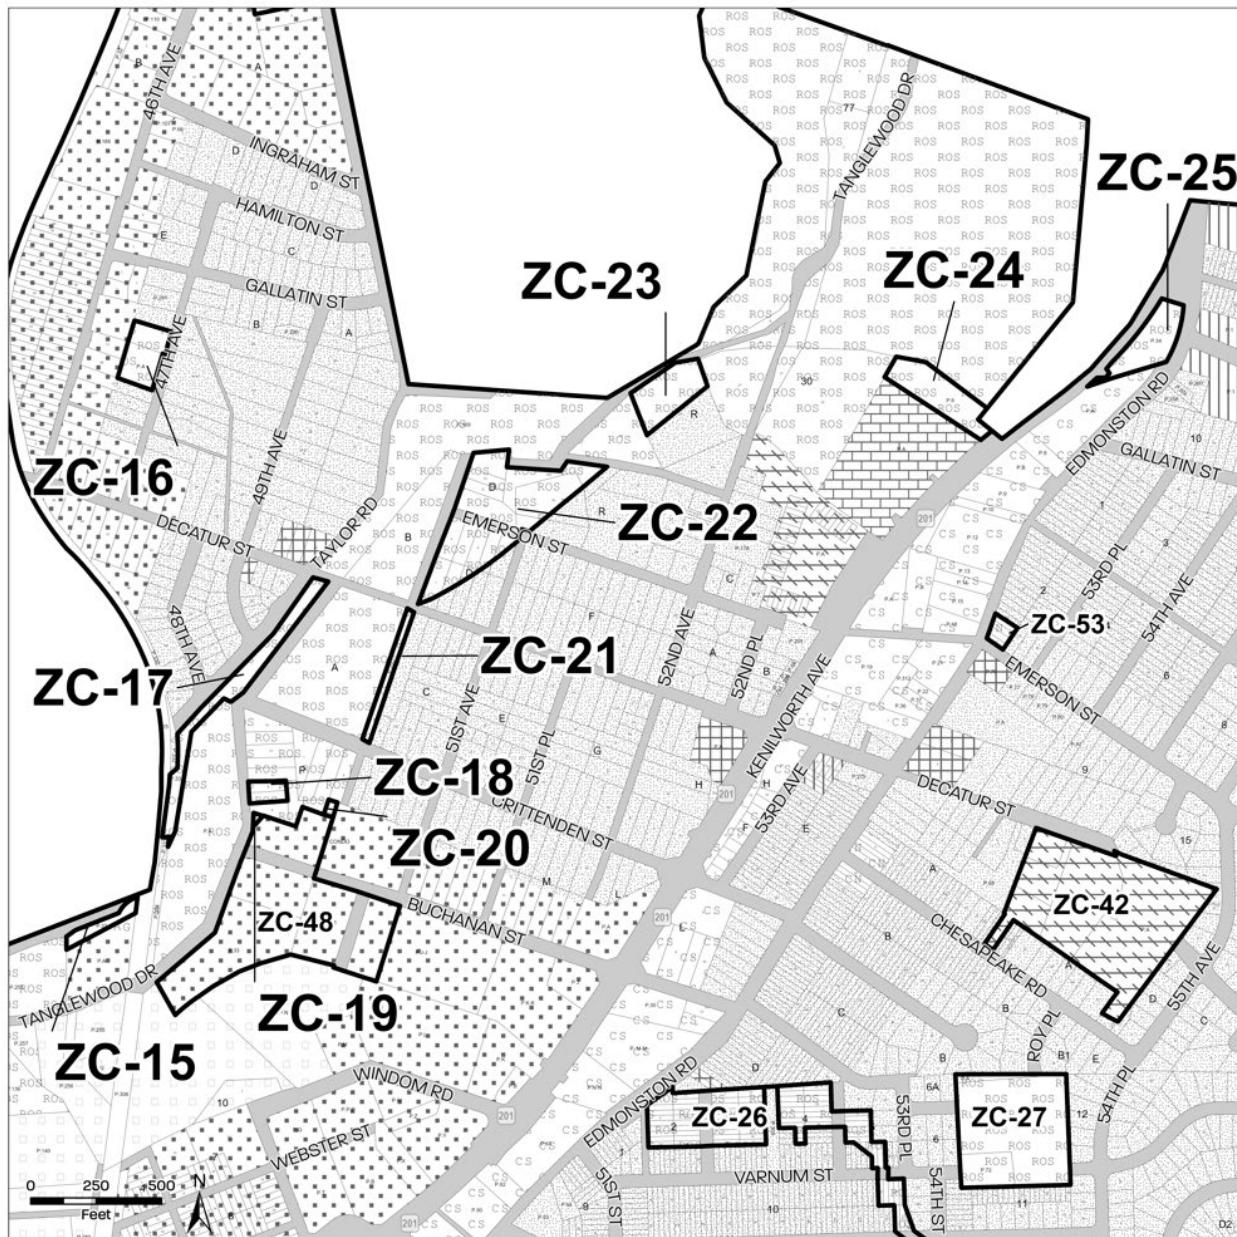

The ROS classification aligns with sustainable land use strategies and supports the connectivity of green spaces within the community. By maintaining this property as an open space, its contribution to the area's recreational infrastructure and overall quality of life can be protected and enhanced.

Zoning Change 26: RSF-65 to ROS

Change Number	Zoning Change	Area of Change (Acres)	Approved CMA/SMA/ TDOZMA/ ZMA/SE Number	Approved CMA/SMA/ TDOZMA/ ZMA/SE Date	200' Scale Index Map
26	RSF-65 to ROS	3.67	CMA	April 1, 2022	205NE04
			SMA	October 6, 2009	
			SE-2561	July 12, 1971	

These properties are owned by WSSC, Prince George's County, and the Town of Bladensburg, and are located between Edmonston and Tilden roads and Buchanan and 54th streets in the Town of Bladensburg. They comprise an integral section of the stream corridor for the blueway/greenway network, providing both ecological and recreational value. The Future Land Use Map in the Adopted Sector Plan recommends Parks and Open Spaces (see Map 8. Proposed Future Land Use (LU Map 3) and Strategy LU 1.1 in the Adopted Sector Plan and Map 12. Zoning Change (ZC) 26: RSF-65 to ROS, and Zoning Change (ZC) 27: RSF-65 to ROS below).

These parcels are currently classified in the Residential, Single-Family-65 (RSF-65) zone, which is intended to provide for and encourage variation in the size, shape, and width of single-family detached residential subdivision lots (see Zoning Ordinance Section 27-4202(e)(1)). This classification does not align with the properties' existing condition and character nor its existing and future use. The property includes existing woodlands, steep slopes, riparian corridors, the North East Branch of the Anacostia River and its stream buffers, and regulated areas of the Green Infrastructure Network. Reclassifying to Reserved Open Space (ROS) protects scenic and environmentally sensitive areas, creating better connections between neighborhoods and open space areas while improving environmental quality as recommended in Policy LU 2, Policy NE 1, Strategy PF 3.5, and Strategy NE 1.8 of the Adopted Sector Plan. It also supports daylighting and naturalization of the Anacostia River Tributary as recommended in Strategy NE 1.5 of the Adopted Sector Plan.

27	RSF-65 to ROS	4.14	CMA	April 1, 2022	205NE04
			SMA	October 6, 2009	

These properties are located in the Town of Bladensburg, off Varnum Street and 54th Place, and are owned by the Maryland-National Capital Park and Planning Commission. Currently, the land hosts Rosina Baldi Park, an established community space. The Future Land Use Map in the Adopted Sector Plan recommends Parks and Open Spaces (see Map 8. Proposed Future Land Use (LU Map 3) and Strategy LU 1.1 in the Adopted Sector Plan and Map 12. Zoning Change (ZC) 26: RSF-65 to ROS, and Zoning Change (ZC) 27: RSF-65 to ROS below).

The parcel is currently classified in the Residential, Single-Family-65 (RSF-65) zone, a designation that does not align with the existing use or the intent to continue its use as a community park long-term. Preserving this site for public benefit and use ensures its continued role as a vital recreational asset for the community. Maintaining its open space designation protects its value within the community, promoting sustainable land use and enriching the quality of life for local residents.

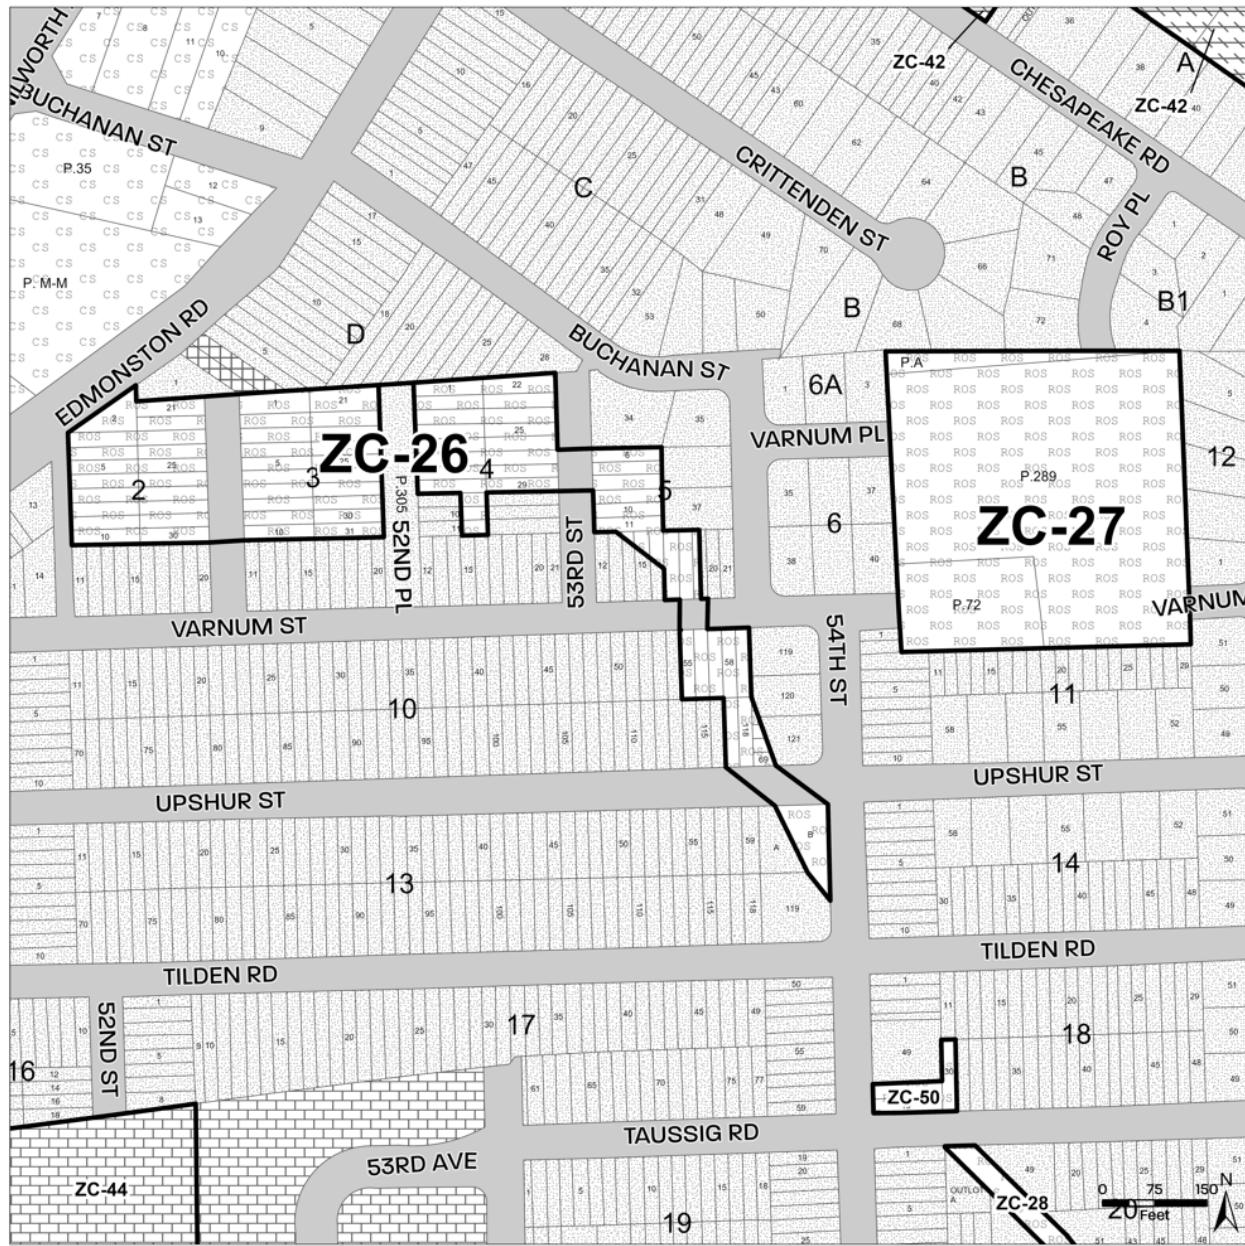

This reclassification to Reserved Open Space (ROS) implements the land use and zoning recommendations in the Adopted Sector Plan's Strategy LU 2.1. It also implements or supports Policy NE 7 and Policy PF 4 of the Adopted Sector Plan to support preserving the area, building on the existing park facilities and programs, and ensuring the retention of this property for non-intensive, active, or passive recreation uses.

By maintaining this property as open space, its contribution to the area's recreational infrastructure and overall quality of life can be protected and enhanced.

These properties owned by the Town of Bladensburg comprise a stream corridor situated between Taussig Road and Spring Road. The Future Land Use Map in the Adopted Sector Plan recommends Parks and Open Spaces (see Map 8. Proposed Future Land Use (LU Map 3) and Strategy LU 1.1 in the Adopted Sector Plan and Map 13. Zoning Change (ZC) 28: RSF-65 to ROS, and Zoning Change (ZC) 29: RSF-65 to ROS below).

These parcels are currently classified in the Residential, Single-Family-65 (RSF-65) Zone, a designation that allows higher density single-family residential development. However, this publicly owned land is an integral part of the stream corridor for the blueway/greenway network, providing both ecological and recreational value. These properties are less than half an acre in size, follow the stream channel, and are included in the green infrastructure network that supports water quality improvement, habitat connectivity, and flood resilience, while enhancing opportunities for public engagement with nature.

This reclassification implements the land use and zoning recommendations in the Adopted Sector Plan's Strategy LU 2.1. This reclassification also supports Strategy PF 3.5 of the Adopted Sector Plan by preserving these properties as part of the blueway/greenway network, ensuring long-term protection of the stream corridor, and encouraging sustainable land use practices. The reclassification facilitates these properties to continue to serve as a vital link in the larger system of connected natural areas and waterways, benefiting both the environment and the community. The reclassification also implements or supports Policy NE 1 and Strategy NE 1.7 of the Adopted Sector Plan.

This property owned by the Prince George's County is located at the intersection of Spring Road and 54th Place adjacent to the Adopted Sector Plan's Opportunity Site F: Publick Playhouse and Vicinity and contains part of the channelized stream. It is currently used by the community as an open space with trash cans and pet waste stations. The Future Land Use Map in the Adopted Sector Plan recommends Parks and Open Spaces (see Map 8. Proposed Future Land Use (LU Map 3) and Strategy LU 1.1 in the Adopted Sector Plan and Map 13. Zoning Change (ZC) 28: RSF-65 to ROS, and Zoning Change (ZC) 29: RSF-65 to ROS below).

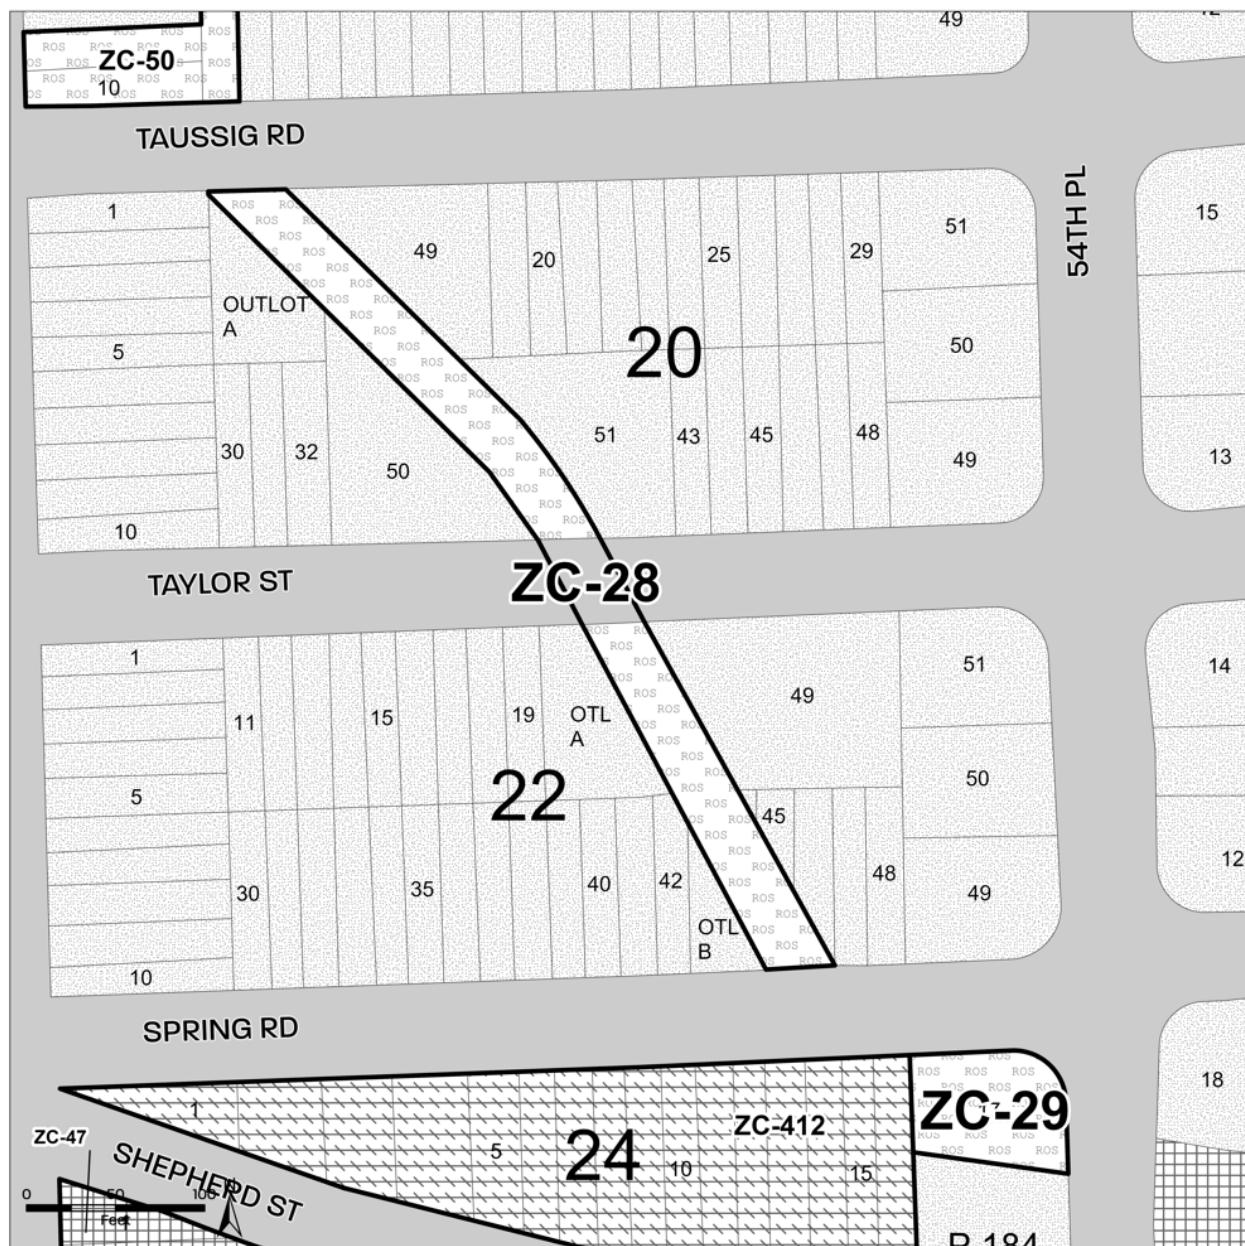

This parcel is currently classified in the Residential, Single-Family-65 (RSF-65) Zone, a designation that allows higher density single-family residential development. This publicly owned land is an integral part of the stream corridor for the blueway/greenway network, providing both ecological and recreational value. The property is less than half an acre in size and included in the green infrastructure network that supports water quality improvement, habitat connectivity, and flood resilience, while enhancing opportunities for public engagement with nature.

This reclassification implements the land use and zoning recommendations in the Adopted Sector Plan's Strategy LU 2.1. This reclassification also supports Strategy PF 3.5 of the Adopted Sector Plan by preserving these properties as part of the blueway/greenway network to ensure long-term protection of the stream corridor and encouraging sustainable land use practices. The reclassification facilitates this property to continue to serve as a vital link in the larger system of connected natural areas and waterways, benefiting both the environment and the community. The reclassification also implements or supports Policy NE 1, and Strategy NE 1.7 of the Adopted Sector Plan.

30	RSF-65 to ROS	0.25	CMA	April 1, 2022	205NE04
			SMA	October 6, 2009	

This property is publicly owned by the Town of Bladensburg and is located at 52nd Street in Bladensburg. Currently, the land hosts the 52nd Street Tot Lot, an established community space. The Future Land Use Map in the Adopted Sector Plan recommends Parks and Open Spaces (see Map 8. Proposed Future Land Use (LU Map 3) and Strategy LU 1.1 in the Adopted Sector Plan and Map 14. Zoning Change (ZC) 30: RSF-65 to ROS, Zoning Change (ZG) 31: RSF-65 to ROS, and Zoning Change (ZC) 32: RSF-65 to ROS below).

The current zoning classification of this property is Residential, Single-Family-65 (RSF-65), which is intended to provide for and encourage variation in the size, shape, and width of single-family detached residential subdivision lots (see Zoning Ordinance Section 27-4202(e)(1)). Accordingly, this designation does not align with the site's existing condition or the municipality's vision for this space to continue as a community space. This reclassification to Reserved Open Space (ROS) implements the land use and zoning recommendations in the Adopted Sector Plan's Strategy LU 2.1. It also implements or supports Policy NE 7 and Strategy PF 7.3 of the Adopted Sector Plan to support preserving the area, ensuring the retention of this property for non-intensive, active, or passive recreation uses.

By maintaining this property as open space, its contribution to the area's recreational infrastructure and overall quality of life can be protected and enhanced.

31	RSF-65 to ROS	0.30	CMA	April 1, 2022	205NE04
			SMA	October 6, 2009	

This property is owned by M-NCPPC and is located at the intersection of Quincy Street and Newton Street in Bladensburg and is part of Bladensburg South Park. The Future Land Use Map in the Adopted Sector Plan recommends Parks and Open Spaces (see Map 8. Proposed Future Land Use (LU Map 3) and Strategy LU 1.1 in the Adopted Sector Plan and Map 14. Zoning Change (ZC) 30: RSF-65 to ROS, Zoning Change (ZG) 31: RSF-65 to ROS, and Zoning Change (ZC) 32: RSF-65 to ROS below).

The current zoning classification of this property is Residential, Single-Family-65 (RSF-65), which is intended to provide for and encourage variation in the size, shape, and width of single-family detached residential subdivision lots (see Zoning Ordinance Section 27-4202(e)(1)). This designation does not align with the site's existing condition or intended character. The property includes natural features like woodland and steep slopes (greater than 25%), while the East Branch of the Anacostia River also runs through the southern portion of the property. The adjacent properties that make up part of the same park are classified as Reserved Open Space (ROS), ensuring the protection of the critical natural features. This ROS zoning reclassification brings this property into alignment with the neighboring open space parcels and is intended for preserving land for public open space, protecting environmentally sensitive areas, and ensuring the retention of certain areas for non-intensive, active or passive recreational uses as recommended in Policy NE 1 and Strategy NE 1.8 of the Adopted Sector Plan. This reclassification to ROS also implements the land use and zoning recommendations in the Adopted Sector Plan's Strategy LU 2.1. By maintaining this property as open space, its contribution to the area's recreational infrastructure and overall quality of life can be protected and enhanced.

Table 34. Parcel Subject to ZC 31

ZC	Address	Tax Map and Grid	Tax Account	Description	Lot	Block	Parcel	Ownership

Zoning Change 32: RSF-65 to ROS

Change Number	Zoning Change	Area of Change (Acres)	Approved CMA/SMA/ TDOZMA/ ZMA/SE Number	Approved CMA/SMA/ TDOZMA/ ZMA/SE Date	200' Scale Index Map
32	RSF-65 to ROS	4.63	CMA	April 1, 2022	050D4
			SMA	October 6, 2009	

The property identified as Evergreen Cemetery (ownership unknown) is located at 52nd Avenue near the southern edge of the plan boundary and Bladenwoods Condominiums. The Future Land Use Map in the Adopted Sector Plan recommends Parks and Open Spaces (see Map 8. Proposed Future Land Use (LU Map 3) and Strategy LU 1.1 in the Adopted Sector Plan and Map 14. Zoning Change (ZC) 30: RSF-65 to ROS, Zoning Change (ZG) 31: RSF-65 to ROS, and Zoning Change (ZC) 32: RSF-65 to ROS below).

This parcel is currently classified in the Residential, Single-Family-65 (RSF-65) zone, a designation that does not align with the site's existing use or condition. Evergreen Cemetery is a significant burial ground and historic site dating back to the 1700s that warrants protection through a zoning change to Reserved and Open Space (ROS).

Cemeteries are only permitted in RSF-65 zones with a special exception. Reclassifying this property to ROS would preserve this historic site, one of the oldest and largest cemeteries in the County. It would safeguard its historical and cultural character and value, ensuring the preservation of its role as a resting place for the community's ancestors and as a heritage landmark. This reclassification to Reserved Open Space (ROS) implements the land use and zoning recommendations in the Adopted Sector Plan's Strategy LU 2.1.

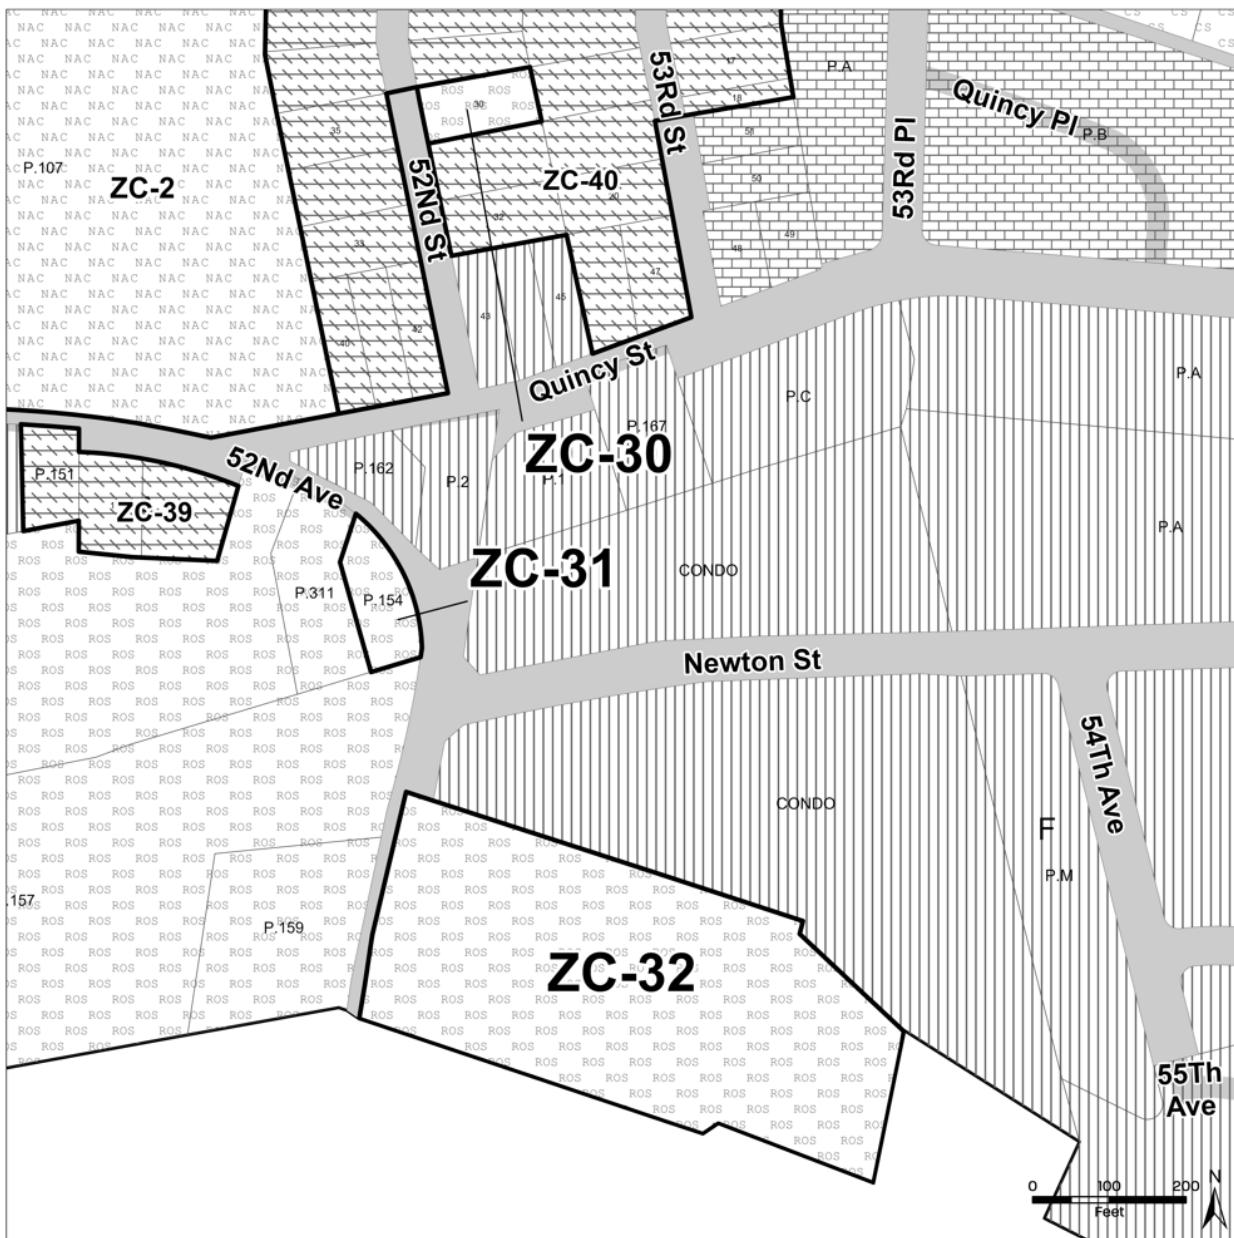

By implementing this change, Evergreen Cemetery can continue to serve as a meaningful site for heritage and reflection while maintaining its contribution to the community's cultural landscape as recommended in Strategy HD 3.7 of the Adopted Sector Plan.

The ROS classification aligns with sustainable land use strategies and supports the connectivity of green spaces within the community as recommended in Strategy LU 3.2 of the Adopted Sector Plan.

33	RSF-A to ROS	0.50	CMA	April 1, 2022	206NE05
			SMA	October 6, 2009	

This property is owned by M-NCPPC and is located at the intersection of Emerson Street and 58th Avenue in Bladensburg. The property currently hosts Rogers Heights Park. The Future Land Use Map in the Adopted Sector Plan recommends Parks and Open Spaces (see Map 8. Proposed Future Land Use (LU Map 3) and Strategy LU 1.1 in the Adopted Sector Plan and Map 15. ZC 33: RSF-65 to ROS below).

This parcel is currently classified as Residential, Single-Family-Attached (RSF-A) zone, a classification intended for higher density single-family residential developments with small lots and dwellings of various sizes and styles. This classification does not align with the existing condition or intended future use. This reclassification to Reserved Open Resource (ROS) implements the land use and zoning recommendations in the Adopted Sector Plan's Strategy LU 2.1. It also implements or supports Policy NE 7 and Strategy PF 7.3 of the Adopted Sector Plan to support preserving the area, continuing its use as a park, and ensuring the retention of this property for non-intensive, active, or passive recreation uses.

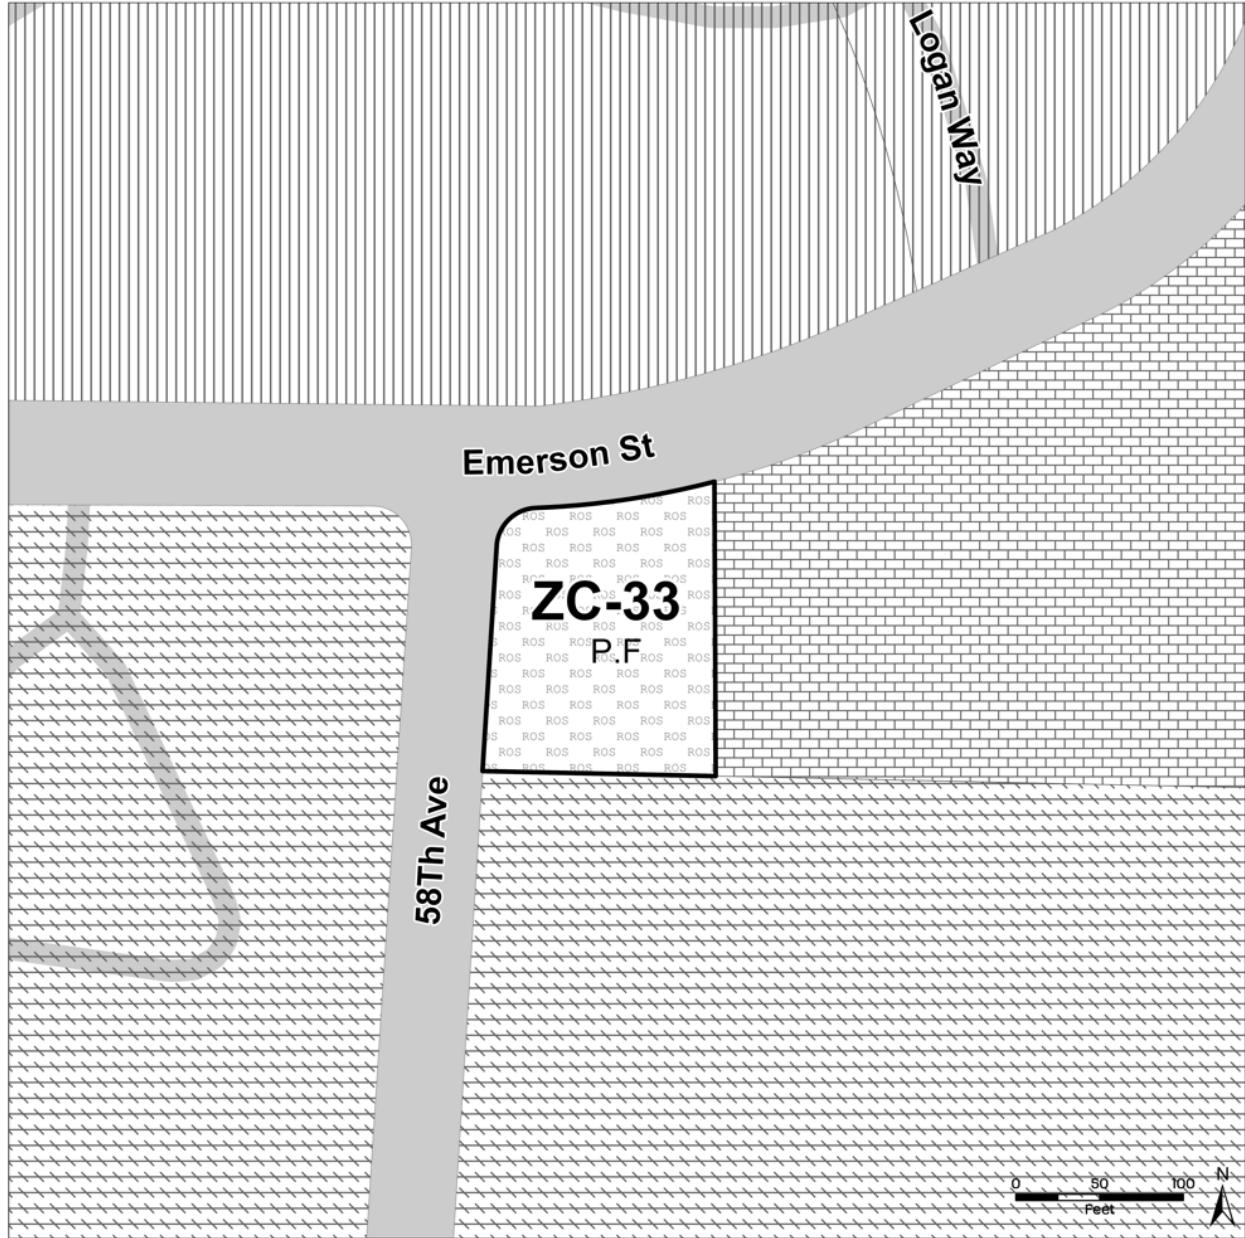

Preserving this site for public benefit and use ensures its continued role as a vital recreational asset for the community. Maintaining its open space designation protects its value within the community, promoting sustainable land use and enriching the quality of life for residents.

By maintaining this property as an open space, its contribution to the area's recreational infrastructure and overall quality of life can be protected and enhanced.

			SMA	October 6, 2009	205NE04

These parcels are located north of the Port Towns Neighborhood Center boundary and Opportunity Site A per the Adopted Sector Plan. This area north of Bladensburg Road in Cottage City spans several blocks and includes privately owned residential properties and a religious institution. The Future Land Use Map in the Adopted Sector Plan recommends Medium-High Density Residential uses (see Map 8. Proposed Future Land Use (LU Map 3) and Strategy LU 1.1 in the Adopted Sector Plan and Map 16. ZC 34: RSF-65 to RSF-A below).

These properties represent a unique opportunity to provide an increase in quantity and diversity of housing options by providing context-sensitive, one-, two-, or three-family housing at a transitional density between the existing adjacent single-family detached neighborhood and the neighborhood center, as recommended in Strategy LU 6.1 of the Adopted Sector Plan. The subject properties are currently classified in the Residential, Single-Family-65 (RSF-65) Zone, which does not support the diversity of housing types the recommended. The Residential, Single-Family-Attached (RSF-A) Zone would support the diversity of housing types recommended. This reclassification also supports Policy HN 1 of the Adopted Sector Plan.

The reclassification to RSF-A allows for the current single-family homes to continue to exist while also allowing for diverse housing types. This zoning change establishes a suitable transition between uses and aligns with the compatibility requirements set forth in the zoning ordinance.⁷ This zoning change aims to provide a range of housing opportunities while maintaining the small-town feel that residents value deeply.

Some of the properties are in the Chesapeake Bay Critical Area, Intense Development Overlay Zone and this SMA makes no amendments to the overlay zone; it carries forward the overlay and only changes the underlying base zone. Zoning Change 35 does not remove any properties from the Chesapeake Bay Critical Area, Intense Development Overlay Zone.

⁷ Zoning Ordinance [Section 27-61200](#)

Zoning Change 35: RSF-65 to RSF-A

Change Number	Zoning Change	Area of Change (Acres)	Approved CMA/SMA/ TDOZMA/ ZMA/SE Number	Approved CMA/SMA/ TDOZMA/ ZMA/SE Date	200' Scale Index Map
35	RSF-65 to RSF-A	0.80	CMA	April 1, 2022	204NE03
			SMA	October 6, 2009	205NE03

These parcels are situated south of the Port Towns Neighborhood Center boundary and lie adjacent to Opportunity Site A, as identified in the Adopted Sector Plan. They are located along Newark Road, Newton Street, and 38th Avenue in Colmar Manor. The Future Land Use Map in the Adopted Sector Plan recommends Medium-High Density Residential uses (see Map 8. Proposed Future Land Use (LU Map 3) and Strategy LU 1.1 in the Adopted Sector Plan and Map 17. Zoning Change (ZC) 35: RSF-65 to RSF-A and Zoning Change (ZC) 36: RSF-65 to RSF-A below).

These properties represent a unique opportunity to provide an increase in quantity and diversity of housing options by providing context-sensitive one-, two-, or three-family housing at a transitional density between the existing adjacent single-family detached neighborhood and the neighborhood center, as recommended in Strategy LU 6.1 of the Adopted Sector Plan. The subject properties are currently classified in the Residential, Single-Family-65 (RSF-65) Zone, which does not support the diversity of housing types the recommended. Residential, Single-Family-Attached (RSF-A) Zone would support such a diversity of housing types. This reclassification also supports Policy HN 1 of the Adopted Sector Plan.

The reclassification to RSF-A allows for the current single-family homes to continue to exist while also allowing for diverse housing types. This zoning change establishes a suitable transition between uses and aligns with the compatibility requirements set forth in the zoning ordinance.⁸ This zoning change aims to provide a range of housing opportunities while maintaining the small-town feel that residents value deeply.

Zoning Change 36: RSF-65 to RSF-A

Change Number	Zoning Change	Area of Change (Acres)	Approved CMA/SMA/ TDOZMA/ ZMA/SE Number	Approved CMA/SMA/ TDOZMA/ ZMA/SE Date	200' Scale Index Map
36	RSF-65 to RSF-A	10.42	CMA	April 1, 2022	204NE03
			SMA	October 6, 2009	205NE03 205NE04

These parcels are situated south of the Port Towns Neighborhood Center boundary and adjacent to Opportunity Site A, as identified in the Adopted Sector Plan. These properties span several blocks and are located between Newark Road and Newton Street in Colmar Manor. Their ownership is mostly private, but there are a few parcels with municipal and County ownership as indicated in Table 40 below. The Future Land Use Map in the Adopted Sector Plan recommends Medium-High Density Residential uses (see Map 8. Proposed Future Land Use (LU Map 3) and Strategy LU 1.1 in the Adopted Sector Plan and Map 17. Zoning Change (ZC) 35: RSF-65 to RSF-A and Zoning Change (ZC) 36: RSF-65 to RSF-A below).

These properties represent a unique opportunity to provide an increase in quantity and diversity of housing options by providing context-sensitive one-, two-, or three-family housing at a transitional density between the existing adjacent single-family detached neighborhood and the neighborhood center, as recommended in Strategy LU 6.1 of the Adopted Sector Plan. The subject properties are currently classified in the Residential, Single-Family-65 (RSF-65) Zone, which does not support the diversity of housing types the recommended. Residential, Single-Family-Attached (RSF-A) Zone supports the diversity of housing types recommended. This reclassification also supports Policy HN 1 of the Adopted Sector Plan.

The reclassification to RSF-A allows for the current single-family homes to continue to exist while also allowing for diverse housing types. This zoning change establishes a suitable transition between uses and aligns with the compatibility requirements set forth in the zoning ordinance.⁹ This zoning change aims to provide a range of housing opportunities while maintaining the small-town feel that residents value deeply.

Some of the properties are in the Chesapeake Bay Critical Area, Intense Development Overlay Zone and this SMA makes no amendments to the overlay zone; it carries forward the overlay and

⁹ Zoning Ordinance [Section 27-61200](#)

only changes the underlying base zone. Zoning Change 37 does not remove any properties from the Chesapeake Bay Critical Area, Intense Development Overlay Zone.

			SMA	October 6, 2009	
			SE-4091	April 5, 1995	
			SE-2886	March 14, 1974	

These parcels are located at 4103 Lawrence Street in Colmar Manor and are adjacent to the Anacostia River Stream Valley Park. The Future Land Use Map in the Adopted Sector Plan recommends Medium-High Density Residential uses (see Map 8. Proposed Future Land Use (LU Map 3) and Strategy LU 1.1 in the Adopted Sector Plan and Map 18. ZC 37: RSF-65 to RSF-A below).

These properties are currently developed as the headquarters for the American Legion Colmar Manor Post 131, a veterans' organization, and its associated parking lot. These properties represent a unique opportunity to provide an increase in quantity and diversity of housing options by facilitating context-sensitive one-, two-, or three-family housing adjacent to the existing single-family detached neighborhood as recommended in Policy LU 6 and Strategy LU 6.2 in the Adopted Sector Plan.

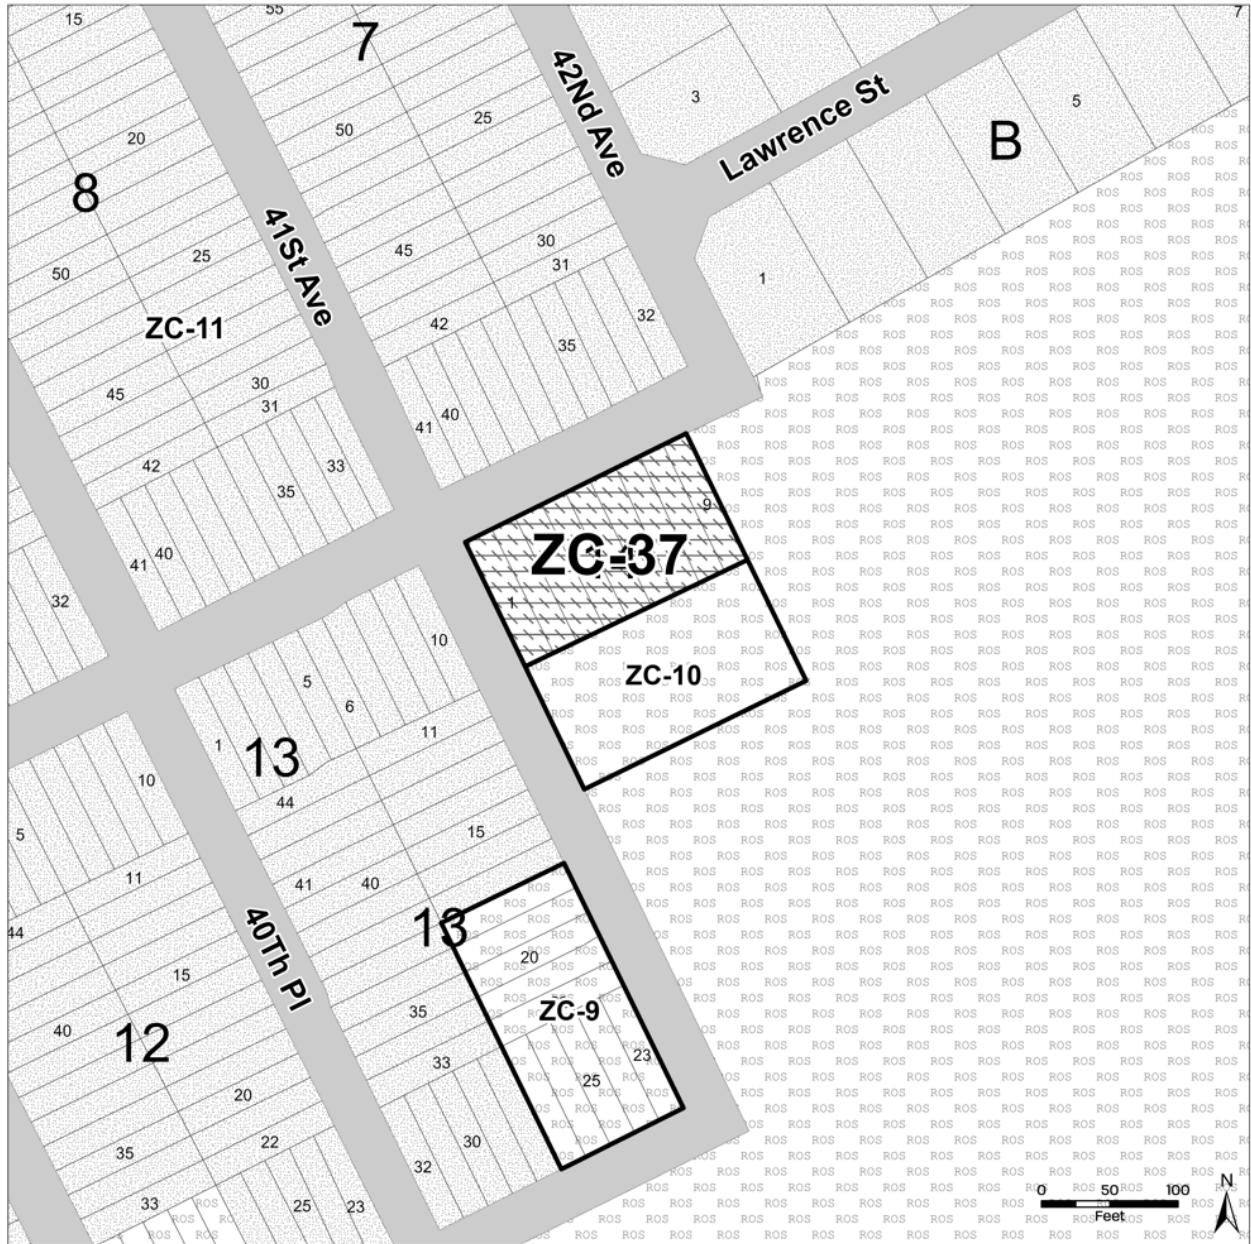

The current zoning classification of this property is Residential, Single-Family-65 (RSF-65), which is intended to provide for and encourage variation in the size, shape, and width of single-family detached residential subdivision lots (see Zoning Ordinance Section 27-4202(e)(1)). The current zoning designation does not permit or support a range of housing options (see Table 27-5101(c) in the Zoning Ordinance).

The Residential, Single-Family-Attached (RSF-A) Zone is intended to provide areas that support residential living and walkability and is compatible with surrounding lands (see Zoning Ordinance 27-4202(f)(1)). This reclassification to RSF-A allows for moderate-density housing, a greater range of housing options, and more attainable housing (see Table 27-5101(c) in the Zoning Ordinance), as recommended by Policy LU 6, Strategy LU 6.2, Policy HN 2, and Strategy HN 2.5 in the Adopted Sector Plan. It also aligns with the surrounding RSF-65 and complements the existing neighborhood character, helping to maintain the small-town feel that residents value deeply.

These parcels are situated south of the Port Towns neighborhood center boundary as identified in the Adopted Sector Plan, and located along the south side of Quincy Street across from the Bostwick House site in Bladensburg and adjacent to the Bladensburg South Park. The Future Land Use Map in the Adopted Sector Plan recommends Medium-High Density Residential uses (see Map 8. Proposed Future Land Use (LU Map 3) and Strategy LU 1.1 in the Adopted Sector Plan and Map 19. Zoning Change (ZC) 38: RSF-65 to RSF-A, Zoning Change (ZC) 39: RSF-65 to RSF-A, and Zoning Change (ZC) 40: RSF-65 to RSF-A below).

These properties currently consist of single-family units, with two units also operating as child care centers. These properties represent a unique opportunity to provide an increase in quantity and diversity of housing options by providing context-sensitive, one-, two- or three-family housing at a transitional density moving away from the neighborhood center, as recommended in Strategy LU 6.1. The subject properties are currently classified in the Residential, Single-Family-65 (RSF-65) Zone, which does not support the diversity of housing types the recommended. Residential, Single-Family-Attached (RSF-A) Zone supports the diversity of housing types recommended. Notably, child care facilities are allowed by Special Exception in both RSF-65 and RSF-A zones. This reclassification also supports Policy HN 1 of the Adopted Sector Plan.

The reclassification to RSF-A allows for the current single-family detached homes to continue to exist while also allowing for diverse housing types. This zoning change establishes a suitable transition between uses and aligns with the intent of the neighborhood compatibility standards set forth in the zoning ordinance.¹⁰ This zoning change aims to provide a range of housing opportunities while maintaining the small-town feel that residents value deeply. This approach aligns with sustainable development goals and builds upon the County's commitment to balanced, inclusive growth.

			SMA	October 6, 2009	

These residential properties are situated south of the Port Towns neighborhood center boundary as identified in the Adopted Sector Plan and located along the south side of Quincy Street adjacent to Bladensburg South Park and across from Bladensburg Elementary School. The Future Land Use Map in the Adopted Sector Plan recommends Medium-High Density Residential uses (see Map 8. Proposed Future Land Use (LU Map 3) and Strategy LU 1.1. in the Adopted Sector Plan and Map 19. Zoning Change (ZC) 38: RSF-65 to RSF-A, Zoning Change (ZC) 39: RSF-65 to RSF-A, and Zoning Change (ZC) 40: RSF-65 to RSF-A below).

These properties currently include single-family detached homes. This reclassification represents a unique opportunity to provide an increase in quantity and diversity of housing options by providing context-sensitive one-, two-, or three-family housing at a transitional density between the neighborhood center and neighboring areas as recommended in Strategy LU 6.1. The subject property is currently classified in the Residential, Single-Family-65 (RSF-65) Zone, which does not support the diversity of housing types the recommended. Residential, Single-Family-Attached (RSF-A) Zone supports the diversity of housing types recommended. This reclassification also supports Policy HN 1 of the Adopted Sector Plan.

The reclassification to RSF-A allows for the current single-family detached homes to continue to exist while also allowing for diverse housing types. This zoning change establishes a suitable transition between uses and aligns with the intent of the neighborhood compatibility standards set forth in the zoning ordinance.¹¹ This zoning change aims to provide a range of housing opportunities while maintaining the small-town feel that residents value deeply. This approach aligns with sustainable development goals and builds upon the County's commitment to balanced, inclusive growth.

			SE-4723	June 12, 2013	
			SMA	October 6, 2009	

These properties are situated south of the Port Towns neighborhood center boundary as identified in the Adopted Sector Plan, and located along Annapolis Road, 52nd Street, 53rd Street, and Quincy Street near Bladensburg Elementary and St Michael Eritrean Orthodox Church. The Future Land Use Map in the Adopted Sector Plan recommends Medium-High Density Residential (see Map 8. Proposed Future Land Use (LU Map 3) and Strategy LU 1.1 in the Adopted Sector Plan and Map 19. Zoning Change (ZC) 38: RSF-65 to RSF-A, Zoning Change (ZC) 39: RSF-65 to RSF-A, and Zoning Change (ZC) 40: RSF-65 to RSF-A below).

These properties currently comprise of single-family detached housing and a religious facility. The subject properties are currently classified in the Residential, Single-Family-65 (RSF-65) Zone, which does not support the diversity of housing types the recommended. The Residential, Single-Family-Attached (RSF-A) Zone supports the diversity of housing types recommended. This reclassification also supports Policy HN 2 of the Adopted Sector Plan. This reclassification represents a unique opportunity to provide an increase in quantity and diversity of housing options by providing context-sensitive one-, two-, or three-family housing at a transitional density between the neighborhood center and neighboring areas as recommended in Strategy LU 6.1. In addition, the reclassification bridges the gap between existing single-family neighborhoods and adjacent Residential, Multifamily-20(RMF-20); Residential, Multifamily-48 (RMF-48); and the Neighborhood Activity Center (NAC) Zones of the Adopted Sector Plan supporting a more cohesive urban fabric.

The reclassification to RSF-A allows for the current single-family detached homes to continue to exist while also allowing for diverse housing types. This zoning change establishes a suitable transition between the neighborhood center and established communities and aligns with the intent of the neighborhood compatibility standards set forth in the zoning ordinance.¹² This zoning

¹² Zoning Ordinance [Section 27-61200](#)

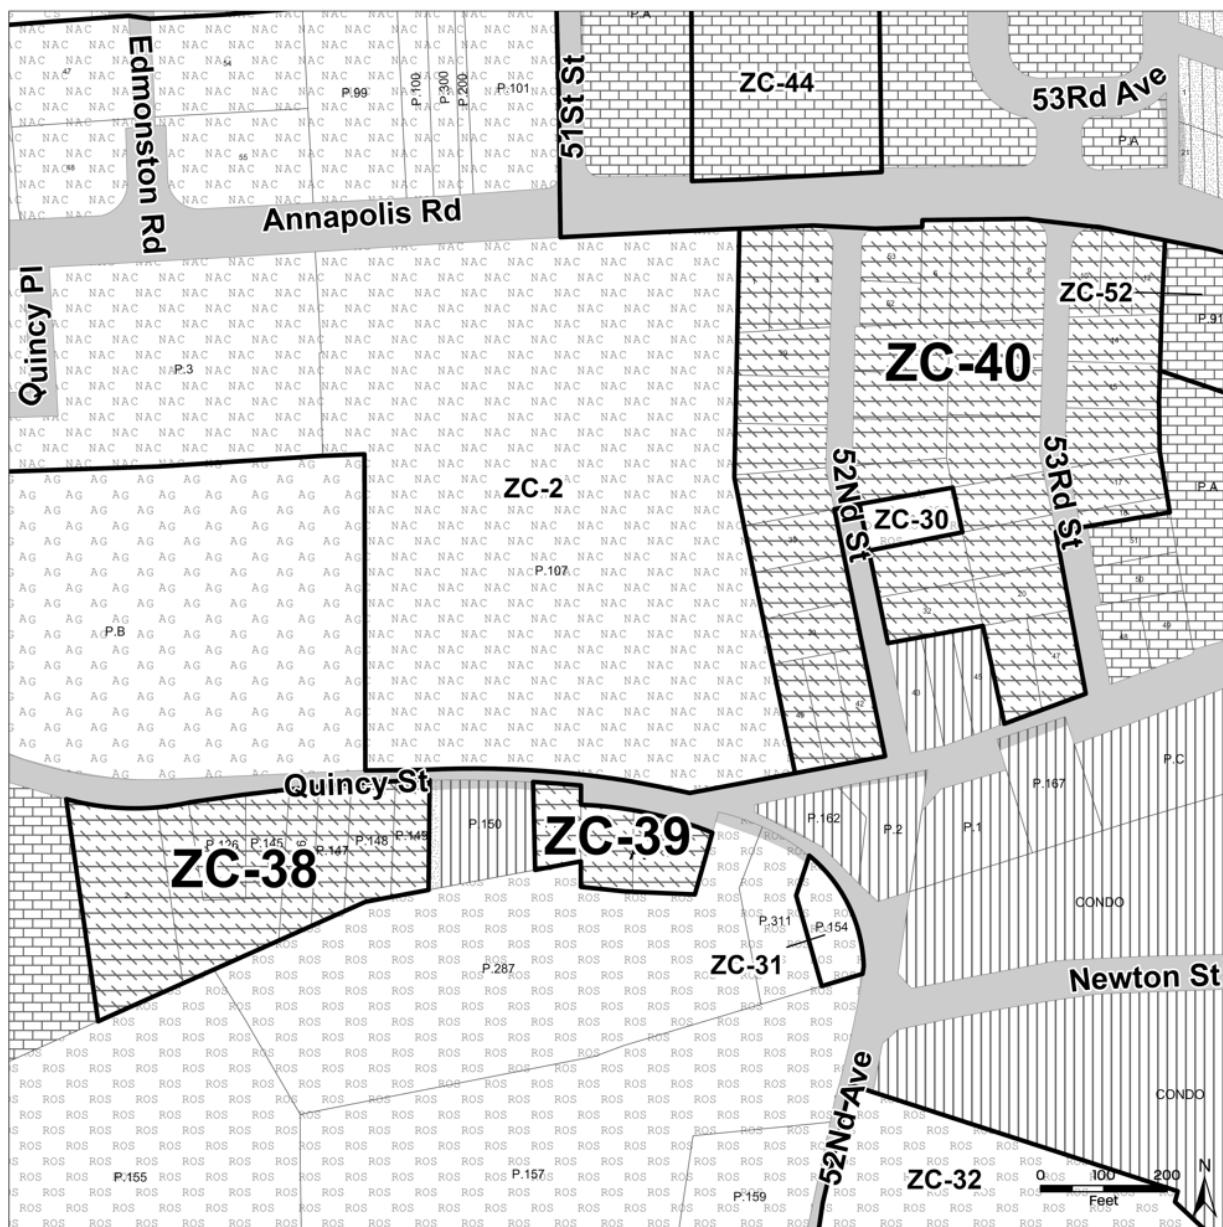

change aims to provide a range of housing opportunities while maintaining the small-town feel that residents value deeply. This approach aligns with sustainable development goals and builds upon the County's commitment to balanced, inclusive growth.

Zoning Change 41: RSF-65 and CGO to RSF-A

Change Number	Zoning Change	Area of Change (Acres)	Approved CMA/SMA/ TDOZMA/ ZMA/SE Number	Approved CMA/SMA/ TDOZMA/ ZMA/SE Date	200' Scale Index Map
41	RSF-65 and CGO to RSF-A	0.91	CMA	April 1, 2022	205NE04
			SMA	October 6, 2009	

These properties are adjacent to Opportunity Site F (Publick Playhouse and Vicinity) of the Adopted Sector Plan and located between Shepherd Street, 54th Place, and Spring Road. This zoning change group consists of several properties, one of which is owned by Prince George's County (see Table 45 below). The Future Land Use Map in the Adopted Sector Plan recommends Medium-High Density Residential uses (see Map 8. Proposed Future Land Use (LU Map 3) and Strategy LU 1.1 in the Sector Plan and Map 20. Zoning Change (ZC) 41: RSF-65 and CGO to RSF-A below).

The properties include single-family residential units and a religious facility. The lower branch of the Anacostia River tributary runs through the site. These properties represent a unique opportunity to provide an increase in quantity and diversity of housing options by providing context-sensitive one-, two-, or three-family housing at a transitional density between high intensity commercial corridors and the existing adjacent single-family detached neighborhood as recommended in Strategy LU 6.1.

The properties are currently zoned Residential, Single-Family-65 (RSF-65) and Commercial, General and Office (CGO), which allow residential development; however, they do not accommodate the broader range of housing types supported by the proposed RSF-A zoning classification. This reclassification also supports Policy HN 2 of the Adopted Sector Plan.

The existing single-family detached residential use on Lots 13 and 14 (Tax ID 0103143) constitutes a nonconforming use within the existing CGO zone. Rezoning the property to RSF-A would make this residential use conforming and ensure compatibility and consistency with the surrounding residential parcels.

The reclassification to Residential, Single-Family-Attached (RSF-A) allows for the current single-family detached homes to continue to exist while also allowing for diverse housing types. This zoning change establishes a suitable transition between uses and aligns with the intent of the

neighborhood compatibility standards set forth in the zoning ordinance.¹³ This zoning change aims to provide a range of housing opportunities while maintaining the small-town feel that residents value deeply. This approach aligns with sustainable development goals and builds upon the County's commitment to balanced, inclusive growth.

			SMA	October 6, 2009	206NE05

These properties are located at 5407 Decatur Street between Edmonston Road, Chesapeake Road, and 55th Avenue in the Town of Bladensburg and are part of Opportunity Site C: Residential Infill Along Decatur Street of the Adopted Sector Plan. The Future Land Use Map in the Adopted Sector Plan recommends residential medium-high uses (See Map 8 Proposed Future Land Use (LU Map 3) and Strategy LU 1.1 in the Adopted Sector Plan and Map 21. Zoning Change (ZC) 42: RSF-95 and RSF-65 to RSF-A below).

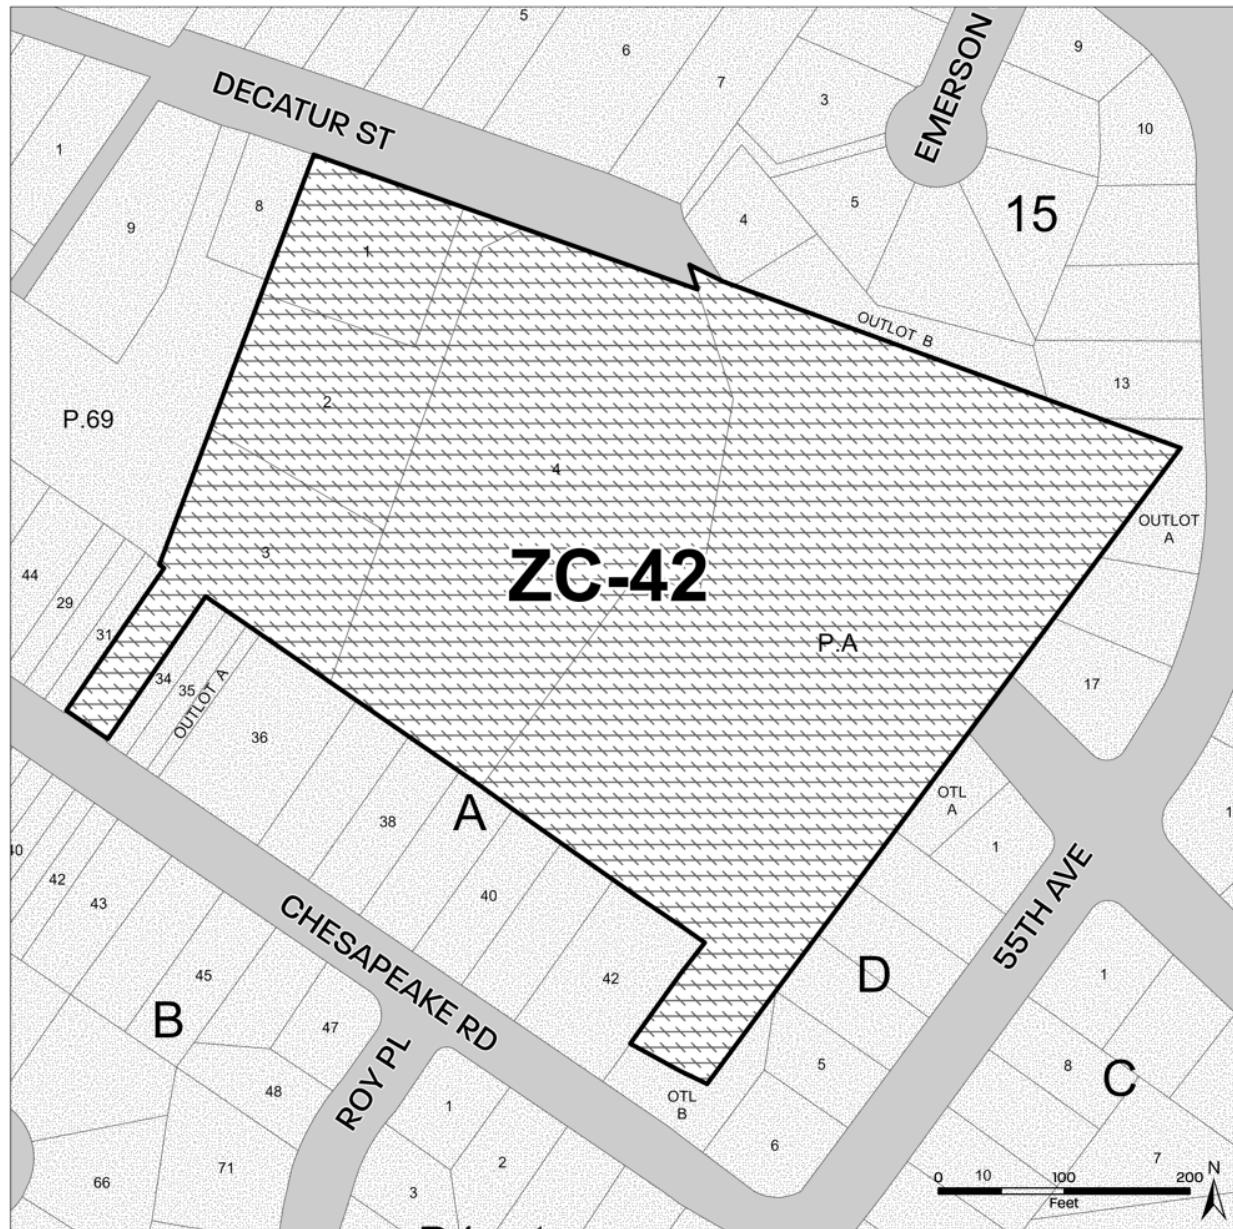

These properties are currently zoned Residential, Single-Family-65 (RSF-65) and Residential, Single-Family-95 (RSF-95) which are intended to provide for and encourage variation in the size, shape, and width of single-family detached residential subdivision lots (see Zoning Ordinance Section 27-4202(e)(1). These properties currently comprise of several vacant lots (lots 1-3), a single-family detached residential building, and a church.

The Residential, Single-Family-Attached (RSF-A) Zone reclassification aims to maximize the potential of underutilized land by exploring and encouraging infill development in targeted areas as recommended in Policy LU 6 and Strategy LU 6.2, and to allow for a diversity of housing choices as recommended in Strategy LU 7.8 of the Adopted Sector Plan. These properties represent a unique opportunity to provide an increase in housing diversity by providing context-sensitive, one-, two-, or three three-family housing. The reclassification to RSF-A aims to support a range of housing opportunities while maintaining the small-town feel that residents value deeply.

Zoning Change 43: NAC to RMF-48

Change Number	Zoning Change	Area of Change (Acres)	Approved CMA/SMA/ TDOZMA/ ZMA/SE Number	Approved CMA/SMA/ TDOZMA/ ZMA/SE Date	200' Scale Index Map
43	NAC to RMF-48	3.15	CMA	April 1, 2022	205NE03
			SMA	October 6, 2009	
			SE-3302	September 29, 1981	

This parcel owned by the Housing Authority of Prince George's County is located at 4142 Bunker Hill Road in the Town of Cottage City. The Future Land Use Map in the Adopted Sector Plan recommends residential high uses (See Map 8 Proposed Future Land Use (LU Map 3) and Strategy LU 1.1 in the Adopted Sector Plan and Map 22. Zoning Change (ZC) 43: NAC to RMF-48 below).

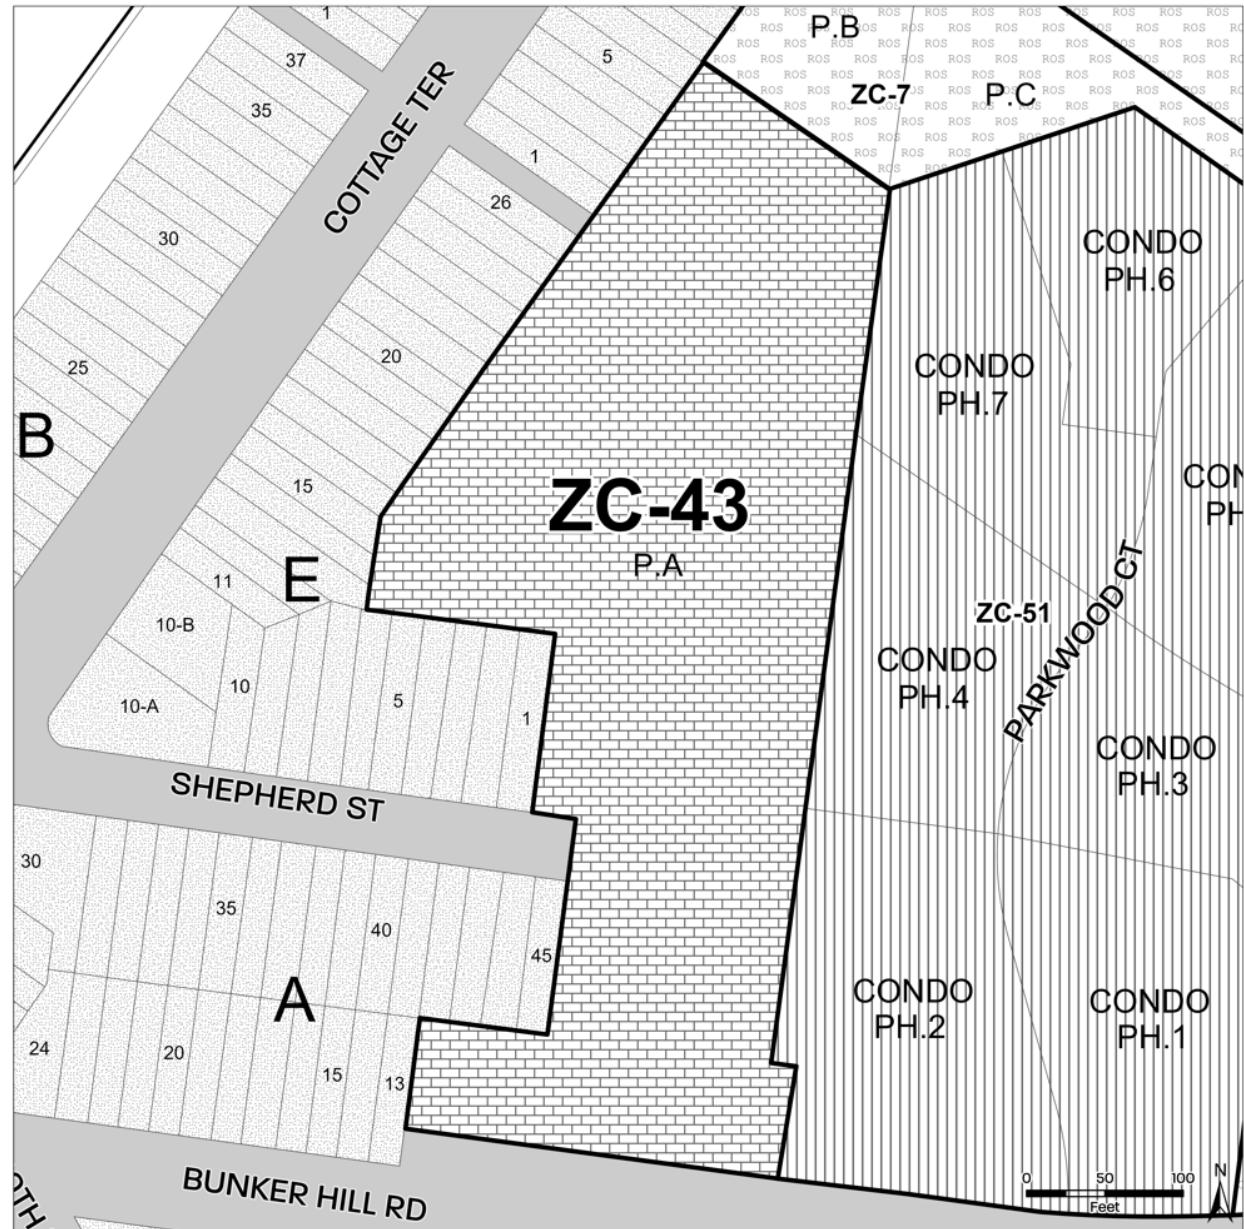

The parcel is currently classified in the Neighborhood Activity Center (NAC) zone and encompasses an existing affordable multifamily housing complex for seniors (Cottage City Towers). Its current zoning classification is intended to provide land for mixed-use centers in areas well-connected to transit with up to 90 dwelling units per acre. NAC zones are generally located along or near transit routes to support transit-oriented development. According to the Adopted Sector Plan, the most suitable location for a property to be zoned NAC is inside the neighborhood center boundary. Since this property is not located within the neighborhood center boundary, its reclassification to Residential, Multifamily-48 (RMF-48) provides a compatible transition between and complement to the surrounding Residential, Single-Family-Attached (RSF-A) and Residential, Single-Family-65 (RSF-65) Zones.

The RMF-48 zone is intended for high-density multifamily residential development, which is consistent with the property's existing use and density. This reclassification to RMF-48 would allow for residential redevelopment in the future at high densities, or infill development on undeveloped portions of the property since the current development does not meet the maximum density permitted under this zone. This reclassification supports preservation of affordable housing and naturally occurring affordable housing as recommended in Policy LU 5, Strategy LU 5.3, Policy HN 6, Strategy HN 3.3, and Strategy HN 3.4.

Zoning Change 44: RSF-65 to RMF-48

Change Number	Zoning Change	Area of Change (Acres)	Approved CMA/SMA/ TDOZMA/ ZMA/SE Number	Approved CMA/SMA/ TDOZMA/ ZMA/SE Date	200' Scale Index Map
44	RSF-65 to RMF-48	4.17	CMA	April 1, 2022	205NE04
			SMA	October 6, 2009	

This property is located at 5150 Annapolis Road in the Town of Bladensburg, is owned by the State of Maryland, and is currently used as a school (International High School). The Future Land Use Map in the Adopted Sector Plan recommends maintaining the current institutional land use (See Map 8. Proposed Future Land Use (LU Map 3) and Strategy LU 1.1 in the Adopted Sector Plan and Map 23. Zoning Change (ZC) 44: RSF-65 to RMF-48 below).

The current zoning classification of this property is Residential, Single-Family-65 (RSF-65), which is intended to provide for and encourage variation in the size, shape, and width of single-family detached residential subdivision lots (see Zoning Ordinance Section 27-4202(e)(1)). This zoning classification does not support adding residential infill near centers and opportunity sites that create more walkable communities, as recommended by Policy LU 5 and Strategy LU 5.3 in the Adopted Sector Plan.

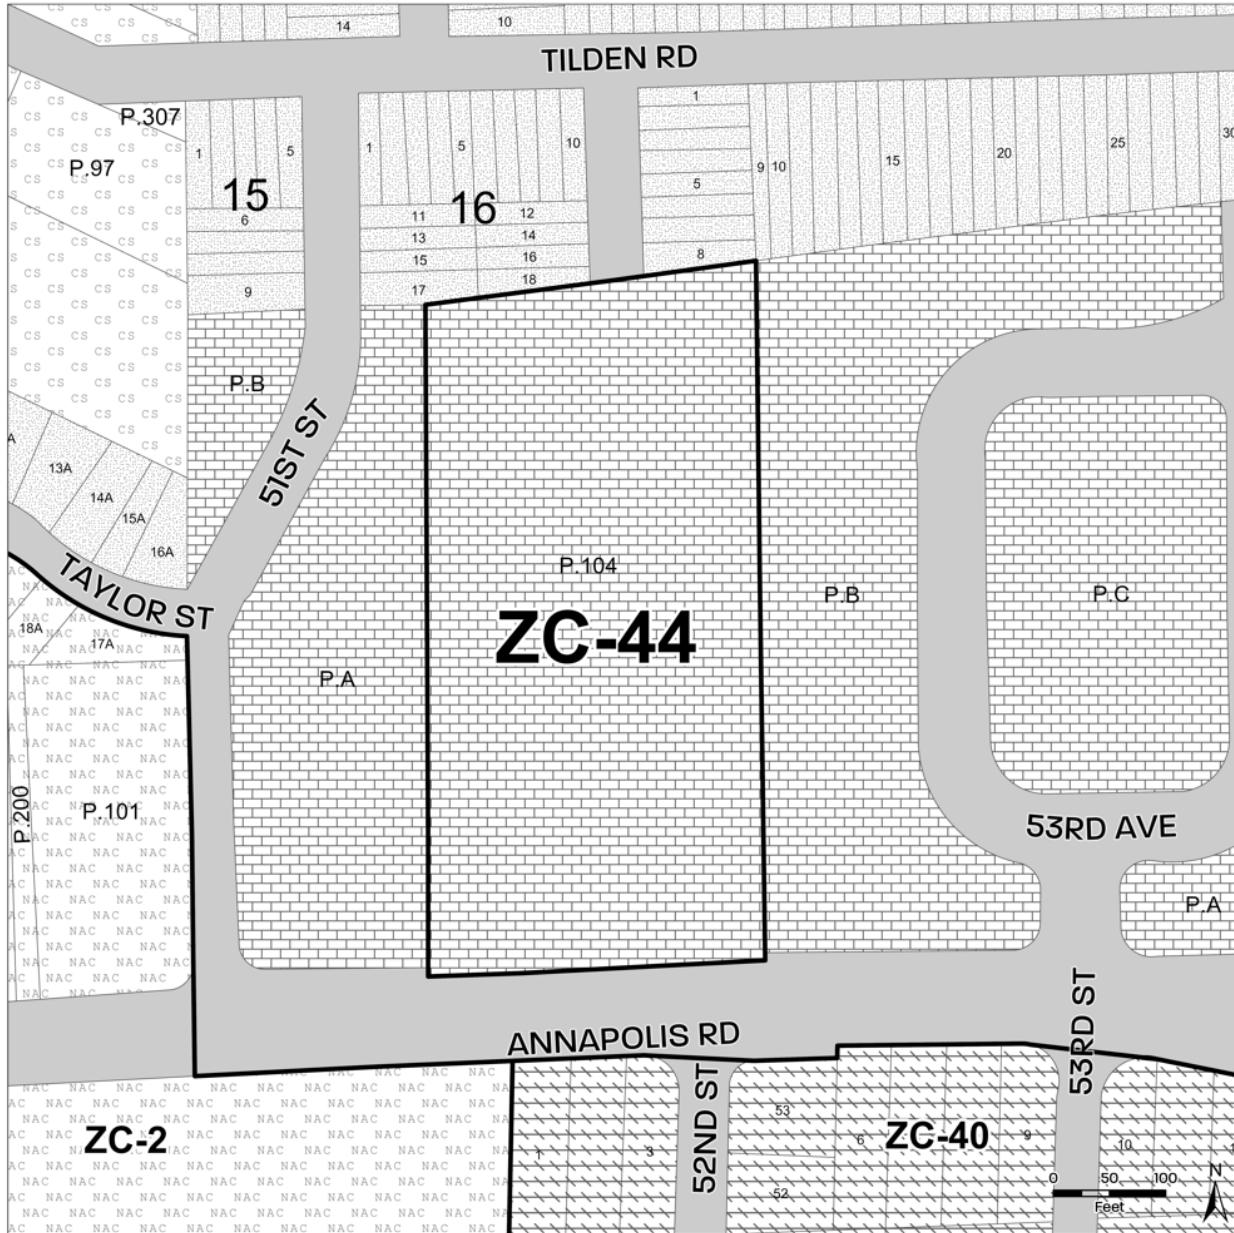

The Residential, Multifamily-48 (RMF-48) Zone is intended for high-density multifamily and other forms of development that support residential living and walkability close to centers (see Zoning Ordinance 27-4204(i)(1)).

If the school were to relocate in the future, and the existing building built in the 1920s deemed obsolete, the site's location near the neighborhood center, transit, and opportunity sites would make it well-suited for high-density residential infill development. Additionally, the large property size is an uncommon occurrence within the sector plan boundary and presents a unique opportunity for redevelopment without lot consolidation. This reclassification also aligns the property with the adjacent parcels' zoning and existing uses, in addition to supporting the broader goals of increasing housing opportunities near amenities and services as recommended by Policy LU 5 and Strategy LU 5.3 of the Adopted Sector Plan.

Change Number	Zoning Change	Area of Change (Acres)	Approved CMA/SMA/ TDOZMA/ ZMA/SE Number	Approved CMA/SMA/ TDOZMA/ ZMA/SE Date	200' Scale Index Map
45	NAC to RMF-48	0.53	CMA	April 1, 2022	205NE03
			SMA	October 6, 2009	

This parcel is located at the intersection of 38th Avenue and Parkwood Street in the Town of Cottage City and includes a series of small-scale apartments buildings containing four to five units. The Future Land Use Map in the Adopted Sector Plan recommends residential high uses (see Map 8. Proposed Future Land Use (LU Map 3) and Strategy LU 1.1 in the Adopted Sector Plan and Map 24. Zoning Change (ZC) 45: NAC to RMF-48 below).

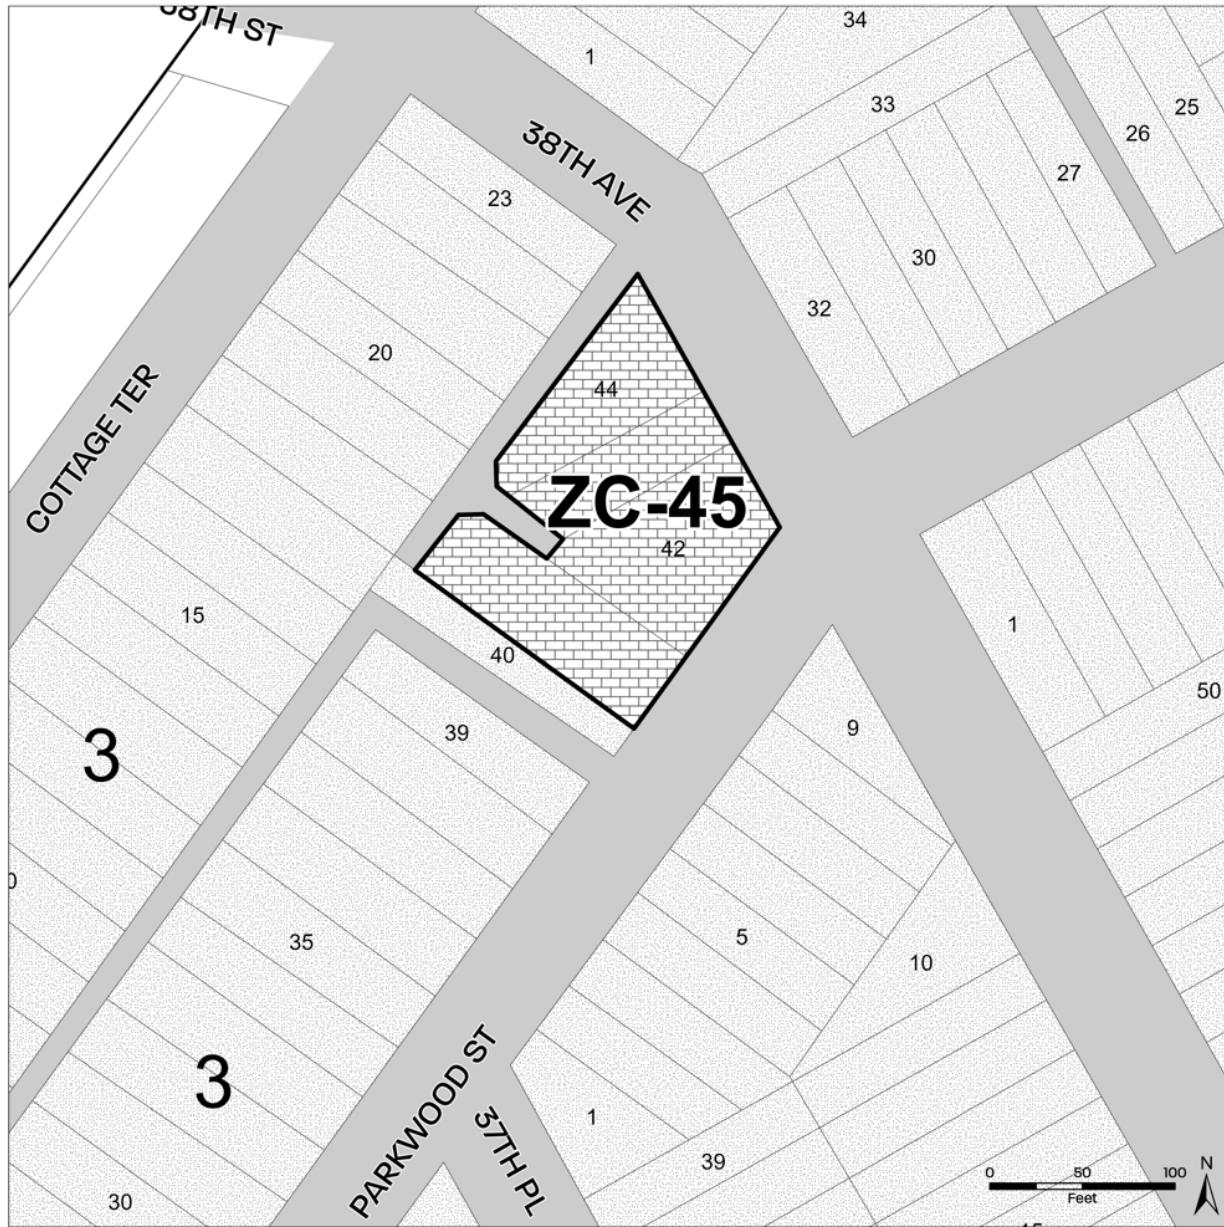

The current zoning classification is the Neighborhood Activity Center (NAC) Zone, which is intended to provide land for mixed-use centers in areas well-connected to transit with up to 90 dwelling units per acre. NAC zones are generally located along or near transit routes to support transit-oriented development. According to the Adopted Sector Plan, the most suitable location for a property to be zoned NAC is inside the neighborhood center boundary. Since this property is not located within the neighborhood center boundary, its reclassification to Residential, Multifamily-48 (RMF-48) provides a compatible transition between and complement to the surrounding Residential, Single-Family-Attached (RSF-A) and Residential, Single-Family-65 (RSF-65) Zones.

The RMF-48 Zone is intended for high-density multifamily and other forms of development that support residential living and walkability close to centers (see Zoning Ordinance 27-4204(i)(1)). This reclassification is consistent with the property's existing use, density, and location. It also supports preservation of naturally occurring affordable housing and housing variety as recommended in Policy LU 5, Strategy LU 5.3, Policy HN 3, and Strategies HN 3.3 and HN 3.5.

Zoning Change 46: NAC to CN

Change Number	Zoning Change	Area of Change (Acres)	Approved CMA/SMA/ TDOZMA/ ZMA/SE Number	Approved CMA/SMA/ TDOZMA/ ZMA/SE Date	200' Scale Index Map
46	NAC to CN	8.29	CMA	April 1, 2022	042C4
			SMA	October 6, 2009	042D4

These parcels are located between Madison Street, Lafayette Place, and 46th Avenue in the Town of Edmonston. The Future Land Use Map in the Adopted Sector Plan recommends commercial uses (see Map 8. Proposed Future Land Use (LU Map 3) and Strategy LU 1.1 in the Adopted Sector Plan and Map 25. Zoning Change (ZC) 46: NAC to CN below).

The subject properties contain different industrial and artisanal uses such as storage warehouses, distribution warehouses, wholesale, recreational or entertainment establishments of a commercial nature, manufacturing, vocational or trade school uses, artisan manufacturing, and catering or food processing. These uses are compatible with the surrounding Industrial, Employment (IE) Zone, which allows for a mix of industrial and limited residential development.

The current zoning classification is the Neighborhood Activity Center (NAC) Zone, which is intended to provide land for mixed-use centers in areas well-connected to transit with up to 90 dwelling units per acre (see Zoning Ordinance 27-4204(c)(1)). NAC zones are generally located along or near transit routes to support transit-oriented development. The properties are not well connected to transit routes due to the railroad tracks along the western edge and Lafayette Place, a dead-end road, on the eastern edge. This limits and directs traffic to go south which leads to residential, single-family detached neighborhoods. The lack of access to primary and arterial roads, and limited connection to transit, does not make the NAC Zone suitable for these properties. Further, according to the Adopted Sector Plan, the most suitable location for a property to be zoned NAC is inside the neighborhood center boundary. Since these properties are not located within a neighborhood center boundary, per Strategies LU 4.1 of the Adopted Sector Plan, their reclassification to Commercial, Neighborhood (CN) Zone will better align with the existing land use context, while maintaining a zoning designation that is more consistent with the surrounding light industrial and employment area character.

The Commercial, Neighborhood (CN) Zone classification is intended for small-scale, low-intensity retail and service commercial development serving the daily needs of residents in immediately surrounding neighborhoods and does not attract significant traffic from outside of the immediate area (see Zoning Ordinance 27-4203(b)(1)). This reclassification will better align with the adjacent neighborhood and provide walkable and bikeable amenities to the community, as recommended by Strategy LU 4.10, Policy LU 5, Strategy LU 5.2, and Policy EP 4 of the Adopted Sector Plan.

This reclassification also implements Strategy LU 1.1 of the Adopted Sector Plan by implementing and/or retaining the land uses shown on each parcel on the Future Land Use Map (Map 8. Proposed Future Land Use (LU Map 3)).

Zoning Change 46: Justification of Nonconforming Use

Section 27-3503(a)(5)(B) of the Zoning Ordinance states:

No property may be zoned to a less intense category (see Section 27-4102(b)) if...[b]ased on existing physical development at the time of adoption of the sectional map amendment, the zoning would create a nonconforming use. This zoning may be approved, however, if there is a significant public benefit to be served by the zoning based on facts peculiar to the subject property and the immediate neighborhood. In recommending the zoning, the Planning Board shall identify these properties and provide written justification supporting the zoning at the time of transmittal. The failure of either the Planning Board or property owner to identify these properties, or a failure of the Planning Board to provide the written justification, shall not invalidate any District Council action in the approval of the sectional map amendment.

Zoning Change 46, if approved, will create nonconforming uses for some of the existing uses, including storage warehouse, distribution, storage, and wholesale facilities on the subject properties.

The Countywide Map Amendment placed the subject properties in the NAC Zone. Storage warehouses, distribution warehouses, wholesale, and light manufacturing are prohibited in the NAC Zone. This SMA rezones these properties to the CN zone, a lower-intensity zone, thereby causing the uses to continue to be nonconforming. However, pursuant to the Transitional Provisions in Section 27-1704 of the Zoning Ordinance, various uses that were permitted under the property's former I-1 zoning on March 31, 2022 are deemed legal and conforming until the District Council approves a new zone for the property. However, this reclassification provides a significant public benefit based on facts peculiar to the subject property and the immediate neighborhood.

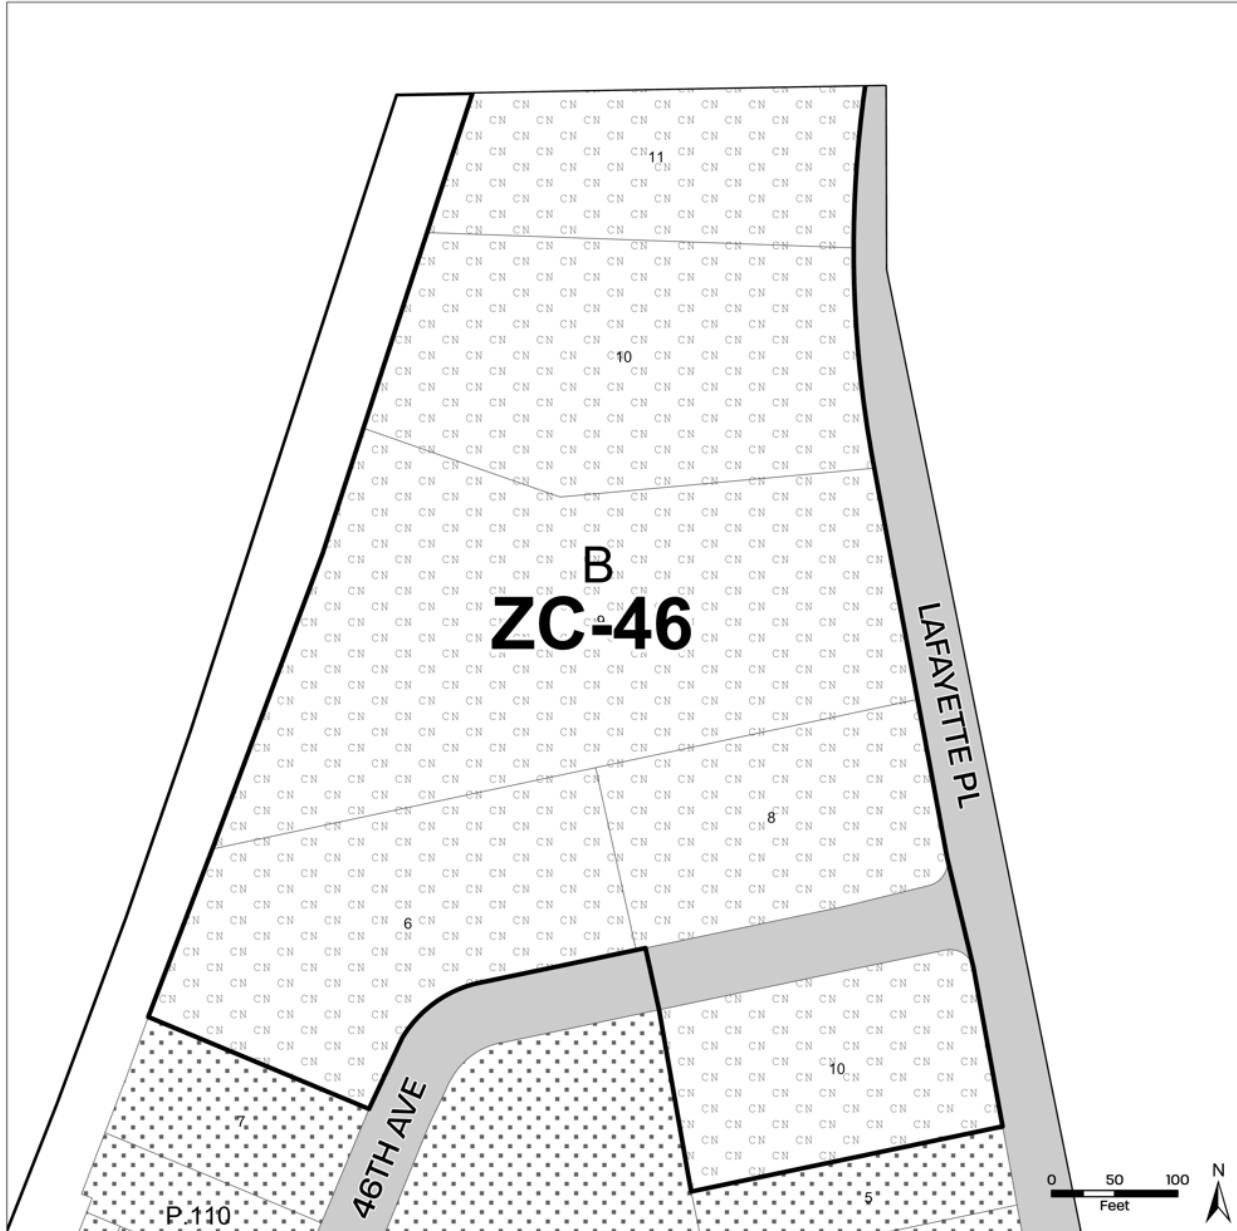

The existing industrial uses do not contribute to the desired land use pattern as depicted in Map 8. Proposed Future Land Use (LU Map 3) and Strategy LU 1.1 of the Adopted Sector Plan, which recommend commercial uses. Further, these uses also contribute to industrial trips through adjacent single-family detached neighborhoods which contributed to the Town of Edmonston prohibiting trucks and buses from using residential roads serving these homes. These restrictions have limited industrial access to a single entry/exit point (46th Avenue and Decatur Street) for this industrial park. Providing additional access to other primary and arterial roads is problematic due to the railroad tracks and existing development.

The existing NAC zone would limit additional industrial uses, but the high density permitted of 90 dwelling units per net acre, limited access, and lack of transit would still contribute to a high level of traffic on residential roads with limited access. In contrast, the CN zone is intended for serving the daily needs of residents in immediately surrounding neighborhoods (see Zoning

Ordinance 27-4203(b)(1)); it is more compatible with the adjacent neighborhood to provide walkable and bikeable amenities to the nearby community, as recommended by Strategy LU 4.10, Policy LU 5, Strategy LU 5.2, and Policy EP 4 of the Adopted Sector Plan. This commercial node can also complement the nearby Riverdale MARC Local Neighborhood Center across the railroad tracks, as recommended by TM 5.1 and supports Policy HN 2 and Strategy HN 2.6.

Lastly, this reclassification provides a more compatible transitional buffer between the industrial uses and adjacent residential areas, while offering opportunities for arts and artisanal production uses as shown in the conceptual “Maker District” design (see Section III of the Adopted Sector Plan). The rezoning to the CN Zone aligns with Policy HD 5 and Strategy HD 5.1 to build opportunities for art as an economic generator. There is significant public benefit to be gained by redeveloping the subject properties pursuant to the provisions of the CN Zone.

Zoning Change 47: RSF-65 to CGO

Change Number	Zoning Change	Area of Change (Acres)	Approved CMA/SMA/ TDOZMA/ ZMA/SE Number	Approved CMA/SMA/ TDOZMA/ ZMA/SE Date	200' Scale Index Map
47	RSF-65 to CGO	1.12	CMA	April 1, 2022	205NE04
			SMA	October 6, 2009	

This group of properties is located along Shepherd Street, Annapolis Road, and 54th Street in the Town of Bladensburg. The Future Land Use Map in the Adopted Sector Plan recommends commercial uses (see Map 8. Proposed Future Land Use (LU Map 3) and Strategy LU 1.1 in the Adopted Sector Plan and Map 26. Zoning Change (ZC) 47: RSF-65 to CGO below).

These properties are currently classified in the Residential, Single-Family-65 (RSF-65) zone which is intended to provide for and encourage variation in the size, shape, and width of single-family detached residential subdivision lots (see Zoning Ordinance Section 27-4202(e)(1)). The existing uses include a church, parking lots for churches, and open space.

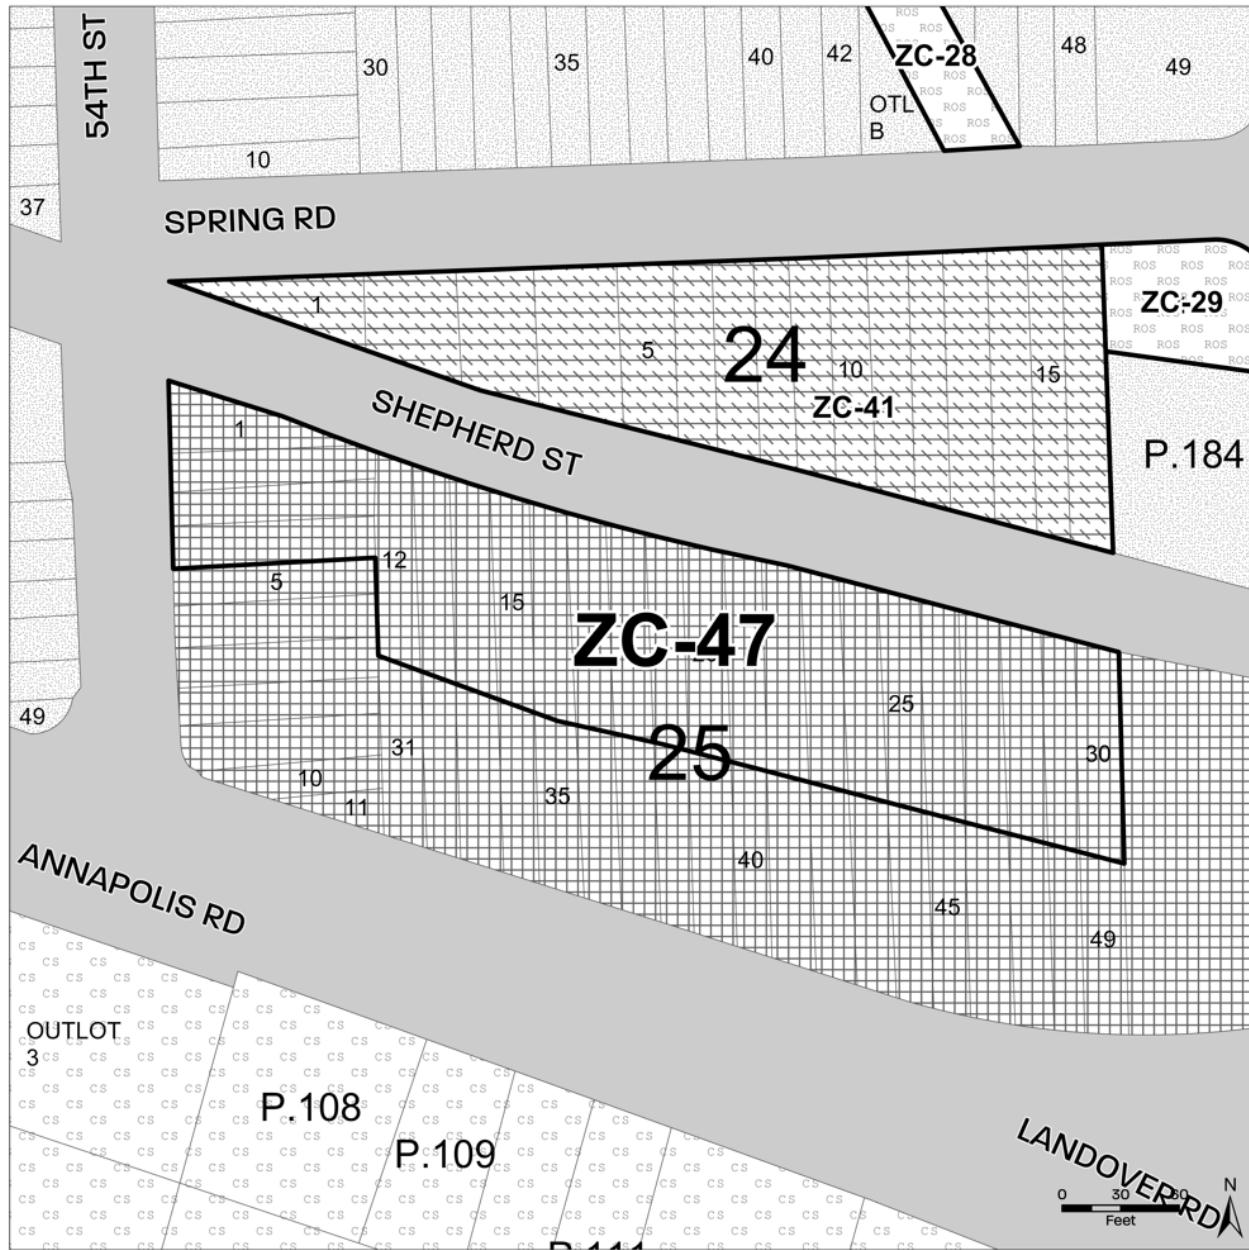

The subject properties are comprised of a group of 23 lots owned by two property owners, which presents a unique opportunity for infill redevelopment of an underutilized area that can further support Opportunity Site F: Publick Playhouse and Vicinity as recommended in Policy LU 5, Strategy LU 5.1, and Strategy LU 7.14 of the Adopted Sector Plan.

The Commercial, General and Office (CGO) Zone is intended for a diverse range of business, civic, and mixed-use development (see Zoning Ordinance 27-4203(d)(1)). This reclassification also supports Policy EP 4 of the Adopted Sector Plan to revitalize commercial corridors and hubs to serve neighboring communities, as recommended by EP 4.7 in the Adopted Sector Plan.

Table 50. Parcels Subject to ZC 47

Zoning Change 48: IH to IE

Change Number	Zoning Change	Area of Change (Acres)	Approved CMA/SMA/ TDOZMA/ ZMA/SE Number	Approved CMA/SMA/ TDOZMA/ ZMA/SE Date	200' Scale Index Map
48	IH to IE	6.52	CMA	April 1, 2022	206NE04
			SMA	October 6, 2009	

The subject properties are located at the intersection of Tanglewood Drive and Buchanan Street in the Town of Edmonston and are part of Opportunity Site B: Buchanan Street Industrial Area. The Future Land Use Map in the Adopted Sector Plan recommends industrial/employment uses (see Map 8. Proposed Future Land Use (LU Map 3) and Strategy LU 1.1 in the Adopted Sector Plan and Map 27. Zoning Change (ZC) 48: IH to IE below).

The properties are currently zoned Industrial, Heavy (IH), which allows for intense industrial development. The existing uses are personal vehicle repair and maintenance, storage warehouses, and warehouse showroom. The Industrial, Employment (IE) Zone allows for a mix of industrial and limited residential development. This reclassification to IE is based on the concept for Opportunity Site B in the Adopted Sector Plan. The IE zone will better accommodate residential and live-work units to help to complement higher intensity mixed use development, along with creation of a “maker” district with appropriate light industrial, commercial and residential uses as recommended in Policy 5, Strategy 5.5, Policy LU 7, and Strategy LU 7.6 of the Adopted Sector Plan.

These properties are in the Chesapeake Bay Critical Area, Intense Development Overlay Zone and this SMA makes no amendments to the overlay zone; it carries forward the overlay and only changes the underlying base zone. Zoning Change 49 does not remove any properties from the Chesapeake Bay Critical Area, Intense Development Overlay Zone.

DRAFT

Map 27. Zoning Change (ZC) 48: IH to IE

Source: Prince George's County Planning Department, *GIS Open Data Portal*, 2025
<https://gisdata.pgplanning.org/opendata/>

Zoning Change 49: RSF-65 to ROS

Change Number	Zoning Change	Area of Change (Acres)	Approved CMA/SMA/ TDOZMA/ ZMA/SE Number	Approved CMA/SMA/ TDOZMA/ ZMA/SE Date	200' Scale Index Map
49	RSF-65 to ROS	0.05	CMA	April 1, 2022	204NE03
			SMA	October 6, 2009	

The subject property, Lot 14 of the parcel identified with Tax ID 0184465, is an M-NCPPC property located on Newton Street, northwest of Colmar Manor Community Garden. The Future Land Use Map in the Adopted Sector Plan recommends parks and open space uses (see Map 8. Proposed Future Land Use (LU Map 3) and Strategy LU 1.1 in the Adopted Sector Plan and Map 28. Zoning Change (ZC) 49: RSF-65 to ROS below).

The existing zoning classification of this property is Residential, Single-Family-65 (RSF-65), which is intended to provide for and encourage variation in the size, shape, and width of single-family detached residential subdivision lots (see Zoning Ordinance Section 27-4202(e)(1)). The parcel is owned by M-NCPPC and is an access point to the existing community garden from Newark Road. The property also contains various environmental features, including existing woodland and steep slopes.

The Reserved Open Space (ROS) Zone is intended for protecting scenic and environmentally sensitive areas, ensuring the retention of certain areas for non-intensive, active, or passive recreation uses, and providing for a limited range of public, recreational, and agricultural uses (see Zoning Ordinance Section 27-4201(c)(1)). This reclassification implements the land use and zoning recommendations in the Adopted Sector Plan's Strategy LU 2.1.

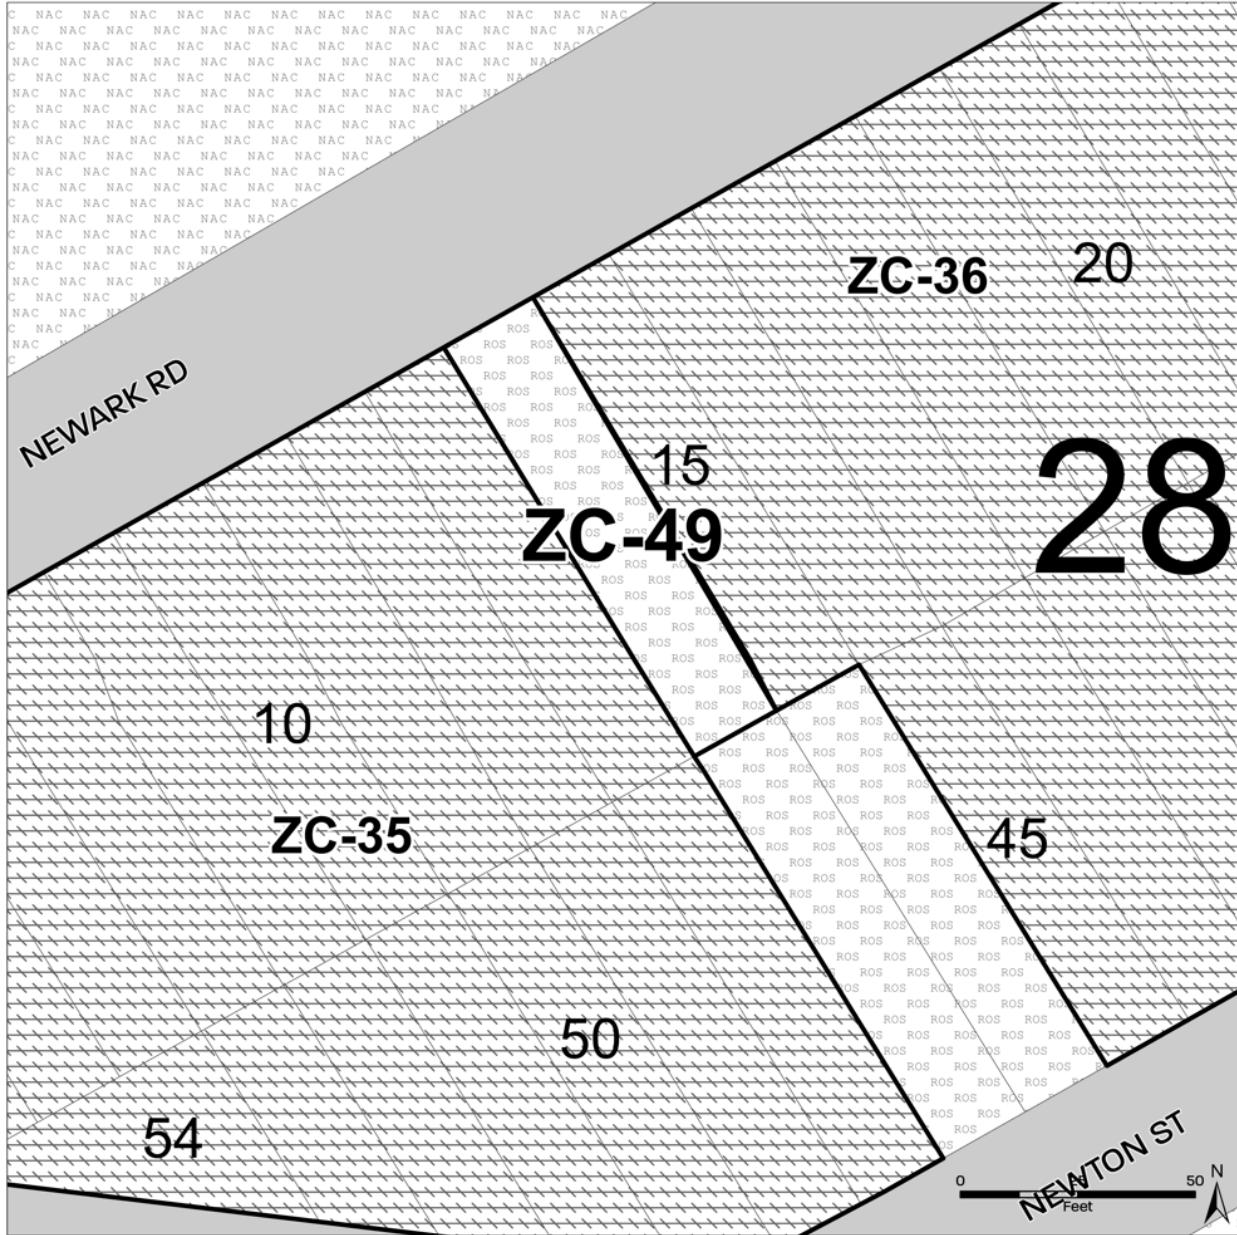

Research into this property and the 2009 SMA also revealed that the zoning between Lot 14 (part of tax account: 0184465) and Lot 15 (tax account: 0179655) was erroneously reversed, resulting in the subject parcel being incorrectly zoned RSF-65 while the neighboring parcel containing a home was erroneously zoned ROS. This reclassification corrects the zoning for this parcel to align with its existing and future use serving the community garden (it also corrects for the neighboring parcel—see ZC 37).

This reclassification also implements or supports Policies LU 2, NE 1, NE 2, HC 3, HC 4, and PF 5 of the Adopted Sector Plan by supporting connectivity, enhancing access to green spaces for community members while promoting sustainable development.

Table 52. Parcels Subject to ZC 49

Zoning Change 50: RSF-65 to ROS

Change Number	Zoning Change	Area of Change (Acres)	Approved CMA/SMA/ TDOZMA/ ZMA/SE Number	Approved CMA/SMA/ TDOZMA/ ZMA/SE Date	200' Scale Index Map
50	RSF-65 to ROS	0.15	CMA	April 1, 2022	205NE04
			SMA	October 6, 2009	

These public properties, owned by the Town of Bladensburg, are located at the intersection of Taussig Road and 54th Street. The Future Land Use Map in the Adopted Sector Plan recommends Parks and Open Space uses (see Map 8. Proposed Future Land Use (LU Map 3) and Strategy LU 1.1 in the Adopted Sector Plan and Map 29. Zoning Change (ZC) 50: RSF-65 to ROS below).

The current zoning classification of this property is Residential, Single-Family-65 (RSF-65), which is intended to provide for and encourage variation in the size, shape, and width of single-family detached residential subdivision lots (see Zoning Ordinance Section 27-4202(e)(1)). The subject lots are currently used as a neighborhood-serving green and open space area with benches, landscaping, and trash cans. This classification is inconsistent with the existing use of the site and the desire of the Town of preserving these properties as open space long term.

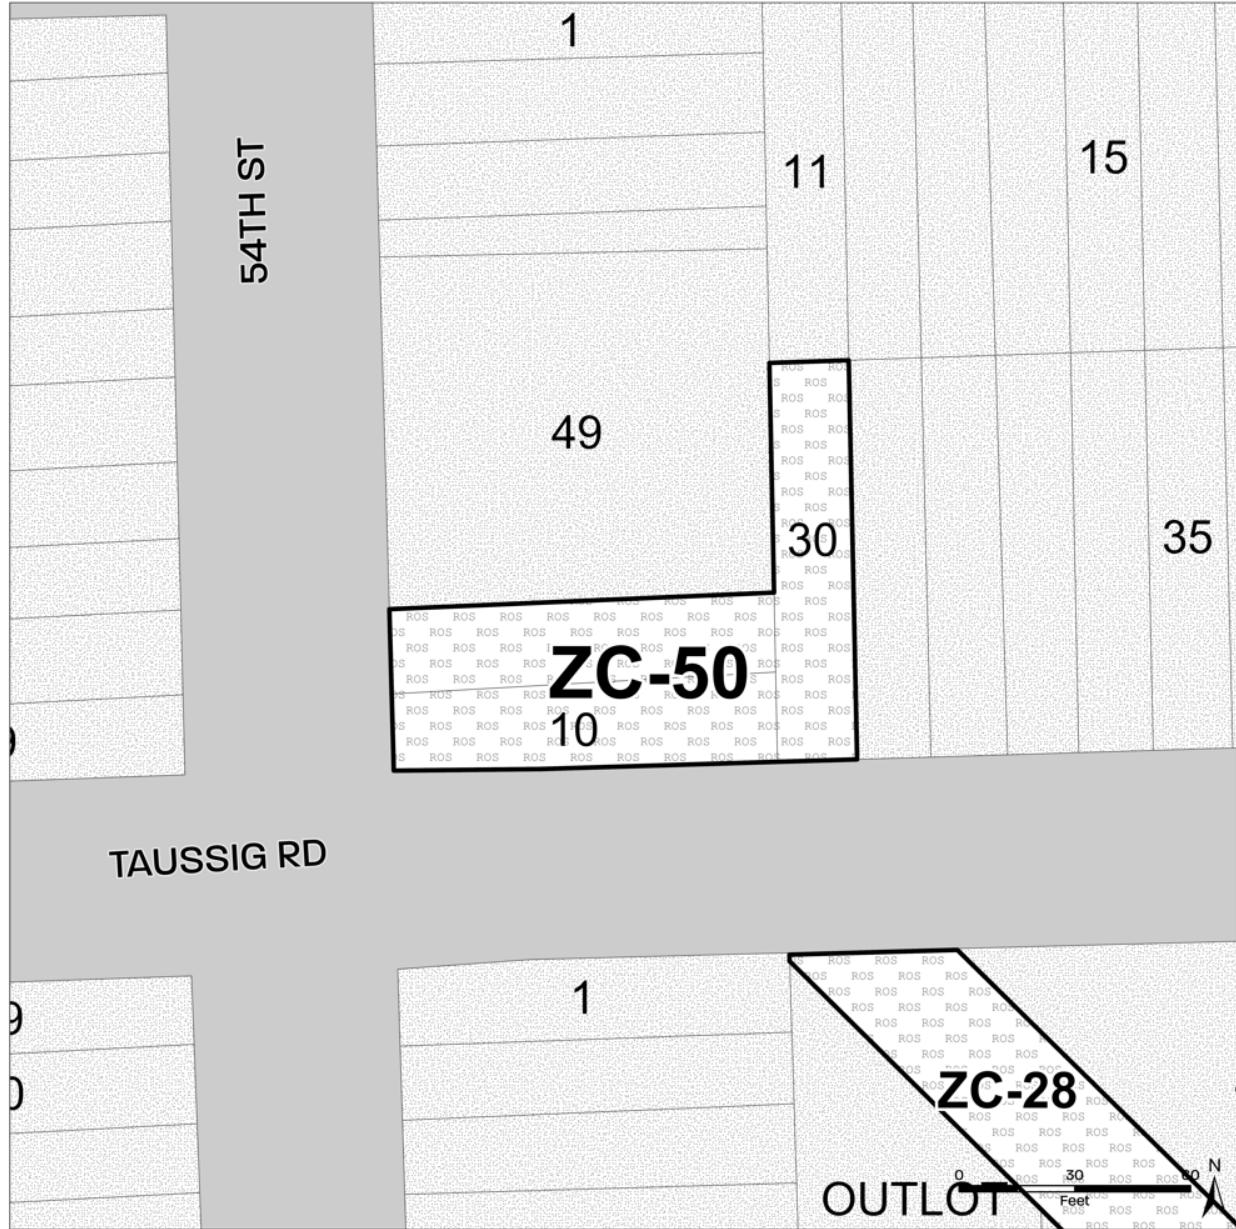

The Reserved Open Space (ROS) Zone is intended for protecting scenic and environmentally sensitive areas, ensuring the retention of certain areas for non-intensive, active, or passive recreation uses, and providing for a limited range of public, recreational, and agricultural uses (see Zoning Ordinance Section 27-4201(c)(1)). This reclassification implements the land use and zoning recommendations in the Adopted Sector Plan's Strategy LU 2.1. This publicly owned land is an integral part of the stream corridor for the blueway/greenway network. Preserving these properties ensures long-term protection of the stream corridor as recommended in Strategy PF 3.5 of the Adopted Sector Plan.

This reclassification also implements or supports Policies LU 2, NE 1, NE 2, HC 3, HC 4, and PF 5 of the Adopted Sector Plan by supporting connectivity, enhancing access to green spaces for community members while promoting sustainable development.

Zoning Change 51: RSF-A to RMF-20

Change Number	Zoning Change	Area of Change (Acres)	Approved CMA/SMA/ TDOZMA/ ZMA/SE Number	Approved CMA/SMA/ TDOZMA/ ZMA/SE Date	200' Scale Index Map
51	RSF-A to RMF-20	4.62	CMA	April 1, 2022	205NE04
			SMA	October 6, 2009	

These properties are on Bunker Hill Road in the Town of Cottage City. The Future Land Use Map in the Adopted Sector Plan recommends residential medium-high uses (See Map 8. Proposed Future Land Use (LU Map 3) and Strategy LU 1.1 in the Adopted Sector Plan and Map 30. Zoning Change (ZC) 51: RSF-A to RMF-20 below).

These parcels are currently classified in the Residential, Single-Family-Attached (RSF-A) Zone and consist of an existing condominium development (Hamlet Park Condominium). Condominiums with four or more dwelling units are classified as a multifamily use (see Zoning Ordinance Sec. 27-2500), which is not permitted within the RSF-A zone (see Zoning Ordinance Sec. 27-5101(c)).

The Residential, Multifamily-20 (RMF-20) Zone is intended for high-density multifamily residential development at locations recommended by an Area Master Plan or Sector Plan in proximity to centers, which aligns with the current use, location, and density of the property. This reclassification supports the preservation of the existing housing development, naturally occurring affordable housing, and housing variety as recommended in Policy LU 6, Strategy LU 6.3, Policy HN 3, Strategy HN 3.3, and Strategy HN 3.5.

Portions of this property are in the Chesapeake Bay Critical Area, Intense Development Overlay Zone and this SMA makes no amendments to the overlay zone; it carries forward the overlay and only changes the underlying base zone. Zoning Change 52 does not remove any properties from the Chesapeake Bay Critical Area, Intense Development Overlay Zone.

Zoning Change 52: CS to RMF-48

Change Number	Zoning Change	Area of Change (Acres)	Approved CMA/SMA/ TDOZMA/ ZMA/SE Number	Approved CMA/SMA/ TDOZMA/ ZMA/SE Date	200' Scale Index Map
52	CS to RMF-48	0.73	CMA	April 1, 2022	205NE04
			SMA	October 6, 2009	

The subject property is located at 5309 Annapolis Road, an unincorporated area of the County. The Future Land Use Map in the Adopted Sector Plan recommends residential high uses (see Map 8. Proposed Future Land Use (LU Map 3) and Strategy LU 1.1 in the Adopted Sector Plan and Map 31. Zoning Change (ZC) 52: CS to RMF-48 below).

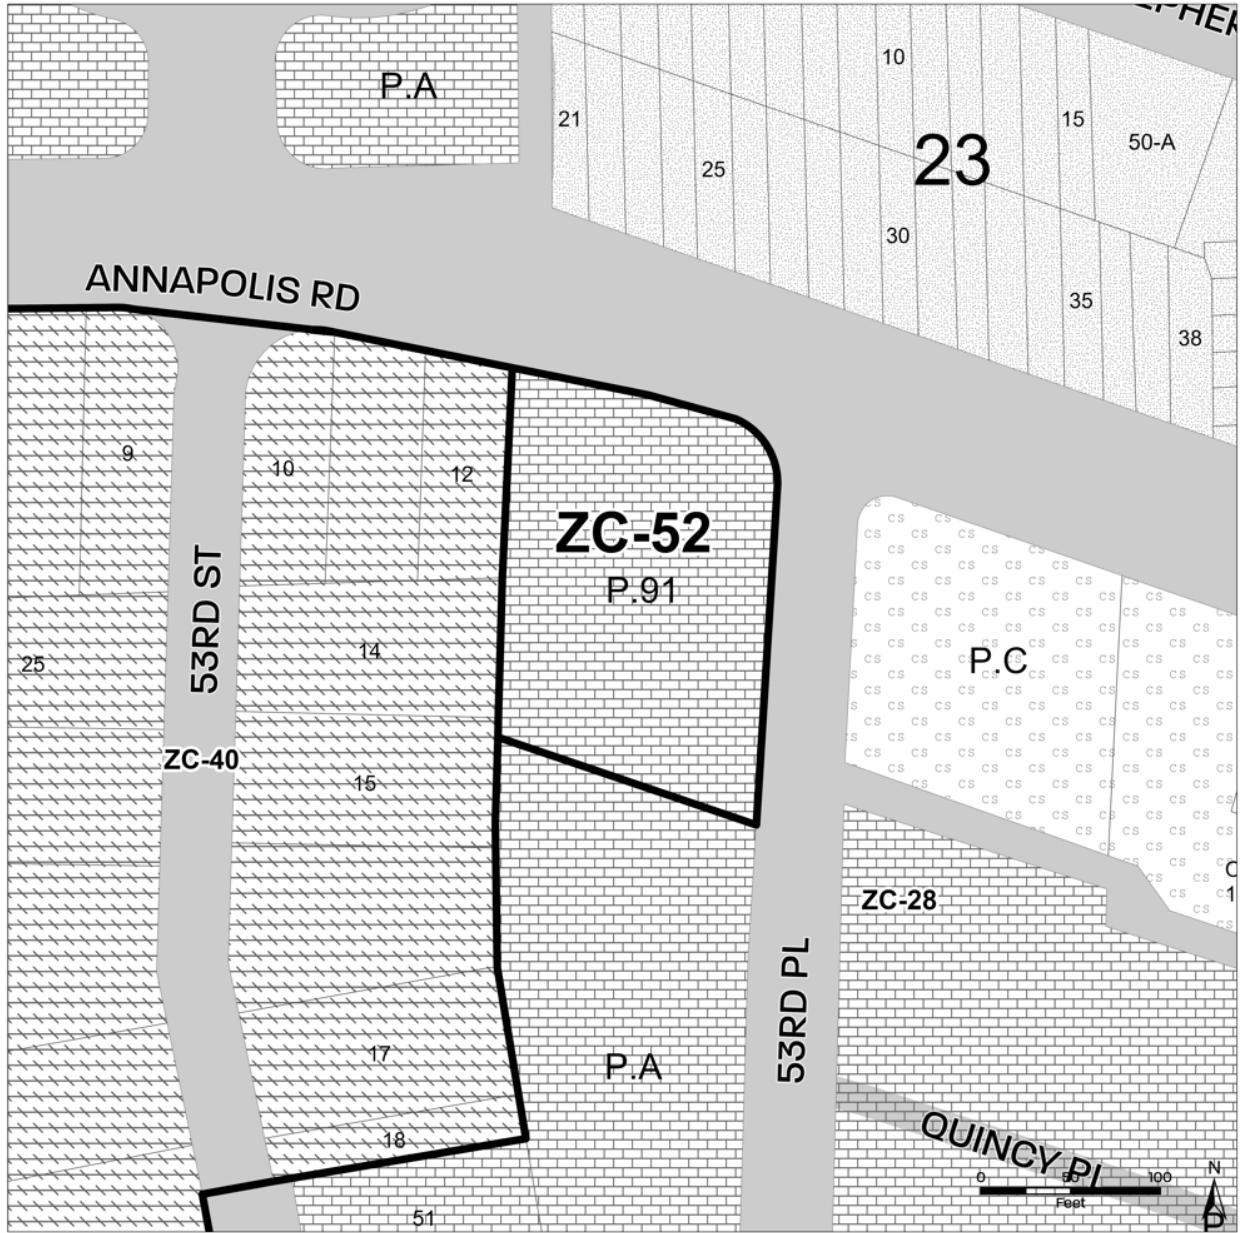

The current classification for this property is the Commercial, Service (CS) Zone. There is an existing vacant building on the property. The purpose of the CS zone is to provide retail sales and services, office, eating or drinking establishment, and medium- to moderately high-density residential development.

The Residential, Multifamily-48 (RMF-48) zone is intended for high-density multifamily residential development at locations recommended by an Area Master Plan or Sector Plan in proximity to centers. This zoning reclassification aims to maximize the potential of underutilized land by encouraging residential infill development in targeted areas near transit corridors, centers, and opportunity sites as recommended in Policy LU 5, Strategy LU 5.3, Policy HN 2, and Strategy HN 2.6 of the Adopted Sector Plan.

Zoning Change 53: CGO and RSF-65 to CN

Change Number	Zoning Change	Area of Change (Acres)	Approved CMA/SMA/ TDOZMA/ ZMA/SE Number	Approved CMA/SMA/ TDOZMA/ ZMA/SE Date	200' Scale Index Map
53	CGO and RSF-65 to CN	0.20	CMA	April 1, 2022	206NE04
			SMA	October 6, 2009	

This property is located at 5001 Edmonston Road. The Future Land Use Map in the Adopted Sector Plan recommends commercial uses (See Map 8. Proposed Future Land Use (LU Map 3) and Strategy LU 1.1 in the Adopted Sector Plan and Map 32. Zoning Change (ZC) 53: CGO and RSF-65 to CN below).

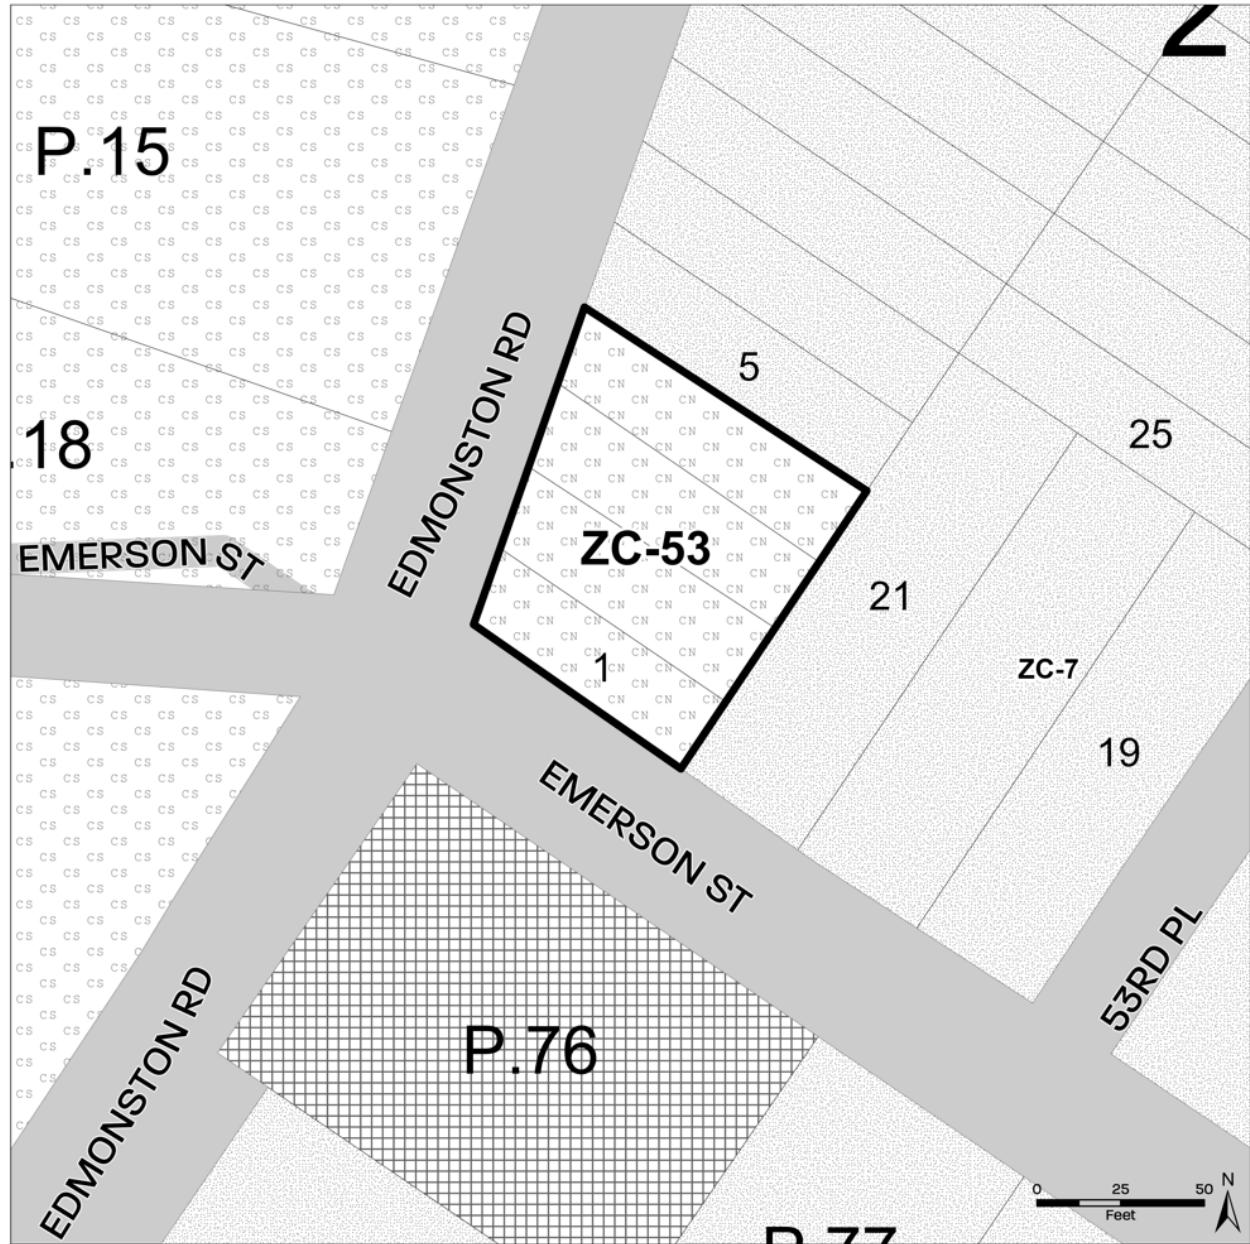

This property is currently vacant and split-zoned across the lots that make up the property. Lots 1 and 2 of this property are zoned Commercial, General and Office (CGO), while lots 3 and 4 are zoned Residential, Single-Family-65 (RSF-65). Although CGO permits higher-intensity commercial uses, the proposed Commercial, Neighborhood (CN) zoning supports more limited, neighborhood-serving uses at a smaller scale. This reclassification eliminates a split-zoning, supports implementation of the recommended future land use, and advances Policy LU 1, Policy LU 5, and Strategy LU 5.1 of the Adopted Sector Plan by promoting context-sensitive development.

The surrounding zoning includes CGO to the south, Commercial, Service (CS) to the west, and RSF-65 to the north and east. The proposed CN zoning facilitates commercial redevelopment at a transitional density that is more compatible with the adjacent RSF-65 properties, land uses, and built environment. Single-family detached housing as a use is not permitted in the property's current CGO Zone.

Zoning Change 54: ROS to IE

Change Number	Zoning Change	Area of Change (Acres)	Approved CMA/SMA/ TDOZMA/ ZMA/SE Number	Approved CMA/SMA/ TDOZMA/ ZMA/SE Date	200' Scale Index Map
54	ROS to IE	0.57	CMA	April 1, 2022	205NE04
			SMA	October 6, 2009	

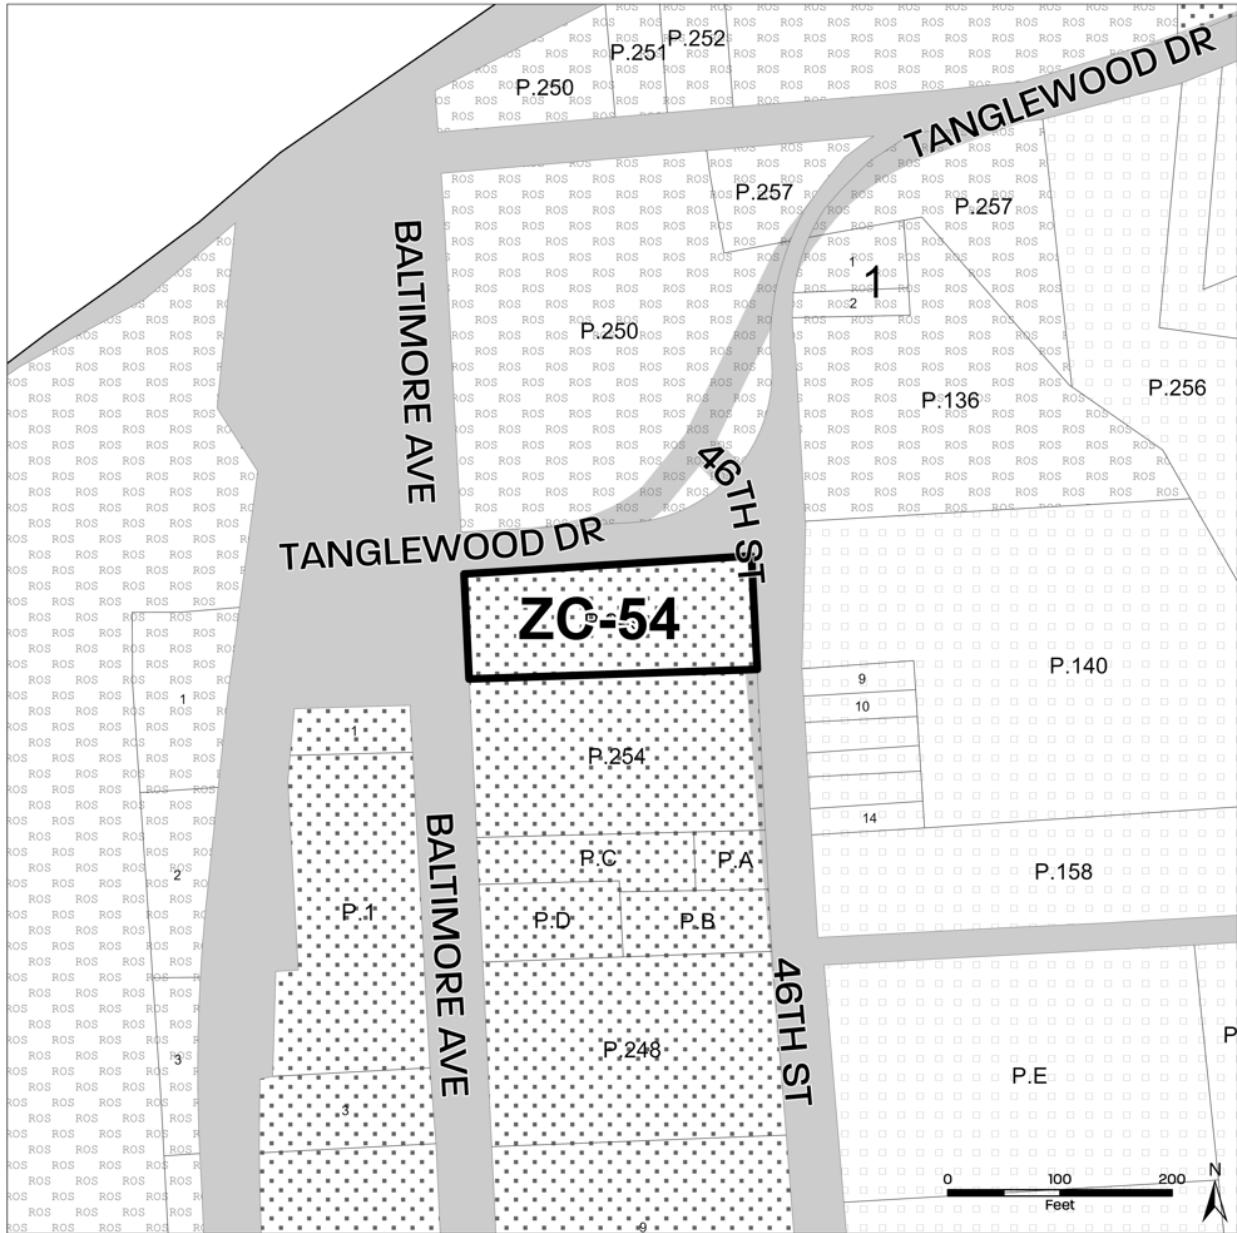

This property is located at 4515 Baltimore Avenue in the Town of Bladensburg. The Future Land Use Map in the Adopted Sector Plan recommends mixed-use uses (see Map 8. Proposed Future Land Use (LU Map 3) and Strategy LU 1.1 in the Adopted Sector Plan and Map 33. Zoning Change (ZC) 54: ROS to IE below).

The subject property (Parcel 249) and the neighboring property (Parcel 254) are under the same private ownership. Parcel 254 is currently zoned Industrial, Employment (IE), which permits light industrial uses. Parcel 249, the subject property, is currently zoned Reserved and Open Space (ROS), which is intended for protecting scenic and environmentally sensitive areas, ensuring the retention of certain areas for non-intensive, active, or passive recreation uses. The existing use of the subject property is industrial and according to aerial imagery dating back to the 1970s, the same use has existed since that time. The property was zoned commercial prior to 1994. The proposed reclassification from ROS to IE would align with the existing use and the surrounding industrial context. The proposed reclassification will eliminate a nonconforming use and also eliminate the split zoning on the property, which is currently under the same ownership. This reclassification will implement Policy LU 5, Strategy LU 5.5, Policy EP 5, and Strategy EP 5.3 in supporting sustainable development within industrial areas while preserving the areas' industrial character.

BE IT FURTHER RESOLVED that the Prince George's County Planning Department is hereby authorized to make appropriate textual and graphical revisions to the sector plan to correct identified errors, reflect updated information and revisions, and otherwise incorporate the changes reflected in this Resolution; and

BE IT FURTHER RESOLVED that the Prince George's County Planning Board of The Maryland-National Capital Park and Planning Commission finds that this Sectional Map Amendment, as heretofore described, is in conformance with the principles of orderly comprehensive land use planning and staged development being consistent with the *Adopted Port Towns Sector Plan*, and with consideration having been given to the applicable County Laws, Plans, and Policies.

This is to certify that the foregoing is a true and correct copy of the action taken by the Prince George's County Planning Board of The Maryland-National Capital Park and Planning Commission on the motion of Commissioner [insert name], seconded by Commissioner [insert name], with Commissioners [*list names of voting commissioners*] voting in favor of the motion at its regular meeting held on [insert date and underline], in Largo, Maryland.

Adopted by the Prince George's County Planning Board this [insert date] day of [insert month and year].

Darryl Barnes
